Religion Par Excellence Actualization Of The 7storey Nature Of Man:

Religion Par Excellence Uriah J. Fields,1991 **The Seven Principles of Man** Annie Besant,2017-09-22 Man according to the Theosophical teaching is a sevenfold being or in the usual phrase has a septenary constitution Putting it in another way man s nature has seven aspects may be studied from seven different points of view is composed of seven principles The clearest and best way of all in which to think of man is to regard him as one the Spirit or True Self this belongs to the highest region of the universe and is universal the same for all it is a ray of God a spark from the divine fire
FultonClassics com **Supreme Realization** Anthony Nayagan,2020-05-31 Supreme Realization is an honest account of a Catholic an ordinary sinful man who searched for Truth in all religions even leaving the Church and staying away from it for more than 25 years It is a journey towards the realization of Christ within Supreme Realization A Journey into the Depths of Conscious Energy is a study of Christianity in light of modern scientific discoveries that recommends a deep seated approach to a relationship with Christ based on Mystical Theology Many readers will likely conclude those as separate things that don t usually share a lot of common ground In spiritual universe every theory connects to God as long as the definitions of the theory go beyond material origins into mystical realms God consistently revealed His nature to humans through science and enabled science to enrich humankind on Earth In ancient times God revealed His nature through science in ever increasing ways During the Victorian era God helped us refine ordered and structural ways of gaining knowledge and the three dimensional systems through which we learned about cosmology and how it connects us to God Such systems enabled us to learn mathematics science politics economics and industry Now with modern science He is revealing to us a fourth dimension called Conscious Energy Find answers to what conscious energy has to do with being a Christian and what it has to do with my own spiritual journey How can we leverage this for knowledge wisdom and prosperity **The Supreme Identity** Alan Watts,2020-09-24 Modern Civilization Watts maintains is in a state of chaos because its spiritual leadership has lost effective knowledge of man s true nature Neither philosophy nor religion today gives us the consciousness that at the deepest center of our being exists an eternal reality which in the West is called God Yet only from this realization come the serenity and spiritual power necessary for a stable and creative society One of the most influential of Alan Watts s early works The Supreme Identity examines the reality of civilization s deteriorated spiritual state and offers solutions through a rigorous theological discussion on Eastern metaphysic and the Christian religion By examining the minute details of theological issues Watts challenges readers to reassess the essences of religions that before seemed so familiar and to perceive Vedantic oneness as a meeting ground of all things good and evil In addressing how religious institutions fail to provide the wisdom or power necessary to cope with the modern condition Watts confidently seeks the truth of the human existence and the divine continuum In this eye opening account of metaphysical blindness in the West Watts accents this dense exploration of religious philosophy with wry wit that will engage inquiring minds in search of spiritual power and

wisdom **Supreme Realization** Anthony Nayagan,2020-05-31 Supreme Realization is one hundred percent inspired a real life journal of a Catholic an ordinary sinful man who searched for Truth in all religions even leaving the Church and staying away from it for more than twenty five years It is a study of Christianity in light of modern scientific discoveries that recommends a deep seated approach based on Mystical Theology for people of all religions for everyday life It breaks down complex theological and spiritual subject matters such as consciousness and self realization and recommends pragmatic approaches for a fulfilled life in spirituality It conveys a message that there is hope in Christ This hope promises healing prosperity peace and joy from a spiritual life in Christ with or without the involvement of Churches The mission of this book is to reach out to all those who have left the Church Devastating sex scandals and abuses of power have pushed people away from the Church and from God More than half of Americans are disenchanted with the Church but most of them consider themselves spiritual or religious Meanwhile the Church continues to recover from its mistakes while failing to go after the people who are leaving Christ the Good Shepherd told us to go after that one sheep that was lost The Seven Principles of Man Annie Wood Besant,2013-05-14 Man according to the Theosophical teaching is a sevenfold being or in the usual phrase has a septenary constitution Putting it in another way man s nature has seven aspects may be studied from seven different points of view is composed of seven principles The clearest and best way of all in which to think of man is to regard him as one the Spirit or True Self this belongs to the highest region of the universe and is universal the same for all it is a ray of God a spark from the divine fire This is to become an individual reflecting the divine perfection a son that grows into the likeness of his father For this purpose the Spirit or true Self is clothed in garment after garment each garment belonging to a definite region of the universe and enabling the Self to come into contact with that region gain knowledge of it and work in it It thus gains experience and all its latent potentialities are gradually drawn out into active powers *Man and His Seven Principles* Leoline L. Wright,1975 The magic of Seven a key number and axiom of the old Mystery Schools is explained with diagrams and careful detail including the various principles which compose man s septenary constitution and the meaning of the incarnation of the Manasaputras The final chapter goes beyond psychology to a study of pneumatology **The Threefold Nature of Man** Kenneth E. Hagin,1996-07 This book diligently examines the threefold nature of man spirit soul and body
