

A silhouette of a person stands with their arms outstretched, facing a sunset. The sun is a bright, glowing orb in the sky, casting a warm, golden light over the scene. In the background, a range of mountains is visible, their peaks softened by a light haze. The foreground consists of a field of tall, dry grass, also bathed in the warm light of the setting sun. The overall mood is one of peace, freedom, and connection with nature.

Arcadi,Jordan Wessling,2019-10-31 This volume offers an array of newly commissioned essays addressing the topic of love in the Christian tradition Drawn from a range of expert theologians and philosophers in contemporary analytic and non analytic theology these essays join current debates within the theology of love and aim to propose new avenues for future research Including the last essay written by Marilyn McCord Adams Love Divine and Human deals with a rich variety of issues related to divine and human love The broad scope of the book includes divine transcendence and its methodological bearing on the doctrine of divine love the nature and scope of divine love the interrelation between God's love and wrath the plausibility of an impassable God of love and the application of various conceptions of divine love to the problem of divine hiddenness human ethics and human free will among other topics This unified collection of cutting edge papers will advance discussion for all those focused on the theology of love Ways & Power Of Love Pitirim A. Sorokin,2015-10-22 The Ways and Power of Love was originally published in 1954 when Pitirim Sorokin was in the twilight of his career and leading the Harvard Research Center in Creative Altruism His elaborate scientific analysis of love with regard to its higher and lower forms its causes and effects its human and cosmic significance and its core features constitutes the first study on this topic in world literature to date Sorokin was the one absolutely essential twentieth century pioneer in the study of love at the interface of science and religion Bringing The Ways and Power of Love back into print allows a new generation of readers to appreciate Sorokin's genius and to move forward with his endeavor at a time when civilization itself continues to be threatened by a marked inability to live up to the ideal of love for all humankind It is certainly right to hope with Sorokin that progress in knowledge about love can move humanity forward to a better future Turning the sciences toward the study of love is no easy task but it can and must be done Forming a Global Community Joseph de Rivera,2022-10-18 To address global problems such as pandemics warming economic inequality

mass migration and widespread terrorism Joseph de Rivera argues that we must form a global community A community of eight billion humans is difficult to conceive However it can be imagined and created if we transform our understanding of who humans are and what community entails We can understand who persons are how they are motivated and how a community can be conceived in a way that offers an alternative to individualism and collectivism The mutualism that is proposed provides a moral compass for navigating the challenges that confront us and encourages specific governing structures political economies and rituals that will further the formation of a global community Based on the philosophical analysis of John Macmurray the author s argument relies on an extensive review of the current literature on self personhood emotional motivation social identity forms of community and religious and secular rituals Interdisciplinary in nature it aims to direct philosophy and the social sciences to the challenges of globalism and the creation of a global community

Hamish MacCunn (1868-1916): A Musical Life Jennifer L. Oates, 2016-04-22 Hamish MacCunn s career unfolded amidst the restructuring of British musical culture and the rewriting of the Western European political landscape Having risen to fame in the late 1880s with a string of Scottish works MacCunn further highlighted his Caledonian background by cultivating a Scottish artistic persona that defined him throughout his life His attempts to broaden his appeal ultimately failed This along with his difficult personality and a series of poor professional choices led to the slow demise of what began as a promising career As the first comprehensive study of MacCunn s life the book illustrates how social and cultural situations as well as his personal relationships influenced his career While his fierce loyalty to his friends endeared him to influential people who helped him throughout his career his refusal of his Royal College of Music degree and his failure to complete early commissions assured him a difficult path Drawing upon primary resources Oates traces the development of MacCunn s music chronologically juxtaposing his Scottish and more cosmopolitan compositions within a discussion of his life and other professional activities This picture of MacCunn and his music reveals on the one hand a talented composer who played a role in establishing national identity in British music and on the other a man who unwittingly sabotaged his own career

Making Marriage User Friendly Russ Holloman Ph. D.,2012-05-16 Why are some marriages more successful more satisfying and more enduring than others The answer to this question is perhaps the most widely studied and best known part of our marriage and family therapy literature although arguably it is the least understood and certainly the least followed in terms of avoiding the pitfalls that lead to unsuccessful marriages What this book proposes as an answer to this question is the nearest thing we have to a manifesto for marriage and family living It provides us with a clear description of what married life should be like No words or ideas sum up the intention of this manifesto better or indicate more clearly its challenge to contemporary marriages than the words making marriage user friendly **The Breast-plate of Faith and**
