Love and Death in the American Novel Leslie Aaron Fiedler, 1964 **Love and Death in the American Novel** Leslie A. Fiedler, 2025-06-18 Leslie A Fiedler's *Love and Death in the American Novel* is an acclaimed classic and a foundational work of literary criticism offering a bold and provocative exploration of the themes that define American fiction. Originally published in 1960, this groundbreaking study examines how love, sexuality, death, and moral conflict shape the American literary tradition, setting it apart from its European counterparts. Fiedler argues that American literature is deeply rooted in myth, fantasy, and the tension between innocence and experience. He traces recurring motifs such as the absence of mature heterosexual relationships, the glorification of male bonding, and the fascination with the wilderness through the works of writers like Nathaniel Hawthorne, Herman Melville, Mark Twain, and F. Scott Fitzgerald. His analysis uncovers the underlying psychological and cultural forces that have influenced the American literary imagination from its early Gothic and Romantic origins to its modern existential dilemmas. Written with intellectual rigor and sharp wit, *Love and Death in the American Novel* remains a standard in literary criticism, continually shaping discussions on American literature and cultural identity. Fiedler's insights challenge readers to reconsider the narratives that have long been celebrated as the heart of the American experience. Essential for students, scholars, and anyone interested in the deep-seated themes that define America's greatest literary works, this book is as thought-provoking today as when it first revolutionized the field of literary studies.

Love and Death in the American Novel Anthony Wayne Colver, 1967 **Love and Death in the American Novel** Thomas J. Grimes, 1991 Love and Death in the American Novel, 2000 Love and Death in the American Novel Leslie A. Fiedler (Anglist, Literaturwissenschaftler), 1969 **Love and Death in the American Novel [by] Leslie A. Fiedler** Leslie A. Fiedler, **Reading from Behind** Jonathan A. Allan, 2016-03-15 A serious work of theory. The Guardian Jonathan Allan has come up with a whole theory of the arsehole. Dazed and Confused. In a resolute deviation from the governing totality of the phallus, *Reading from Behind* offers a radical reorientation of the anus and its role in the collective imaginary. It exposes what is deeply hidden in our cultural production and challenges the authority of paranoid critical thought. A beautiful work that invites us beyond the rejection of phallogentrism to a new way of being and thinking about sex, culture, and identity.

A Companion to American Fiction, 1780 - 1865 Shirley Samuels, 2008-04-15 This Companion presents the current state of criticism in the field of American fiction from the earliest declarations of nationhood to secession and civil war. Relates the fiction of the period to conflicts about territory and sovereignty and to issues of gender, race, ethnicity, and identity. Covers different forms of fiction, including children's literature, sketches, polemical pieces, historical romances, Gothic novels, and novels of exploration. Considers both

canonical and lesser known authors including James Fennimore Cooper Hannah Foster Nathaniel Hawthorne Herman Melville and Harriet Beecher Stowe Treats neglected topics such as the Western novel science and the novel and American fiction in languages other than English

Calvinist Humor in American Literature Michael Dunne, 2007-12-01 Though the phrase Calvinist humor may seem to be an oxymoron Michael Dunne in highly original and unfailingly interesting readings of major American fiction writers uncovers and traces two recurrent strands of Calvinist humor descending from Puritan times far into the twentieth century Calvinist doctrine views mankind as fallen apt to engage in any number of imperfect behaviors Calvinist humor Dunne explains consists in the perception of this imperfection When we perceive that only others are imperfect we participate in the form of Calvinist humor preferred by William Bradford and Nathanael West When we perceive that others are imperfect as we all are we participate in the form preferred by Mark Twain and William Faulkner for example Either by noting their characters inferiority or by observing ways in which we are all far from perfect Dunne observes American writers have found much to laugh about and many occasions for Calvinist humor The two strains of Calvinist humor are alike in making the faults of others more important than their virtues They differ in terms of what we might think of as the writer perceiver's disposition his or her willingness to recognize the same faults in him or herself In addition to Bradford West Twain and Faulkner Dunne discovers Calvinist humor in the works of Flannery O'Connor Herman Melville Nathaniel Hawthorne Ernest Hemingway and many others For these authors the world and thus their fiction is populated with flawed creatures Even after belief in orthodox Calvinism diminished in the twentieth century Dunne discovers American writers continued to mine these veins irrespective of the authors religious affiliations or lack of them Dunne notes that even when these writers fail to accept the Calvinist view wholeheartedly they still have a tendency to see some version of Calvinism as more attractive than an optimistic idealistic view of life With an eye for the telling detail and a wry humor of his own Dunne clearly demonstrates that the fundamental Calvinist assumption that human beings are fallen from some putatively better state has had a surprising lingering presence in American literature

Love and Depth in the American Novel Ashley C. Barnes, 2020-04-23 Love and Depth in the American Novel seeks to change how we think about the American love story and how we imagine the love of literature By examining classics of nineteenth century American literature Ashley Barnes offers a new approach to literary theory that encompasses both New Historicism and the ethical turn in literary studies Couples like Huck and Jim and Ishmael and Queequeg have grounded the classic account of the American novel as exceptionally gothic and antisocial Barnes argues instead for a model of shared intimacy that connects the evangelical sentimental best seller to the high art of psychological realism In her reading of works by Harriet Beecher Stowe Nathaniel Hawthorne Herman Melville Elizabeth Stoddard Henry James and others in the context of nineteenth century Protestant Catholic debates about how to know and love God what emerges is an alternate tradition of the American love story that pictures intimacy as communion rather than revelation Barnes uses that unacknowledged love story to propose a model of literary critical intimacy that depends on reading fiction in its historical context
