Love In America Gender And Self Development

Jan Stets, Jonathan H. Turner

Love In America Gender And Self Development:

Love in America Francesca M. Cancian, 1990-08-31 In the last twenty five years Americans have gained considerable freedom in their personal lives Relationships are now more flexible and self development has become a primary goal for both men and women Most scholars have criticized this trend to greater freedom arguing that it undermines family bonds and promotes selfishness and extreme independence Francesca Cancian is more optimistic In this book she shows that many American couples succeed in combining self development with commitment and that interdependence not independence is their ideal In interdependent relationships love and self development do not conflict but reinforce each other Love in America compares traditional forms of marriage with these newer forms of close relationships Starting with the nineteenth century Cancian shows how gender roles became polarized with love which was identified with emotional expression no practical help being the responsibility of women while self development was regarded as a masculine concern These traditional images of love and relationships are still held by many Americans today even though as Cancian points out this can lead to marital conflict and individual stress and illness By contrast new images of love emphasizing self development for men and women and flexible androgynous roles began to emerge around 1900 accelerating in the 1960s She concludes that this trend to self development and androgyny will continue but that whether it will lead to more interdependent relationships or to more independence and isolation depends partly on economic and political changes in the wider society The evidence for Cancian's argument comes from sociological historical and psychological sources Her book will interest readers in these disciplines as well as appeal to a wide general audience

Love in America Francesca Cancian, 1987 *Love in America* Francesca Cancian, 1987 Modern Love David Shumway, 2003-08 My ideas of romance came from the movies said Woody Allen and it is to the movies as well as to novels advice columns and self help books that David Shumway turns for his history of modern love Modern Love argues that a crisis in the meaning and experience of marriage emerged when it lost its institutional function of controlling the distribution of property and instead came to be seen as a locus for feelings of desire togetherness and loss Over the course of the twentieth century partly in response to this crisis a new language of love intimacy emerged not so much replacing but rather coexisting with the earlier language of romance Reading a wide range of texts from early twentieth century advice columns and their late twentieth century antecedent the relationship self help book to Hollywood screwball comedies and from the relationship films of Woody Allen and his successors to contemporary realist novels about marriages Shumway argues that the kinds of stories the culture has told itself have changed Part layperson's history of marriage and romance part meditation on intimacy itself Modern Love will be both amusing and interesting to almost anyone who thinks about relationships and who doesn't Handbook of the Sociology of Emotions Jan Stets, Jonathan H. Turner, 2007-02-25 For almost thirty years sociologists have increasingly theorized about and conducted research on human emotions Surprisingly it was not until the 1970s that the sociology of emotions emerged as a coherent field of inquiry What

makes this late date surprising is that it is now obvious that human behavior interaction and organization are driven by emotions. It was an immense oversight for emotions to be de-emphasized in sociological theorizing and research for most of its 175-year history. Since the 1970s, however, the study of emotions has accelerated and is now at the forefront of sociological analysis. This book is designed to bring the reader up to date on the theory and research traditions that have proliferated in the analysis of human emotions. Key figures who have carried the sociology of emotions to its current level of prominence review their own work and the work of others who have made contributions to a particular approach to the study of emotions. The outcome is a comprehensive book that serves as a primer on the cutting edge of sociological work in what is obviously a key dynamic in human affairs. The first section of the book addresses the range of emotions and how they can be classified, the neurological underpinnings of emotions, and the effect of gender on emotions. The second section reviews the prominent sociological theories of emotions, including theories emphasizing power and status, rituals, identity, and self-psychoanalytic dynamics, exchange, expectation, states, and evolution. While there is little integration among these theories, this state of affairs will not last forever. The third section addresses theory and research on specific emotions such as love, jealousy, and envy, empathy, sympathy, anger, grief, and the moral emotions. While this list does not exhaust the range of human feeling, they are central emotions that drive human behavior, interaction, and social organization. The last section explores how the study of emotions has added new insight into other subfields within sociology, such as the study of the workplace, health, and social movements. These chapters illustrate how the sociology of emotions can provide new research and theory for the large numbers of specialties within sociology. Although no book can completely cover a field, even a relatively new one like the sociology of emotions, this *Handbook of the Sociology of Emotions* comes close to being comprehensive. The reader will come away with a greater appreciation for how far the sociology of emotions has developed and prospered over the last thirty years.

American Cool Peter N. Stearns, 1994-04 Cool. The concept has distinctly American qualities and it permeates almost every aspect of contemporary American culture. From Kool cigarettes and the Peanuts cartoon's Joe Cool to West Side Story, Keep Cool Boy, and urban slang, the idea of cool in its many manifestations has seized a central place in our vocabulary. Where did this preoccupation with cool come from? How was Victorian culture seemingly so ensconced, replaced with the current emotional status quo? From whence came American Cool? These are the questions Peter Stearns seeks to answer in this timely and engaging volume. *American Cool* focuses extensively on the transition, decades from the erosion of Victorianism in the 1920s to the solidification of a cool culture in the 1960s. Beyond describing the characteristics of the new directions and how they altered or amended earlier standards, the book seeks to explain why the change occurred. It then assesses some of the outcomes and longer range consequences of this transformation. **Romantic Love in Cultural Contexts** Victor Karandashev, 2016-12-24 This volume presents a conceptual, historical, anthropological, and sociological review of how culture affects our experience and expression of romantic love. What is romantic love and how is it different

from and similar to other kinds of love How is romantic love related to sex and marriage in human history and across contemporary cultures What cultural factors mediate attraction in love These are some of the questions the volume explores through its interdisciplinary yet focused lens Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world's cultures Yet love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel think and behave in romantic relationships This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting edge research that has advanced the field Divided into three parts the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world focusing particularly on the development of romantic love as a cultural ideal of the modern cultures Finally the book concludes by summarizing the major achievements in this field of study and predicts future development A timely and thoughtful addition to the literature Romantic Love in Cultural Contexts delivers thought provoking insights to researchers in relationship scholarship sociology anthropology and cultural studies and all those interested in the universal human concept of love Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology In our increasingly connected world Romantic Love in Cultural Contexts updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years The topic of this project concerns the deepest of our sentiments and pervades life from birth to death This book contributes to better knowledge of this phenomenon across generations

Felix Neto
Professor of Psychology Faculdade de Psicologia e de Ciências da Educação Universidade do Porto Portugal

The Production of Reality Jodi O'Brien, 2021-12-02 This popular text reader for the social psychology courses in sociology departments is distinguished by the author's engaging framing essays that open each part and an eclectic set of edited readings that introduce students to major thinkers and perspectives in this field Through the combination of essays and original works the book demonstrates how we make and remake our social worlds through our everyday interactions with one another The Seventh Edition features 10 new readings from the contemporary social psychology literature a streamlined organization and the option of either e book or print versions

Love's Virtues Mike W. Martin, 1996 This book brings together a sensitive understanding of love and an unusually careful even painstaking analysis of the enormous but often neglected role of morality and the virtues in love Martin's discussions of such virtues as caring courage fidelity and honesty are superb the examples well chosen the argument personal but nevertheless rigorous the prose accessible and enjoyable to read

Communicating Gender Diversity Victoria Pruin DeFrancisco, Victoria Leto DeFrancisco, Catherine Helen Palczewski, 2007-06-21 The purpose behind *Communicating Gender Diversity A Critical Approach* is not to provide any final conclusions about communicating gender Because gender is a constantly evolving concept both in terms of individuals gender identity development and the larger culture s predominant notions of gender such absolute claims are not possible Instead the intent is to better equip readers with tools with which they can examine and make sense of the intersections of communication and gender The text covers the variety of ways in which communication of and about gender and sex enables and constrains people s intersectional identities The authors believe people are social actors and as such create meaning through their symbolic interactions Thus the book s emphasis is not on how gender influences communication but on how communication constitutes gender They also believe that people are capable of being self reflective about communication processes and creative in generating new ways to play with symbols **The Sociology of Gender** Amy S.

Wharton, 2011-03-01 Featuring extensive revisions and updates the Second Edition of *The Sociology of Gender An Introduction to Theory and Research* presents an introductory overview of gender theory and research and continues to offer a unique and compelling approach to one of the most important topics in the field of sociology Features extensive revisions and updates and incorporates recent cross national research on gender Expands and develops frameworks introduced in first edition Treats gender as a multilevel system operating at the individual interactional and institutional levels Stresses conceptual and theoretical issues in the sociology of gender Offers an accessible yet intellectually sophisticated approach to current gender theory and research Includes pedagogical features designed to encourage critical thinking and debate

Autonomy, Gender, Politics Marilyn Friedman, 2003 Focuses on the topic of autonomy in the context of gender politics This work concentrates on the notion of personal autonomy as the self referential capacity to define the terms of one s own life **The Sociology of Emotions** Ann Brooks, 2024-10-17 This book offers a comprehensive overview of the field of the Sociology of Emotions incorporating sociological feminist and cultural perspectives Structured around three dimensions conceptualisation theory and analysis of emotions it provides new insights into the field with a particular focus on contemporary social issues such as loneliness depression confidence consumption class intimacy and sexuality The book examines the language of emotions looking at macro and micro framing of emotions in modernity emotional labour public emotions passionate emotions melancholic emotions masculinity and emotions love intimacy and emotions It delves into both positive and negative emotions such as happiness anger fear and sadness The book will be essential reading for researchers and students seeking a current and interdisciplinary resource covering a wide range of international material in the field of Sociology of Emotions **Inventing the Psychological** Joel Pfister, Nancy Schnog, 1997-01-01 Interdisciplinary scholars investigate how emotions have been shaped by mass media economics domesticity and the arts due to ideological changes in the family race class gender and sexuality over the past two centuries in America **Why We Love** Helen

Fisher,2005-01-02 A groundbreaking exploration of our most complex and mysterious emotion Elation mood swings sleeplessness and obsession these are the tell tale signs of someone in the throes of romantic passion In this revealing new book renowned anthropologist Helen Fisher explains why this experience which cuts across time geography and gender is a force as powerful as the need for food or sleep Why We Love begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love She proves at last what researchers had only suspected when you fall in love primordial areas of the brain light up with increased blood flow creating romantic passion Fisher uses this new research to show exactly what you experience when you fall in love why you choose one person rather than another and how romantic love affects your sex drive and your feelings of attachment to a partner She argues that all animals feel romantic attraction that love at first sight comes out of nature and that human romance evolved for crucial reasons of survival Lastly she offers concrete suggestions on how to control this ancient passion and she optimistically explores the future of romantic love in our chaotic modern world Provocative enlightening and persuasive Why We Love offers radical new answers to the age old question of what love is and thus provides invaluable new insights into keeping love alive

Bromance Stefan Robinson,Eric Anderson,2022-04-29 Unraveling the stereotype that men s friendships are unemotional and shallow this book provides the first detailed account of the bromance that exists among young men Drawing on one year of ethnography and 20 in depth interviews among a university sport team the authors show that these men reject traditional masculine boundaries instead prioritizing an emotional and tactile form of friendship Chapters detail the cultural shift in society s views on bromances showing that bromances exists as an elevated more emotional and intimate form of friendship existing as a further positive consequence of decreasing cultural homophobia By focusing on sport which has traditionally been seen as a homophobic environment with toxic constructions of manhood the authors show that even in the most traditionally masculine of settings young men are rethinking what male friendship looks like what it means to be a man and the positive impact this can have on their mental health This book will be relevant to a number of audiences including scholars and students in masculinity studies queer studies and friendship studies LGBTQ activists and allies with interest in straight men s friendships and sports cultures and men s mental health advocates *Gender* Linda Brannon,2015-07-22 This bestselling text presents research about gender and helps students think critically about the differences between research findings and gender stereotypes It examines the biology and social context in which women and men express gendered behaviors Defining gender as the behaviors and attitudes that relate to but are not entirely congruent with biological sex the book focuses on research and scholarship to provide the material for a critical review and an overall picture of gender from a psychological perspective To highlight how research findings can relate to people s lives the book supplements the review of scholarly research with personal narrative accounts of gender relevant aspects of people s lives To emphasize the cross cultural perspective of gender the book including a section on diversity in most chapters but also weaves diversity issues

throughout the text The personal narrative and diversity highlights help to balance the research based scholarship with the personal experience of gender

Falling Out of Romantic Love Crystal Wilhite Hemesath, 2019-07-04 In this innovative and user friendly guide Crystal Wilhite Hemesath identifies the factors that lead to relationship breakdown and suggests key strategies for the prevention and treatment of falling out of romantic love FORL Grounded in research and two decades of clinical experience *Falling Out of Romantic Love* outlines strategies for preparing and maintaining healthy enduring romantic relationships as well as what to do when FORL becomes a threat Applicable to daily life and relevant to a wide range of scenarios this book contains a plethora of information for individuals just beginning an intimate partner relationship long married couples or for those simply curious about romantic relationships and the problems that may arise Helpful tips are also provided for individuals trying to decide if they should remain in a relationship and for those experiencing heartbreak on the receiving end of FORL Rich in real life examples this book arms professionals with a greater understanding of why people fall out of romantic love It s an indispensable guide for marriage and family therapists as well as other mental health professionals or clergy looking to incorporate additional tools and clinical interventions into their work

Marriage and the Family Julie Xuemei Hu, Shondrah Tarrezz Nash, 2019-04-23 Marriage and the Family Mirror of a Diverse Global Society is a comprehensive text about marriage and the family in sociology family science and diversity studies The book is divided into four parts studying marriage patterns and understanding family diversity developing and maintaining intimate relationships tackling family issues and managing household crises and appreciating contemporary living arrangements in a diverse American society and across the global community Marriage and the Family is unique in its focus on diversity as well as its global perspective Diversity Overview boxes feature vignettes of family diversity in America Global Overview boxes invite students to experience family life in different areas of the world Indeed families become a mirror that helps students see a diversifying American society and a globalizing world

Handbook of the Psychology of Women and Gender Rhoda K. Unger, 2004-04-21 A lively thought provoking exploration of the latest theory and practice in the psychology of women and gender Edited by Rhoda Unger a pioneer in feminist psychology this handbook provides an extraordinarily balanced in depth treatment of major contemporary theories trends and advances in the field of women and gender Bringing together contributions from leading U S and international scholars it presents integrated coverage of a variety of approaches ranging from traditional experiments to postmodern analyses Conceptual models discussed include those that look within the individual between individuals and groups and beyond the person to the social structural frameworks in which people are embedded as well as biological and evolutionary perspectives Multicultural and cross cultural issues are emphasized throughout including key variables such as sexual orientation race ethnicity and social class Researchers and clinicians alike will appreciate the thorough review of the latest thinking about gender and its impact on physical and mental health which includes the emerging trends in feminist therapy and sociocultural issues important in the treatment of women of color In

addressing developmental issues the book offers thought provoking discussions of new research into possible biological influences on gender specific behaviors the role of early conditioning by parents school and the media the role of mother and mothering gender in old age and more Power and gender as well as the latest research findings on American men s ambivalence toward women sexual harassment and violence against women are among the timely topics explored in viewing gender as a systemic phenomenon Handbook of the Psychology of Women and Gender is must reading for mental health researchers and practitioners as well as scholars in a variety of disciplines who want to stay current with the latest psychological psychosocial thinking on women and gender

Love In America Gender And Self Development Introduction

In the digital age, access to information has become easier than ever before. The ability to download Love In America Gender And Self Development has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Love In America Gender And Self Development has opened up a world of possibilities. Downloading Love In America Gender And Self Development provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Love In America Gender And Self Development has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Love In America Gender And Self Development. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Love In America Gender And Self Development. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Love In America Gender And Self Development, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect

themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Love In America Gender And Self Development has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Love In America Gender And Self Development Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Love In America Gender And Self Development is one of the best book in our library for free trial. We provide copy of Love In America Gender And Self Development in digital format, so the resources that you find are reliable.
