Jon Bartley Stewart

Religion In The Secular City Toward A Postmodern Theology:

Religion in The Secular City Harvey Cox, 1984 *Kierkegaard's Influence on Theology: Anglophone and Scandinavian Protestant theology* Jon Bartley Stewart, Tome II is dedicated to tracing Kierkegaard's influence in Anglophone and Scandinavian Protestant religious thought In Britain before World War I the few literati who were familiar with his work tended to assimilate Kierkegaard to the heroic individualism of Ibsen and Nietzsche In the United States knowledge of Kierkegaard was introduced by Scandinavian immigrants who brought with them a picture of the Dane as much more sympathetic to traditional Christianity The interpretation of Kierkegaard in Britain and America during the early and mid twentieth century generally reflected the sensibilities of the particular theological interpreter Anglican theologians tended to find Kierkegaard to be one sided in his critique of reason and culture while theologians hailing from the Reformed tradition often saw him as an insightful harbinger of neo orthodoxy The second part of Tome II is dedicated to the Kierkegaard reception in Scandinavian theology featuring articles on Norwegian and Swedish theologians influenced by Kierkegaard

The Charismatic City and the Public Resurgence of Religion N. Wariboko, 2014-09-11 Two powerful and interrelated transnational cultural expressions mark our epoch Charismatic spirituality and global city This book demonstrates how these two forces can be used to inform ethical design of cities and their common social lives to best support human flourishing spirituality and social and ecological wellbeing of their residents

The Palgrave Handbook of Radical Theology

Christopher D. Rodkey, Jordan E. Miller, 2018-10-10 The Palgrave Handbook of Radical Theology is the definitive guide to radical theology and the commencement for new directions in that field For the first time radical theology is addressed and assessed in a single comprehensive volume including introductory and historical essays for the beginner essays on major figures and their thought and shorter articles on various themes concepts and related topics This book is a seminal work for the radical theology movement It clarifies origins and demonstrates the exigency and utility of current figures and issues A useful and essential guide for newcomers and veterans in the field this volume serves as both a reference work and an introduction to omitted or forgotten topics within contemporary discussions

Christian Belief in a Postmodern World

Diogenes Allen, 1989-01-01 This book provides a philosophical argument for the reasonableness of Christian faith in today's world Diogenes Allen shows how Christian belief is now being supported by scientific and philosophical principles perhaps for the first time in 300 years

Spiritualizing the City Victoria Hegner, Peter Jan Margry, 2016-11-25 Urban spaces have always functioned as cradles and laboratories for religious movements and spiritualities The urban forms a central and nourishing agent for the creation of new religious expressions and continually negotiates new ways of being spiritual and establishing spiritual ideas and practices This book explores the intense and complex interplay between the post modern city and new religious and spiritual movement bringing the city and its annexes into the foreground of current research into religion It develops a new ethnography based analysis of the ways in which the pluralist experience of the urban inscribes

itself into various religious practices and vice versa how do religiosity and spirituality appropriate and transform meanings of the urban It focuses on new religious expressions cosmologies and ways of life that go beyond established belief systems and religious understandings and explores new conceptions of the word urban in a world of increasingly extended urban environments The book examines how cities are both considered as sites and sources of spirituality where the globalization of religions takes place as well as the fact that globalization is linked closely to the process of localization The socio cultural and political uniqueness of the specific urban context are analyzed to present an innovative perspective on how the interplay between the urban spiritual and religious should be understood This book brings a timely new perspective and will be of interest to academics and students in geography sociology urban studies cultural studies and anthropology as well as for urban planners and policy makers

Religion and Politics in America Frank J. Smith, 2016-07-11 There has always been an intricate relationship between religion and politics This encyclopedia provides a comprehensive overview of the interrelation of religion and politics from colonial days to the present Can a judge display the Ten Commandments outside of the courthouse Can a town set up a nativity scene on the village green during Christmas Should U S currency bear the In God We Trust motto Should public school students be allowed to form bible study groups Controversies about the separation of church and state the proper use of religious imagery in public space and the role of religious beliefs in public education are constantly debated This work offers insights into contemporary controversies regarding the uneasy intersections of religion and politics in America Organized alphabetically the entries place each topic in its proper historical context to help readers fully grasp how religious beliefs have always existed side by side and often clashed with political ideals in the United States from the time of the colonies The information is presented in an unbiased manner that favors no particular religious background or political inclination This work shows that politics and religion have always had an impact on one another and have done so in many ways that will likely surprise modern students

A Pedagogy of Faith Irwin Leopando, 2017-07-13 This is the first book length study in English to investigate Freire s landmark educational theory and practice through the lens of his lifelong Catholicism A Pedagogy of Faith explores this often overlooked dimension of one of the most globally prominent and influential educational thinkers of the past fifty years Leopando illustrates how vibrant currents within twentieth century Catholic theology shaped central areas of Freire s thought and activism especially his view of education as a process of human formation in light of the divinely endowed vocation of persons to shape culture society and history With the contemporary resurgence of authoritarian political and cultural forces throughout much of the world Freire s theologically grounded affirmation of radical democracy social justice historical possibility and the absolute dignity of the human person remains as vital and relevant as ever
