Religion Primal Religions:

Religion Christopher Augustus Bixel Tirkey, I.S.P.C.K. (Organization), 1998 *Primal Religion and the Bible* Gillian M. Bediako, 1997-01-01 This important study of the published and unpublished writings of Scotland's most brilliant and controversial nineteenth century theologian focuses on his concern to situate biblical religion within the context of the primal religions of Israel's neighbours. The book explores the implications of the relationship between the Christian faith and primal religion. Robertson Smith has still a contribution to make to contemporary discussion of the phenomenology of the Christian faith and Christian responses to religious pluralism.

A Primal Perspective on the Philosophy of Religion Arvind Sharma, 2006-09-09 What am I trying to accomplish through the exercise which I have undertaken namely to examine the philosophy of religion in the light of primal religions? If to choose someone else's expression to characterize one's own intellectual endeavour is an indication of one's own lack of imagination then I must plead guilty to that charge but not to that of lack of gratitude for I have to thank Robin Horton for describing better than I can what I have attempted in the book. It is an exercise in what he calls translational understanding. I quote him now: By translational understanding I mean the kind of understanding of a particular thought system that results from the successful translation of the language and conceptual system that embody it into terms of a language and conceptual system that currently enjoy world status. In talking of translation of course I am not just talking of the provision of dictionary equivalents for individual words or sentences. I am talking about finding a world language equivalent for a whole realm of discourse and of showing in world language terms what the point of that realm of discourse is in the life of the people who use it. Translation in this broader sense can be very arduous. There may be no realm of discourse in the world language that exactly fits the bill. We may have to bend and refashion existing realms and even redefine their guiding intentions.

Primal Religions Worldwide S. A. Thorpe, 1992 This book is intended for the undergraduate student or general reader who wishes to have a brief review of the many traditional religious approaches which are still practised to a greater or lesser degree particularly in Asia, Africa and Australia.

A Guide to the Phenomenology of Religion James Cox, 2006-08-15 Provides an introduction and overview to the Phenomenology of Religion through describing, analysing and evaluating the ideas of key thinkers in the phenomenology of religion. This book also examines the thinking of scholars within the Dutch, British and North American schools of religious phenomenology.

A Guide to Religious Thought and Practices Santanu K. Patro, 2015-07-01 A Guide to Religious Thought and Practices devotes a chapter to each of the world religions, all but one of which are written by a member of that faith community. Readers thus gain insiders' views into the theology, spirituality and religious practice of each faith. The introduction encourages respect and engagement with those of other faiths. The book emphasizes the cultural nature of religion and its importance to society and it notes the rise of interest in the study of religious traditions in the face of contemporary geopolitics.

Religion Seth Daniel Kunin, 2003 Over the course of the twentieth century the way we

understand the religious experience has been transformed Various thinkers and intellectual approaches have shaped the ways in which scholars examine rituals symbols and belief systems In *Understanding Religion* Moojan Momen, 2019-06-20 With the aid of hundreds of photographs an in depth exploration of the role of religion An innovative thematic presentation of the role of religion in human society from traditional cultures to the modern world this comprehensive account will prove invaluable for students experts or the interested general readers seeking an understanding of the nature and significance of diverse religious experience Drawing from all major religious traditions in the world as well as a variety of non religious disciplines such as psychology philosophy and sociology Momen s informative study covers everything from art and history to theology and the World Wide Web
