On Haiku Hiroaki Sato, 2018-10-30 Everything you want to know about haiku written by one of the foremost experts in the field and the finest translator of contemporary Japanese poetry into American English Gary Snyder Who doesn't love haiku It is not only America's most popular cultural import from Japan but also our most popular poetic form instantly recognizable more mobile than a sonnet loved for its simplicity and compression as well as its ease of composition Haiku is an ancient literary form seemingly made for the Twittersphere Jack Kerouac and Langston Hughes wrote them Ezra Pound and the Imagists were inspired by them Hallmark's made millions off them first grade students across the country still learn to write them But what really is a haiku Where does the form originate Who were the original Japanese poets who wrote them And how has their work been translated into English over the years The haiku form comes down to us today as a cliché a three line poem of 5 7 5 syllables And yet its story is actually much more colorful and multifaceted And of course to write a good one can be as difficult as writing a Homeric epic or it can materialize in an instant of epic inspiration In *On Haiku* Hiroaki Sato explores the many styles and genres of haiku on both sides of the Pacific from the classical haiku of Basho Issa and Zen monks to modern haiku about swimsuits and atomic bombs to the haiku of famous American writers such as J D Salinger and Allen Ginsburg As if conversing over beers in your favorite pub Sato explains everything you wanted to know about the haiku in this endearing and pleasurable book destined to be a classic in the field

Mind Builders Paul Fleisher, Donald M. Ziegler, 2006-09-30 Like the nationally known Destination Imagination competition Mind Builders offers simple engineering problems to be solved by student teams It begins with a few exercises to introduce the team concept These are followed by ten warm up problems that can be completed within an hour or less with little advanced preparation Finally teachers choose one of 12 engineering challenges to be completed by teams over an extended period and presented to judges on Challenge Day For more than twenty years the Richmond Virginia Public Schools

program for gifted students has conducted an interscholastic competition similar to the nationally known competition Destination Imagination In the featured contest of this yearly event teams of five students present solutions to engineering problems that they have worked on for several weeks or more The problems are multidisciplinary including elements of research writing mathematics and science and a creative dramatic or musical presentation Each challenge requires just a few inexpensive materials and a minimum of equipment In addition to their use with gifted students and others in interscholastic competitions these problems make excellent challenges for classroom use or even for use with extracurricular or recreational organizations such as Scout groups or Boys and Girls Clubs They are written to include basic skills from the core curriculum and require students to work cooperatively to solve problems with multiple solutions This book offers 12 simple engineering problems plus ten warm up problems to be solved by student teams Each challenge includes detailed specifications hints for teachers and coaches scoring rubrics a list of references that will help students get started on the problem and a check list for administering each competition *Ginn Secondary School English Language and Composition Series* ,1968

Santoka Wilson provides fresh new translations of the classic works and includes many other delightful work of poets who are rarely found in English anthologies including the female poets Kaga no Chojo and Hisajo as well as haiku written by the famous Japanese novelist Soseki Natsume The book is illustrated with 30 lovely haiga illustrations by award winning French artist Manda who has received the Order of the Rising Sun from the Japanese government for her work the highest civilian honor given All of the poems are presented in Japanese script with Romanized text and English translation Audio recordings of the Japanese and English versions of the haiku are available online *Fields of View* A.L. Rees,2020-10-29 Drawing on film theory literary modernism psychology and art history *Fields of View* elucidates an expanded network of connections between avant garde film and wider culture In this bold and original work A L Rees identifies three key terms field frame and interval and charts their use by filmmakers and theorists such as Dziga Vertov Sergei Eisenstein Bruce Baillie Maya Deren Malcolm Le Grice and Werner Nekes from the 1920s through to the present day A seminal voice in film culture Rees left the incomplete manuscript for this book on his death and Simon Payne has subsequently carefully prepared the book for publication *Fields of View* is an important work that establishes a unique perspective on experimental film *Complicit Fictions* James A. Fujii,2023-09-01 In *Complicit Fictions* James Fujii challenges traditional approaches to the study of Japanese narratives and Japanese culture in general He employs current Western literary critical theory to reveal the social and political contest inherent in modern Japanese literature and also confronts recent breakthroughs in literary studies coming out of Japan The result is a major work that explicitly questions the eurocentric dimensions of our conception of modernity Modern Japanese literature has long been judged by Western and Japanese critics alike according to its ability to measure up to Western realist standards standards that assume the centrality of an essential self or subject Consequently it has been made to appear deficient derivative or exotically different Fujii challenges this prevailing characterization by reconsidering the very notion of the subject He focuses on such disparate twentieth century writers as Natsume Soseki Tokuda Shusei Shimazaki Toson and Origuchi Shinobu and particularly on their divergent strategies to affirm subjecthood in narrative form The author probes what has been ignored or suppressed in earlier studies the contestation that inevitably marks the creation of subjects in a modern nation state He demonstrates that as writers negotiate the social imperatives of national interests which always attempt to dictate the limits of subjecthood they are ultimately unable to avoid complicity with the aims of the state Fujii confronts several historical issues in ways that will enlighten historians as well as literary critics He engages theory to highlight what prevailing criticism typically ignores the effects of urbanization on Japanese family life the relation of literature to an emerging empire and to popular culture the representations of gender family and sexuality in Meiji society Most important is his exposure of the relationship between state formation and cultural production His skillful weaving of literary theory textual interpretation and cultural history makes this a book that students and scholars of modern Japanese culture will refer to for years to come In *Complicit Fictions* James Fujii challenges traditional approaches

to the study of Japanese narratives and Japanese culture in general He employs current Western literary critical theory to reveal the social and political contest inherent in mod
