

“In the West we have a tendency to be profit-oriented, where everything is measured according to the results and we get caught up in being more and more active to generate results. In the East - especially in India - I find that people are more content to just be, to just sit around under a banyan tree for half a day chatting to each other. We Westerners would probably call that wasting time. But there is value to it. Being with someone, listening without a clock and without anticipation of results, teaches us about love. The success of love is in the loving - it is not in the result of loving.”

Cataldo,2010-02-19 The focus of this study is to discover the identity of the emphatic I of Rom 7 with the added purpose of attempting to draw a spiritual portrait of a mature Christian believer To accomplish this purpose the process is as follows An examination of Rom 7 within its context is conducted This examination is followed by an attempt at determining the experience of the emphatic I found within Rom 7 The next step in the process is to compare the experience of the emphatic I of Rom 7 as found within its context of Rom 1 8 with what Paul wrote elsewhere on the experience of new life in Christ for Christian believers The purpose of this comparison is to discover if Paul had a consistent portrait of spirituality and Christian maturity The final step is to compare the experience described by Paul both in Rom 7 and in the wider Pauline Corpus with the experience which John Wesley called perfection and with the Mystical experience called the spiritual marriage The study of Romans Wesley and the Mystics coupled with the wider study of the secondary literature showed that there is a remarkable consistency in the teaching and understanding that the closer a Christian believer gets to God the more this Christian believer is aware of his or her own sinfulness Paul in describing the experience of the emphatic I is describing a person who is becoming more and more aware of his or her own sinfulness The conclusion to be drawn from this study is that the identity of the emphatic I is of a regenerate Christian believer one who is growing ever closer and closer to God and at the same time is in pain over the remaining effects of sin *Building World Order* Mark R. Amstutz,2025-04-01 International relations theorist Amstutz describes how values and perspectives from Christianity can help advance a more humane global order After highlighting key features of the nation state and of global society he illustrates the role of Christian values in international relations with case studies exploring three contemporary global problems migration development and climate change Amstutz contends that a Christian worldview focused on the dignity and rights of the individual as well as an emphasis on the common good can contribute to peace prosperity and justice in the international community The topic of global order is now more important than ever given that the rules based global order established at the end of World War II is under great stress as witnessed in current wars in Gaza and Ukraine and the emergence of far right regimes in Hungary Turkey and perhaps even France Despite significant improvement in living conditions worldwide the international community continues to face many global problems including failing states domestic and interstate violence persistent poverty growth in refugees mass migration climate change and global economic instability Most importantly the contemporary liberal order is facing major opposition from authoritarian states The contemporary challenge to the liberal order gives rise to urgent questions Will the liberal global order be replaced by a more chaotic power based order Is there a better way to organize the world than the existing UN based nation state system How can the liberal international system be renewed Can fragile states be strengthened What contribution can a Christian perspective bring to the task of renewing global order Amstutz argues

that the advance of international justice and global order needs to be based on the nation state the basic building block of our contemporary international community Most initiatives to improve the international community are rooted in political idealism or utopian thought and presume a shift from state sovereignty towards world governance This study by contrast assumes that any improvement in world order will necessarily depend on the ongoing role of the sovereign state In advancing global peace and prosperity three tasks are vital first strengthen weak fragile states second increase the number of constitutional democratic states and third strengthen international cooperation in addressing shared global problems Christian values and perspectives Amstutz claims can contribute to a better world by helping to structure the moral analysis of issues and by inspiring action that advances the common good

The Last Years of Saint Thérèse Thomas R.

Nevin,2013-06-14 For over a century the Carmelite Sister Thérèse of the Child Jesus and the Holy Face 1873 1897 has been revered as Catholicism's foremost folk saint of modern times Universally known as the Little Flower she has been a source of consolation and uplift an example of everyday sainthood by the Little Way This book puts aside that piety and addresses the torment of doubt within the life and writing of a saint best known for the strength of her conviction Nevin examines the dynamics of Christian doubt and argues that it is integral to the journey toward selfless love which Thérèse was compelled to take What Nevin asks did doubt mean to her What was its source and nature What was its object He gives close attention to her reading and interpretations of the Old and New Testaments as pathways through her inner wilderness Her Carmel of spiritual sisters becomes a vivid setting for this drama with other women challenging Thérèse by their own trials of faith One of Thérèse's indispensable lessons Nevin concludes is the acceptance of one's helplessness in the midst of spiritual darkness Bringing a new direction to the study of Thérèse and of the challenges of sainthood itself this book reveals how Thérèse's response to divine abandonment is a unique and painfully won imitation of Christ

The Science and Theology of Godly Love Matthew T. Lee,Amos Yong,2012-06-15 Arguing that there are ways to move beyond the limitations of methodological atheism without compromising scientific objectivity the essays gathered in The Science and Theology of Godly Love explore the potential for collaboration between social science and theology They do so within the context of the interdisciplinary study of Godly Love which examines the perceived experience of loving God being loved by God and thereby being motivated to engage in selfless service to others This volume serves as an introduction to and a call for further research in this new field of study offering ten methodological perspectives on the study of Godly Love written by leading social scientists and theologians Drawing on the work of Douglas Porpora and others the contributors contend that agnosticism is the appropriate methodological stance when religious experience is under the microscope Godly Love does not force a theistic explanation on data instead these essays show that it sensitizes researchers so that they can take seriously the faith and beliefs of those they study without the assumption that these theologies represent an incontestable truth

Love According to Teresa

Florence Boutwell,2000-02-01 In the late 1800s Teresa learns about love when she and her brother Thad become involved

with another family in the Spokane River Valley and with the efforts to build a real school Becoming Religious ,1999

Becoming Religious Understanding Devotion to the Unseen presents the lives of fourteen contemporary south Georgians who in the manner of religious believers around the world devote themselves to supernatural powers and goals The book is a contemporary treatment of the classical question raised by F Max Muller in 1882 Why we believe why we are conscious of things which we can neither perceive with our senses nor conceive with our reason People everywhere are religious Muller noted and wherever there is religion the question whence it came cannot be long suppressed **Mother Teresa's General Letters to Her Sisters** Kolodiejchuk MC Brian,2024-06-21 Mother Teresa s General Letters to Her Sisters is a collection of Mother Teresa s circular letters to the members of her religious congregation the Missionaries of Charity Sisters Not intended for those outside her community they were written informally and spontaneously often with little editing It was for Mother Teresa a way of being present to the members of her rapidly expanding religious order Seemingly of little interest except for those to whom they were addressed the letters reveal the spiritual depth and pragmatic leadership of one of the most popular modern saints as well as the inner dynamics underlying one of the most flourishing religious congregations of the last century At the same time and perhaps surprisingly these letters may also prove to be worthwhile reading for a wider audience Something of God s wisdom and love seems to shine through Mother Teresa s guidance and counsels giving the reader light and help even though he or she is not living the same religious life as one of the Sisters Mother Teresa s unpolished statements are at times humble and at times humbling They inspire confidence and encourage generosity Many a time they are humorous but more often challenging They are sprinkled with serene joy but also permeated with deep pain She delighted in her Sisters accomplishments yet did not shy away from correcting even the smallest flaw which didn t escape her very observant eye Sometimes she sounded just like a mother full of tender loving care and at other times more like a commander in chief exhibiting an iron will and uncompromising determination In either case her followers seemed to have been drawn into the mystery of her charism endeavoring to keep pace with her Was it the attraction of what could be termed as her leadership style in the unrelenting service of the poorest of the poor or the perceived love of a mother s heart that made her so unanimously loved and admired by the members of her congregation Or was it both The letters will reveal the answer Inspiring in their simplicity the letters may well serve as a treasure trove where anyone from a reflective scholar to a caring mother of a family may find satisfaction for their spiritual palate The attractiveness of perennial truth often makes Mother Teresa s presentation of traditional spiritual themes likewise relevant for contemporary needs In the context of Mother Teresa s statement that we are created for greater things to love and to be loved these letters will help the reader discover and experience God s presence through the little miracles of His love in one s daily life They will inspire us to put our love into living action sharing His love with all those we meet and so make our lives something beautiful for God

A New Companion to Hispanic Mysticism, 2010-06-15 Winner of the 2011 SCSC Bainton Prize for Reference Works

The canon of Hispanic mysticism is expanding No longer is our picture of this special brand of early modern devotional practice limited to a handful of venerable saints Instead we recognize a wide range of marginal figures as practitioners of mysticism broadly defined Neither do we limit the study of mysticism necessarily to the Christian religion nor even to the realm of literature Representations of mysticism are also found in the visual plastic and musical arts The terminology and theoretical framework of mysticism permeate early modern Hispanic cultures Paradoxically by taking a more inclusive approach to studying mysticism in its marginal manifestations we draw mysticism in all its complex iterations back toward its rightful place at the center of early modern spiritual experience Contributors Colin Thompson Alastair Hamilton Christina Lee Clara E Herrera Darcy Donahue Elena del R o Parra Evelyn Toft Fernando Dur n L pez Francisco Morales Freddy Dom nguez Glyn Redworth Jane Ackerman Jessica Boon Jos Adriano de Freitas Carvalho Luce L pez Baralt Mar a Carri n Maryrica Lottman and Tess Knighton
