Religion Factor An Introduction To How Religion Matters:

The Religion Factor William Scott Green, Jacob Neusner, 1996-01-01 An introduction to religion draws from Christianity Judaism Islam neopaganism Buddhism Confucianism and the Australian Aboriginal tradition **World Religions in America** Jacob Neusner, 2003-01-01 In this the third edition of Jacob Neusner's basic accessible and proven guide to the world's religions as they are practiced in America new chapters explore the Church of Scientology Nature Religions and the Baha'i faith In addition the chapter on Islam in America has been expanded Each chapter includes study questions essay topics and suggestions for further reading *The John Updike Encyclopedia* Jack De Bellis, 2000-09-30 John Updike is one of the most seminal American writers of the 20th century and one of the most prolific as well In addition to his best selling novels he has written numerous poems short stories reviews and essays His writing consistently reveals stylistic brilliance and through his engagement with America's moral and spiritual problems his works chronicle America's hopes and dreams failures and disappointments Though he is an enormously popular writer the complexity and elegance of his works have elicited growing scholarly attention Through several hundred alphabetically arranged entries this book provides both casual and serious readers an exceptional guide to his life and writings Whether the reader is seeking a novel summary an authoritative analysis of subjects elucidation of an allusion or a point about Updike's life or manner of composition the encyclopedia is indispensable A chronology summarizes the major events in Updike's career while an introductory essay examines his progress as a writer from his crafted light verse and informed reviews to his innovative novels and stories The entries that follow summarize Updike's books describe all major characters explain allusions identify major images and symbols analyze principal subjects discuss his life and career and draw on the most significant scholarship Entries include bibliographies and the volume closes with a list of works for further reading **More Matter** John Updike, 2009-02-19 In this collection of nonfiction pieces John Updike gathers his responses to nearly two hundred invitations into print each an opportunity to make something beautiful to find within oneself a treasure that would otherwise remain buried Introductions reviews and humorous essays paragraphs on New York religion and lust here is more matter commissioned by an age that as the author remarks in his Preface calls for real stuff not for the obliquities and tenuousities of fiction Still the novelist's shaping hand his gift for telling detail can be detected in many of these literary considerations Books by Edith Wharton Dawn Powell John Cheever and Vladimir Nabokov are incisively treated as are biographies of Isaac Newton Abraham Lincoln Queen Elizabeth II and Helen Keller As George Steiner observed Updike writes with a solicitous almost tender intelligence The critic and the poet in him are at no odds with the novelist the same sharpness of apprehension bears on the object in each of Updike's modes Three Questions of Formative Judaism Jacob Neusner, 2021-10-01 The academic study of Judaism requires a systematic inquiry into the history literature and religion and eventually the theology as revealed in the historical documents themselves Under this premise *Three Questions of Formative Judaism* encounters the canonical writings of Judaism in the

context of their creation at a certain time and place How something is said thus becomes as important as what is said Bringing nearly fifty years of research to bear on these fundamental questions Jacob Neusner challenges his readers to face the difficult often unasked or neglected questions about the nature background and purposes of Rabbinic Judaism and rewards them with an enriched understanding and a stronger foundation for tackling the even more elusive questions concerning the theology of formative Judaism This publication has also been published in paperback please click here for details

Selected Letters of John Updike John Updike, 2025-10-21 The arc of literary giant John Updike's life emerges in these luminous daily letters to family friends editors and lovers a remarkable outpouring over six decades from his earliest consciousness as a writer to his final days As James Schiff writes in the introduction to this volume of the writer who would eventually express himself in written form as copiously and as elegantly as any American writer before him Updike needed to write the way the rest of us need to breathe or eat With his stunning rhetorical gifts enabling him to thrive in both short fiction and the novel criticism as well as poetry Updike was also a consummate letter writer When barely a teenager he began submitting poems and cartoons to national magazines and soliciting famous cartoonists with flattering requests for a drawing His letter writing only increased when he left the family farm in Pennsylvania for Harvard where he composed more than 150 witty substantive letters to his parents The summer after he graduated The New Yorker began accepting his work and his exchanges with editors publishers and writers would stretch into a correspondence that Schiff notes figures not as an adjunct to but rather an integral part of his astonishing literary output The intimacy and lucidity of these letters brings to the fore all manner of subjects and situations notably the ardent feelings for his first love and wife Mary and later the heartbreaking but honestly accounted breakup of their marriage the uncensored passion for other women including his Ipswich neighbor Martha who became his second wife the concern for his children's path to adulthood and the conversations with many literary peers from Joyce Carol Oates to Philip Roth as well as his Knopf and New Yorker editors critics translators and others in the lit business Filled with comic observations opinions and personal news told in the fluid first person voice of the writer himself these missives taken together create a page turning life in letters like no other
