nourishing bond where growth and love flow endlessly *Desire for Love* Marina Ragachewskaya, 2012-11-15 Desire for
Love The Secret Longings of the Human Heart in D H Lawrence's Works is a collection of essays dedicated to several novels
novellas short stories and non fiction by D H Lawrence one of the great 20th century English writers With the help of the
psychoanalytic textual approach Marina Ragachewskaya analyses subtle expressions of the emotional sphere in Lawrence's
characters and their desire for love which is realised linguistically stylistically and symbolically The discussion of the writer's
textual subtleties suggests emotional education and intellectual delight The book offers an outline of Lawrence's own
psychoanalytic theory and how it is implemented in his fiction Specific issues such as love discourse the unnamed eros a
Jungian quest in search of love Doppelgangers love of power and the power of love sublimation and the language of dance as
well as love in the time of war pertain to the discovery of unconscious desires and a culture of feeling in Lawrence
Comparisons with other authors are surprisingly rare in Lawrence studies To fill this gap the volume also contains an essay
on Lawrence's war stories analysed alongside Virginia Woolf's *Mrs Dalloway* and Pat Barker's *Regeneration* This inquiry into
genuine human feeling will be equally attractive to literature scholars students and general readers *The 'Ndrangheta and
Sacra Corona Unita* Nicoletta Serenata, 2014-05-13 This book covers two lesser known but important members of the Italian
Mafia the Ndrangheta and the Sacra Corona Unita Italian criminal organizations in particular Mafia are one of the most
commonly researched organized crime groups usually focusing on the Sicilian Mafia Cosa Nostra or the Neapolitan Mafia
Camorra However Italy has other two other Mafias one in Apulia Sacra Corona Unita and the other in Calabria Ndrangheta
Although an extensive literature is available on Cosa Nostra and Camorra less is known about the other two organizations
particularly their operations in the United States Territory is one of the most important elements in the Mafia because the
criminal organization operates its signoria territoriale controlling every illegal activity in its sphere of action This territorial

power goes beyond the Italian boundaries reaching the United States of America and other non European countries with the mere aim of developing their drug weapon deals and money laundering businesses Mafia therefore is not a uniquely Italian phenomenon as it might appear but a worldwide phenomenon affecting many societies and economies This unique volume is its interest into a field as yet completely provides new information about the Ndrangheta and Sacra Corona Unita written by an interdisciplinary group of Italian scholars It covers organizational hierarchic and operative aspects that is the role that they have in politics in their own families in business relations in Italy and abroad It also highlights the particular role that Cosa Nostra and Camorra had in their development This work will be of interest to criminology researchers studying organized crime corruption money laundering and trafficking as well as researchers from related fields such as political science economics and international relations

Teaching, Friendship and Humanity Nuraan Davids, Yusef Waghid, 2020-08-27 This book extends liberal understandings in and about democratic citizenship education in relation to university pedagogy more specifically higher teaching and learning The authors argument is in defence of cultivating humanity through higher educational encounters on the basis of virtues that connect with the idea of love Unlike romantic and erotic love the book examines love in relation to educational encounters whereby humans or citizens can engage autonomously deliberatively and responsibly yet lovingly The rationale for focussing on the notion of philia love in educational encounters the authors argue is that doing so allows our current understandings of such encounters to be expanded beyond mere talk of reasonable engagements autonomous action deliberative iterations and simple action toward emotive enactments that could enhance human relations in educational encounters

ENDLESS LOVE, ROMANCE , AND INTIMACY Bukenya Siraje, As a society we are embarrassed by love We treat it as if it were an obscenity We reluctantly admit to it Even saying the word makes us stumble and blush Love is the most important thing in our lives a passion for which we would fight or die and yet we re reluctant to linger over its names Without a supple vocabulary we can t even talk or think about it directly As the title ENDLESS LOVE ROMANCE AND intimacy indicates we want to live in a culture where love can flourish We yearn to end the lovelessness that is so pervasive in our society This book tells us how to return to love ENDLESS LOVE ROMANCE AND intimacy provides radical new ways to think about the art of loving offering a hopeful joyous vision of love s transformative power it lets us know what we must do to love again Gathering love s wisdom it lets us know what we must do to be touched by love s grace THERE ARE NOT many public discussions of love in our culture right now At best popular culture is the one domain in which our longing for love is talked about Movies music magazines and books are the place where we turn to hear our yearnings for love expressed Yet the talk is not the life affirming discourse of the sixties and seventies which urged us to believe All you need is love Nowadays the most popular messages are those that declare the meaningless of love its irrelevance A glaring ex ample of this cultural shift was the tremendous popularity of Tina Turner s song with the title boldly declaring What s Love Got to Do with it I was saddened and appalled when I interviewed a

well known female rapper at least twenty years my junior who when asked about love responded with biting sarcasm Love what s that have never had any love in my life Youth culture today is cynical about love And that cynicism has come from their pervasive feeling that love can not be found Expressing this concern in When All You ve ever Wanted isn t Enough Harold Kushner writes lam afraid that we may be raising a generation of young people who will grow up afraid to love afraid to give them selves completely to another person because they will have seen how much it hurts to take the risk of loving and have it not work out am afraid that they will grow up looking for intimacy without risk for pleasure without significant emotional investment They will be so fearful of the pain of disappointment that they will forgo the possibilities of love and joy Young people are cynical about love Ultimately cynicism is the great mask of the disappointed and betrayed heart When I travel around the nation giving lectures about ending racism and sexism audiences especially young listeners become agitated when I speak about the place of love in any movement for social justice

the Divine Comedy as a historical artifact one engaged the text as a work pertinent to the moment Can we learn anything about our present situation by reading the Divine Comedy Blaise Cirelli brings the Divine Comedy to life by challenging readers to consider how contemporary theorists might question Dante about his work Where would Dante and the theorists agree and where might they disagree And which side might the reader of this text choose This book will both enrich our understanding of Dante s Divine Comedy and challenge us to think afresh about our own beliefs Shame Matters Orit Badouk Epstein,2021-09-29 Winner of the 2022 Grady Award for Best Edited Book Understanding shame as a relational problem Shame Matters explores how people with support can gradually move away from the relentless cycle of shame and find new and more satisfying ways of relating Orit Badouk Epstein brings together experts from across the world to explore different aspects of shame from an attachment perspective The impact of racism and socio economic factors on the development and experience of shame are discussed and illustrated with clinical narratives Drawing upon the experience of infant researchers trauma experts and therapists using somatic interventions Shame Matters explores and develops understanding of the shameful deflations encountered in the consulting room and describes how new and empowered ways of relating can be nurtured The book also details attachment informed research into the experience of shame and outlines how it can be applied to clinical practice Shame Matters will be an invaluable companion for psychotherapists clinical psychologists counsellors social workers nurses and others in the helping professions **The Body, Desire and Storytelling in Novels by J. M. Coetzee** Olfa Belgacem,2018-10-26 Asserting that Coetzee s representation of the body as subject to dismemberment counters the colonial representation of the other s body as exotic and erotically charged this study inspects the ambivalence pertaining to Coetzee s embodied representation of the other and reveals the risks that come with such contrapuntal reiteration Through the study of the narrative identity of the colonial other and her his body s representation the book also unveils the author s own authorial identity exposed through the repetitive narrative patterns and characterization choices Self-Help That Works John C. Díaz,2022-09-13 Queer God de Amor explores the mystery of God and the relationship between divine and human persons It does so by turning to the sixteenth century writings of John of the Cross on mystical union with God and the metaphor of sexual relationship that he uses to describe this union Juan s mystical theology which highlights the notion of God as lover and God s erotic like relationship with human persons provides a fitting source for rethinking the Christian doctrine of God in John s own words as un no s qu an I know not what In critical conversations with contemporary queer theologies it retrieves from John a

preferential option for human sexuality as an experience in daily life that is rich with possibilities for re sourcing and imagining the Christian doctrine of God Consistent with other liberating perspectives it outs God from heteronormative closets and restores human sexuality as a resource for theology This outing of divine queerness that is the ineffability of divine life helps to align reflections on the mystery of God with the faith experiences of queer Catholics By engaging Juan de la Cruz through queer Latinx eyes Miguel D az continues the objective of this series to disrupt the cartography of theology latinamente
