Sarnecka,2025-02-25 This edited volume discusses images that bleed speak cry move and behave in ways we usually attribute to living creatures Living images have been the object of devotion as well as targets of destruction and they have been marginalised in both culture and cultural studies for their ambivalence as well as their transgressive nature But what is it that makes images the loci of such powerful properties The present volume is an attempt to recuperate the living image draw it from the margins and re illuminate its importance for cultural history The title of this book reflects the ambition of the contributions to navigate between the Middle Ages of the past and the Middle Ages of the present Our aim is to provide new theoretical reflections and methodologies concerning the study of material agency and living images both historically and today The chapters include close examination of surviving objects and archival research as well as theoretical reflections and span chronologically and geographically across Europe from North to South medieval to modern The book will be of interest to scholars working in art history medieval studies material culture theatre studies and religious history **The Works of William Shakespeare. Edited with ... Revision of the Text by C. and M. Cowden Clarke. The Leicester Square Edition; with Portrait and ... Illustrations from the Boydell Gallery in Permanent Photography** William Shakespeare,1875 The Godly Image Romanus Cessario,2020-06-19 Christian satisfaction stands at the center of the Church s teaching about salvation Satisfaction pertains to studies about Christ redemption the Sacraments and pastoral practice The topic also enters into questions about God and the creature as well as about the divine mercy and providence Somewhat neglected in the period after Vatican II satisfaction now appears to scholars as the forgotten key to entering deeply into the mystery of Christ and his work Seminarians especially will benefit from studying the place satisfaction holds in Catholic life Further ecumenical work requires a proper understanding of the place that satisfaction holds in Christian theology Various factors operative since the sixteenth century have worked to displace satisfaction almost entirely from reformed practice and theology To address such concerns The Godly Image has over the past several decades and more done a great deal to put satisfaction within its proper context of image restoration That is to interpret satisfaction within the context of the divine mercy and not the divine justice This unique contribution to satisfaction studies owes a great deal to the achievement of Saint Thomas Aquinas In this sense the book enacts a retrieval of the theology of the high classical period Like much of Aquinas s refined teaching a proper understanding requires appeal to the commentatorial tradition that follows him Interested students will find in this study the touchstones for further studies of these authors The Godly Image I aims also to distinguish the theology of Aquinas from that of the medieval author with whom the notion of satisfaction remains mostly identified that is Anselm of Canterbury Although not a developed focus of the book s contents the attentive reader will recognize that Aquinas treats Saint Anselm with a reverential reading even as the Common Doctor moves significantly away from interpretations of satisfaction that suggest that an angry God exacts from his innocent Son a painful substitutional penalty for a fallen human race Mentor Texts Lynne R.
