McLaird,2012-07

Religions come in predetermined packages They come with an approved name for the creator of existence the name of their superstar their all star team their approved beliefs songs and in some cases dress codes and dietary requirements In A Guide

for Spiritual Living author Rev George L McLaird presents a wide variety of alternatives if you are uncomfortable with or frustrated by your present religious experience or spiritual condition or if you have no idea where to begin searching for your own personal spiritual path A Guide for Spiritual Living offers a plethora of suggestions for living spiritually living as healthily as possible every day and in every way It includes ideas for activities contemplation and self nourishment as well as advice for addicts to feed the spirit mind and body and exercises to help clarify your path Advocating a holistic approach McLaird teaches that spiritual living requires flexibility growing morphing and constantly being revised refreshed and reinvented He helps you structure a spiritual path that is uniquely yours by showing you how to listen to your own internal dialogue and how to use that information for your growth George is a spiritual guru of the highest order People want what he s got and this book provides a roadmap for how to get it a more spiritual fulfilling balanced and happy life I ll be recommending it to anyone and everyone who will listen William Morrison Founder CEO Alta Mira Recovery Center Sausalito CA www.altamirarecovery.com Many people are served by religious belief practice Others are either indifferent or have felt harmed by religion George s workbook transcends either experience by creating a workbook for spiritual seeking that can deepen one s religious practice or blazes a new trail for spiritual awakening Sonnee Weedn PhD President and Founder of the Sonnee Weedn Institute of Integrated Therapies www.drsonneeweedn.com John Dewey and Environmental Philosophy Hugh P. McDonald, 2012-02-01 Hugh P McDonald s John Dewey and Environmental Philosophy breaks new ground by applying Dewey s insights to a new approach to philosophy of the environment the concern for the rights of animals the preservation of rare species habitats and landscapes and the health of the whole ecology The book summarizes much of the current literature on environmental ethics concentrating on the writings of major figures in the movement Tom Regan J Baird Callicott Holmes Rolston and Bryan Norton The heart of the book consists of a detailed analysis of Dewey s ethics his theory of intrinsic value and his holistic approach to moral justification Arguing against the idea that Dewey s philosophy is anthropocentric McDonald makes a strong case that using Dewey s philosophy will result in a superior framework for environmental ethics *Human Behavior Theory and Applications* Elizabeth DePoy, Stephen French Gilson, 2011-09-21 In Human Behavior Theory and Applications authors Elizabeth DePoy and Stephen Gilson use a critical thinking approach to engage students to think in depth about theory and its use in social work practice With a strong focus on diversity this book expands its theory coverage to include progressive and the most cutting edge contemporary thinking The authors skillfully introduce theory critically examine each theory including developmental theories environmental theories diversity theories systems theories and new and emerging theories and then apply each theory to social work practice providing a synthesis of classical and contemporary theory for scholarly analysis and application to professional intellectual and social action *On the Moral Nature of the Universe* Nancey C. Murphy, George Francis Rayner Ellis, Ellis and Murphy show how contemporary sciences actually support a religiously based ethic of nonviolence not by appealing to

the Enlightenment's mechanistic Creator God or revelation's Father God but by discerning the transcendent ground in the laws of nature the emergence of intelligent freedom and the echoes of knoetic self giving in cosmology and biology

Nonsense Robert Gula, 2007 Nonsense is the best compilation and study of verbal logical fallacies available anywhere It is a handbook of the myriad ways we go about being illogical how we deceive others and ourselves how we think and argue in ways that are disorderly disorganized or irrelevant Nonsense is also a short course in nonmathematical logical thinking especially important for students of philosophy and economics A book of remarkable scholarship Nonsense is unexpectedly relaxed informal and accessible
