Religion In Psychodynamic Perspective The Contributions Of Paul W Pruyser:

Religion in Psychodynamic Perspective P. W. Pruyser, 1991-08-15 At his death in 1987 Paul W Pruyser of the Menninger Foundation was widely recognized as one of America's foremost authorities on the psychology of religion His book *A Dynamic Psychology of Religion* set the stage for creative dialogue on the subject In this volume two leading practitioners in the field present a compilation of Pruyser's seminal articles providing an overview of the major themes in Pruyser's thought Newton Malony and Bernard Spilka evaluate Pruyser's viewpoint and suggest how his position continues to influence the psychology of religion

Religion in Psychodynamic Perspective Paul W. Pruyser, 2023 Psychological Biblical Criticism D. Andrew Kille, 2001 This volume provides an introduction to psychological interpretations of the Hebrew Bible with the Garden of Eden story as a test case It approaches the text from Freudian Jungian and Developmental psychologies comparing and contrasting the different methods while taking on the hermeneutical issues Ricoeur's work is used to establish criteria for adequate interpretation Genesis 3 presents a fruitful text for psychological interpretation given its importance in Western culture Its themes of sexuality guilt consciousness and alienation are issues of great concern for everyone in our society Kille's aim is to locate psychological criticism within the field of biblical studies and to propose a hermeneutical framework for describing and evaluating psychological approaches The second part is devoted to analysis of different evaluations of Genesis 3 from the three chosen psychological perspectives

in our current war on terror The central idea throughout the book is that a person's attitude toward terror and terrorism as well as whether he or she becomes a murderous terrorist or even who wages a global war on terror has much to do with that person's own terrifying experiences in infancy and childhood Such terror usually experienced first in the earliest interactions with the mother is symbolically expressed as Falk shows in fairy tales and myths about terrifying witches and female monsters Further terror may be experienced in the relationship with the father and also in various other traumatic ways It is these early terrors when extreme and uncontrollable that most often produce terrorists and wars on terror Falk argues Thus his book focuses on the conscious but also on the irrational and unconscious causes of terrorism

The Faith and Friendships of Teenage Boys Robert C. Dykstra, Allan Hugh Cole Jr., Donald Capps, 2012-09-13 Drawing on research and case studies three pastoral care experts argue that one of the primary contexts in which the faith formation of teenage boys takes place is in their relationships with other adolescent males Written by the authors of *Losers Loners and Rebels The Spiritual Struggles of Boys* this book is an important resource for anyone interested in helping adolescent males navigate years often marked by isolation and loneliness to develop a meaningful spiritual identity

Issues in Science and Theology: Do Emotions Shape the World? Dirk Evers, Michael Fuller, Anne Runehov, Knut-Willy Sæther, 2016-04-14 This volume examines emotions and emotional well being from a rich variety of theological philosophical and scientific and therapeutic perspectives To experience emotion is a part of being human but what are emotions How can theology philosophy and the natural sciences unpack the nature and content of emotions This volume is based on contributions to the 15th European Conference on Science and Theology held in Assisi Italy It brings together contributions from scholars of various academic backgrounds from around the world whose individual insights are made all the richer by their juxtaposition with those from experts in other fields leading to a unique exchange of ideas

Mutual Enrichment between Psychology and Theology Russell Re Manning, 2020-11-29 The relationship between psychology and Christian theology has been one of the most important topics in the science and religion fields Discussions however are too frequently one sided This book takes an alternative approach following the lead of Fraser Watts the contributions develop various aspects of the mutual enrichment of each discipline by the other Moving beyond outdated models of conflict and independence this book highlights areas of fruitful enhancement at the interface of Christian belief and practice with psychology Set out in four sections the book's chapters first engage methodological and substantive issues in the interdisciplinarity raised by the dialogue between psychology and theology Second chapters explore a variety of areas in which psychology enriches theology looking at both historical and contemporary themes such as psychoanalysis embodiment and mindfulness Chapters in the third section explore some of the theological enrichments of psychology with topics including character strengths wisdom and forgiveness The final section engages aspects of mutual enrichment in religious life and pastoral care with an applied focus on mental health meditation prayer spiritual direction and spirituality A refreshing alternative study of the mutual enrichment of
