Religion And The Challenge Of Philosophy:

Religion and the Challenge of Philosophy (A Littlefield, Adams Quality Paperback ; No. 291) Joe E. Barnhart, 1975 This book seeks a conception of God that will satisfy inquiring twentieth century minds Carefully it sorts out the evidence that has been given for the existence of a deity the word of Sacred Scriptures the logical proofs of Anselm and others and the witness of those who claim mystical experience and separates what can be believed from what cannot It then explores what this deity could be like Can we credit the all powerful Calvinist and Islamic God who is above and separate from his creation The author seeks further on to the more subtly conceived Gods of Spinoza Kierkegaard and such philosophers of our own time as A N Whitehead E S Brightman and Charles Hartshorne Many topics of particular interest today paranormal phenomena miraculous healing and exorcism drugs psychosurgery and brain washing and ideas on karma are brought in as the author proceeds to his stimulating conclusions Back cover

Barnhart, 1975 **Ninian Smart on World Religions: Traditions and the challenges of modernity. I. Individual traditions. Buddhism. 'Mysticism and scripture in Theravāda Buddhism'** Ninian Smart, 2009 Ninian Smart came to public prominence as the founding Professor of the first British university Department of Religious Studies in the late 1960s His pioneering views on education in religion proved hugely influential at all levels from primary schools to academic teaching and research An unending string of publications many of them accessible to the general public sustained a reputation that became worldwide Here for the first time a selection of Ninian Smart's wide ranging writings is organised systematically under a set of categories which both comprehend and also illuminate his varied output over a career spanning half a century The editor John Shepherd was Principal Lecturer in Religion and Philosophy at the University of Cumbria He first met Smart as a postgraduate student and recently helped establish the Ninian Smart Archive at the University of Lancaster Philosophies of Appropriated Religions Soraj Hongladarom, Jeremiah Joven Joaquin, Frank J.

Hoffman, 2023-12-21 This book brings together different intercultural philosophical points of view discussing the philosophical impact of what we call the appropriated religions of Southeast Asia Southeast Asia is home to most of the world religions Buddhism is predominantly practiced in Thailand Vietnam Myanmar Singapore Laos and Cambodia Islam in Malaysia Indonesia and Brunei and Christianity in the Philippines and Timor Leste Historical data show however that these world religions are imported cultural products and have been reimagined assimilated and appropriated by the culture that embraced them In this collection we see that these appropriated religions imply a culturally nuanced worldview which in turn impacts how the traditional problems in the philosophy of religion are framed and answered in particular questions about the existence and nature of the divine the problem of evil and the nature of life after death Themes explored include religious belief and digital transition Theravāda Buddhist philosophy religious diversity Buddhism and omniscience indigenous belief systems divine apology and unmerited human suffering dialetheism and the problem of evil Buddhist philosophy and Spinoza

Rethinking Philosophy of Religion with Wittgenstein Thomas D. Carroll, 2025-05-15 Can Wittgenstein's philosophy help us to see religious diversities Thomas D Carroll uses Wittgenstein's thoughts on religion and language to bring a cross cultural perspective to philosophy of religion Through a focus on Chinese philosophical and religious traditions and the intertwining of racism and religion in the United States Carroll highlights two related features of Wittgenstein's philosophy the relevance of contextual backgrounds to interpreting ways of life and the importance of reflecting on existential purposes in philosophical inquiry Committed to the essential task of expanding philosophy of religion Carroll critically studies the term religion and goes beyond the traditional categories of belief to consider diverse religious phenomena such as rituals practices institutions forms of belonging and pragmatic forms of religious engagement We see the value of paying close attention to social contexts and refusing to oversimplify interpretation of philosophical arguments By demonstrating how Wittgenstein's ideas can enrich our understanding of the complex phenomenon of religion and the place it has in our lives this inclusive and timely study asks us to rethink how we approach philosophy of religion

The Challenge of Religion Frederick Ferré, Joseph J. Kockelmans, John Edwin Smith, 1982 To use a book like this either for the professor who may have adopted it for a course or for the person who may simply be reading it out of interest is to call for creative imagination There are many different way in which these readings might be approached Our own editorial discussions about groupings and orderings were themselves quite lively

Ways of Meeting and the Theology of Religions David Cheetham, 2016-02-24 Exploring the different points of view and tones of voice adopted in theology for the meeting of religions this book presents a contemporary philosophical and theological engagement with key issues of how different faiths might meet of comparative philosophy of religion of the use of aesthetics of inter religious ethics and issues relating to the self Providing a critical evaluation of contemporary liberal post liberal and conservative voices and an engagement with movements such as Radical Orthodoxy and Scriptural Reasoning to mention a few this book highlights the use of the creative imagination and explores new ideas for the meeting of religions

Diversifying Philosophy of Religion Nathan R. B. Loewen, Agnieszka Rostalska, 2023-06-01 Much philosophical thinking about religion in the Anglophone world has been hampered by the constraints of Eurocentrism colonialism and orientalism Addressing such limitations head on this exciting collection develops models for exploring global diversity in order to bring philosophical studies of religion into the globalized 21st century Drawing on a wide range of

critical theories and methodologies and incorporating ethnographic feminist computational New Animist and cognitive science approaches an international team of contributors outline the methods and aims of global philosophy of religion From considering the importance of orality in African worldviews to interacting with Native American perspectives on the cosmos and investigating contemplative studies in Hinduism each chapter demonstrates how expertise in different methods can be applied to various geographical regions building constructive options for philosophical reflections on religion Diversifying Philosophy of Religion raises important questions regarding who speaks for and represents religious traditions setting the agenda for a truly inclusive philosophy of religion that facilitates multiple standpoints

The Challenges of Integrating Religion and Spirituality into Psychotherapy Francis A. Martin, 2024-04-23 This book examines personal and professional understandings of religion in psychotherapy and advocates for integrity competency and cultural pluralism in clinical practice A major feature of this book is that it confirms the massive proliferation of religion oriented approaches to counseling and therapy in recent years It attributes this rise to opportunism and exaggerated individualism among therapists and to the frequent failures of professional associations clinical preparation programs and other influences In response to these influences it identifies the need for guiding principles for integrating religion into therapy discusses the religious issues that clients bring to therapy and advocates for major changes in clinical practice with emphasis on integrity and competence Building on a large volume of research and using evidence based conclusions it clarifies how these two major features of contemporary life can be integrated with integrity and competence The author maintains that religion should be a feature of the practice of counseling and therapy so long as it addresses the clinically relevant needs of clients However it also explores how the religion of counselors and therapists often expresses the needs of counselors and therapists instead of addressing the needs of their clients In the context of these questions and discussion of contentious challenges this book provides guidelines for relating religion with clinical practice and recommends needed actions by clinical preparation programs professional associations individual therapists state legislatures licensing boards social service agencies and corporations All of this stands on the conspicuous need for professional accountability in the delivery of mental health care

Hegel's God William Desmond, 2017-07-05 William Desmond's misgivings regarding Hegel's take on God leads the reader through Hegel's writings to reveal a path that leads anywhere but to God The author believes that an idol is no less an idol constructed from thought as constructed from gold

Religion as Orientation and Transformation Jan-Olav Henriksen, 2017-05-12 Religions are not primarily expressed in people's heads and their thoughts but in what they do People use religious symbols in order to orientate or change themselves In this way religion is related to all realms of human life Jan Olav Henriksen shows that only against this backdrop can we understand the role of religions in human life Book jacket

The Problem of Hell Joel Buening, 2016-03-03 How can a perfectly good God justifiably damn anyone to hell This is one version of the problem of hell The problem of hell has become one of the most widely discussed topics in contemporary philosophy of

religion This anthology brings together contributions by contemporary philosophers whose work shapes the current debate

Challenges to Moral and Religious Belief Michael Bergmann, Patrick Kain, 2014-05 Fourteen original essays by philosophers theologians and social scientists explore the challenges to moral and religious belief posed by disagreement and evolution The collection represents both sceptical and non skeptical positions about morality and religion cultivates new insights and moves the discussion forward in illuminating ways

Feminist Philosophy of Religion Pamela Sue Anderson, Beverley Clack, 2004 Feminist Philosophy of Religion Critical Readings brings together key new writings in this growing field

Engaging Philosophies of Religion Gereon Kopf, Purushottama Bilimoria, Nathan R. B. Loewen, 2025-05-01 How can philosophy of religion become more diverse in content and method How can we take a multiplicity of stories into account and teach a truly inclusive philosophy of religion It is now openly acknowledged that if we do not change the underlying framework of the way we do philosophy of religion we will always create subalterns Here is an invitation to rethink Philosophy of Religion Engaging with texts and thinkers from multiple traditions this book offers 18 distinct approaches to doing Philosophy of Religion and presents an opportunity to change Philosophy of Religion at a fundamental level Drawing on religions and philosophies from across history and around the world each chapter outlines a framework for approaching religion from a different standpoint monotheism in Christianity Qi in Daoism embodiment in neuroscience naturalism in the atheism debates and non territorialism in 19th century debates on cartography Contributors identify the many philosophical systems that guide metaphysical and moral truths and adhere to the principle that traditions are not monolithic but diverse They recognise that categories such as indigenous religions are political rather than descriptive in nature Innovative and forward looking this collection constructs a new method and terminology that promotes active interaction It is essential reading for students and teachers looking for a new way of doing Philosophy of Religion

The Challenge of Religion Thomas N. Munson, 1985 With the Reformation philosophers sought to establish a new way of thinking independent of religion Borrowing principles popularized religious reformers the right of conscience the utter transcendence of God the sinfulness of the world they constructed a new metaphysics that highlighted the mystery of God and the complete intelligibility of rational man From this history an understanding of our religious situation is distilled The chapters of this work develop for the reader the intellectual structure of religion and show how its language imagery and ritual function They argue that if religion no longer presents a challenge it is because we think of it in terms of the new metaphysics To recapture the reality we must join our contemporaries who are attacking the premises of classical modern philosophy and so experience ourselves afresh

The Problem of Evil N. N. Trakakis, 2018-06-14 One of those rare questions in philosophy that is not only technically recalcitrant but also engages the hearts and minds of the broad community is the so called problem of evil How can the existence of an absolutely perfect God be reconciled with the existence of suffering and evil This collection of dialogues between eight philosophers of religion explores new ways of

thinking about this longstanding problem in the process reorienting and reinvigorating the philosophical debate around the relationship between God goodness and evil How exactly are these three notions connected if at all Is God the cause or author of evil and suffering How is the goodness of God to be understood and how is divine goodness related to human morality Does God s perfect goodness entail that God must have reasons for permitting or bringing about suffering and if so what could his reasons be These questions are of momentous existential and theoretical interest and they have exercised the finest intellects across the centuries The time is ripe for a wholesale reconsideration of the problem of evil To make progress towards this goal eight distinct perspectives are placed in mutual dialogue giving voice to both traditional and relatively unorthodox approaches What emerges from these critical but friendly exchanges is a diversity of fruitful and innovative ways of thinking about the nature of divinity and its relationship to evil Pragmatic Pluralism and the Problem of God Sami Pihlström,2013-04 The book is a study of pragmatism and pragmatic pluralism in the philosophy of religion Through critical examinations of James s Dewey s and recent neopragmatists ideas it argues that key issues in the field including the debate between evidentialism and fideism and the problem of evil need rearticulation from a pragmatic pluralistic perspective

The Problem of Evil Marilyn McCord Adams,Robert Merrihew Adams,1990 This collection of important writings fills the need for an anthology that adequately represents recent work on the problem of evil This is perhaps one of the most discussed topics in the philosophy of religion and is of perennial interest to philosophers and theologians *The Problem of Religious Experience* Olga Louchakova-Schwartz,2020-01-28 For a long time the philosophically difficult topic of religious experience has been on the sidelines of phenomenological research with a notable exception of Anthony Steinbock who focused on mysticism The book *The Problem of Religious Experience Case Studies in Phenomenology with Reflections and Commentaries* brings together preeminent as well as emerging voices in the field with fresh views on the topic Originating from dialogues of the Society for the Phenomenology of Religious Experience these two volumes cover a spectrum of phenomenological approaches with a thematization of the field in the form of case studies Contributions from theology comparative religion psychology and the philosophy of religion come together in the commentaries and meta narrative written by Olga Louchakova Schwartz the editor Volume I *The Primeval Showing of Religious Experience* examines religious experience with regard to its lived interiority in light of the problem of the ego cogito including the recent research on the embodiment of subjectivity and phenomenological materiality Volume I also sheds light on religious experience in regard for the problems of its constitution passive synthesis the world and otherness Volume II *Doxastic Perspectives in the Phenomenology of Religious Experience* addresses the phenomenology of revelation shows how different approaches treat the question of essence in religious experience i e what is it that makes religious experience religious and demonstrates how religious experience contributes to the psychological horizon of meaning The book identifies the growing edges in the phenomenological research of religious experience and is useful for psychologists philosophers and theologians alike The two

volumes offer an excellent interdisciplinary introduction to the phenomenon of religious experience The case studies presented in them are arranged under the central topics of self alterity revelation and psychological aspects of religious experience and provide outstanding examples of applied phenomenology Hans Rainer Sepp Charles University Prague and Central European Institute of Philosophy In the context of the return of religion this book offers both a timely and necessary contribution to confront the peculiarities of religious experience Providing readers with applied phenomenological descriptions in an interdisciplinary spirit these debates will prove stimulating for a resurgent field of research that is starting to refine its conceptual devices and methodological presuppositions University of Vienna
