Love of Sisters Katharine Tynan, 1902 **I Love Bill and Other Stories** Anyi Wang, 2023-09-15

I Love Bill and Other Stories showcases the work of Wang Anyi, one of China's most prolific and highly regarded writers, in two novellas and three short stories. A young artist's life spirals out of control when she drops out of school to pursue a series of unfulfilling relationships with foreign men. A performance troupe struggles to adapt to a changing China at the end of the Cultural Revolution. The head of an isolated village arranges a youth's posthumous marriage to an unknown soldier only to have the soldier's former lover unexpectedly turn up. A fun trip takes an unexpected turn when two young women are kidnapped and sold off as brides. A boy's bout with typhoid provides an intimate look at family life in Shanghai's longtang alleys. In this thoughtful translation by Todd Foley, I Love Bill and Other Stories offers poignant and nuanced portrayals of life during China's economic and cultural transition at the turn of the millennium.

[A drama of the telephone \[and 8 other stories\]](#) 2nd impr Richard Marsh, 1911 [Love Stories of Later Life](#) Amanda Smith Barusch, 2008-03-13

Even with baby boomers retiring and greater media and research attention being lavished on older people, most gerontologists have studiously avoided examining romance among the elderly. Love Stories of Later Life is an appealing and eye-opening remedy to this neglect, as leading gerontologist Amanda Smith Barusch presents original research into what love and romance mean in seniors' lives. The result is a glimpse into a world many people didn't know existed: that of romantic love in later life. Unlike superficial guidebooks that purport to help seniors find a new mate, Love Stories of Later Life integrates theory and the latest research on love and the aging process. Drawing on a wealth of personal narratives collected during a landmark five-year study, the book presents the lived experiences of older adults from all walks of life. It addresses the impact of common age-related changes, both emotional and physical, on romantic relationships and argues that love continues to sculpt our personalities and our lives even in life's later decades. Each chapter includes practical tools for the serious student of love, including exercises designed to increase self-awareness and relationship building, as well as annotated lists of suggested reading that are at once comprehensive and accessible. Barusch's fresh perspective, engaging voice, and in-depth qualitative research make Love Stories of Later Life an important contribution to the study of individual lives and the aging process. This book will guide gerontologists, social workers, and counselors as they in turn help their older clients navigate love's challenges. Visit the author's website: [Amanda Barusch](#).

The Publishers Weekly ,1911 **The Death of Ivan Ilyich and Other Stories** Leo Tolstoy,2004 Tolstoy wrote many masterly short stories and this volume contains four of the longest and best in distinguished translations that have stood the test of time *In life's afternoon, and other stories* by Curtis Yorke Curtis Yorke,Susan Richmond Lee,1903 *Love Stories* Paul Manning,2015-05-15 In the remote highlands of the country of Georgia a small group of mountaineers called the Khevsurs used to express sexuality and romance in ways that appear to be highly paradoxical On the one hand their practices were romantic but could never lead to marriage On the other hand they were sexual but didn t correspond to what North Americans or most Georgians would have called sex These practices were well documented by early ethnographers before they disappeared completely by the midtwentieth century and have become a Georgian obsession In this fascinating book Manning recreates the story of how these private secretive practices became a matter of national interest concern and fantasy Looking at personal expressions of love and the circulation of these narratives at the broader public level of the modern nation *Love Stories* offers an ethnography of language and desire that doubles as an introduction to key linguistic genres and to the interplay of language and culture Book Notes Illustrated ,1924 **Subsequently Will Be Mentioned**
