Religious Reading The Place Of Reading In The Practice Of Religion

Jacob L. Goodson

Religious Reading The Place Of Reading In The Practice Of Religion:

Religious Reading Paul J. Griffiths, 1999-05-13 What social conditions and intellectual practices are necessary in order for religious cultures to flourish Paul Griffiths finds the answer in religious reading the kind of reading in which a religious believer allows his mind to be furnished and his heart instructed by a sacred text understood in the light of an authoritative tradition He favorably contrasts the practices and pedagogies of traditional religious cultures with those of our own fragmented and secularized culture and insists that religious reading should be preserved The Cambridge Companion to Literature and Religion Susan M. Felch, 2016-09-12 Each essay in this Companion examines literary texts and a particular religious tradition to better understand both literature and religion *Narrative Theology and the Hermeneutical Virtues* Jacob L. Goodson, 2015-01-21 In *Narrative Theology and the Hermeneutical Virtues* Humility Patience Prudence Jacob L. Goodson offers a philosophical analysis of the arguments and tendencies of Hans Frei s and Stanley Hauerwas narrative theologies Narrative theology names a way of doing theology and thinking theologically that is part of a greater movement called the return to Scripture The return to Scripture movement makes a case for Scripture as the proper object of study within Christian theology philosophy of religion and religious ethics While thinkers within this movement agree that Scripture is the proper object of study within philosophy and religious studies there is major disagreement over what the word narrative describes in narrative theology The Yale theologian Hans Frei argues that because Scripture is the proper object of study within Christian theology and the philosophy of religion Scripture must be the exclusive object of study To think theologically means paying as close attention as possible to the details of the biblical narratives in their literal sense Different from Frei s contentions the Christian ethicist at Duke University Stanley Hauerwas claims if Scripture is the proper object of study within Christian theology then the category of narrative teaches us that we ought to give our scholarly attention to the interpretations and performances of Scripture Hauerwas emphasizes the continuity between the biblical narratives and the traditions of the church This disagreement is best described as a hermeneutical one Frei thinks that the primary place where interpretation happens is in the text Hauerwas thinks that the primary place where interpretation occurs is in the community of interpreters In order to move beyond the dichotomy found between Frei s and Hauerwas work but to remain within the return to Scripture movement Goodson constructs three hermeneutical virtues humility patience and prudence These virtues help professors and scholars within Christian theology philosophy of religion and religious ethics maintain objectivity in their fields of study Revelation Scripture and Church Theological Hermeneutic Thought of James Barr Paul Ricoeur and Hans F Richard R. Topping, 2007 How does God s involvement with the generation of Holy Scripture and its use in the life of the Christian church figure into the human work of Scripture interpretation This is the central question that this book seeks to address In critical conversation with the influential hermeneutic programs of James Barr Paul Ricoeur and Hans Frei Topping demonstrates how God s agency has been marginalized in the task of Scripture

interpretation Divine involvement with the Bible is bracketed out Barr rendered in generic terms Ricoeur or left implicit Frei in these depictions of the hermeneutic field The result is that each of these hermeneutic programs is less than a realist interpretative proposal *The Routledge Companion to the Practice of Christian Theology* Mike Higton, Jim Fodor, 2015-03-24 This Companion introduces readers to the practice of Christian theology covering what theologians do why they do it and what steps readers can take in order to become theological practitioners themselves The volume aims to capture the variety of practices involved in doing theology highlighting the virtues that guide them and the responsibilities that shape them It also shows that the description of these practices virtues and responsibilities is itself theological what Christian theologians do is shaped by the wider practices and beliefs of Christianity Written by a team of leading theologians the Companion provides a unique resource for students and scholars of theology alike

The Routledge Handbook of Material Religion Pooyan Tamimi Arab, Jennifer Scheper Hughes, S. Brent Rodríguez-Plate, 2023-09-01 The Routledge Handbook of Material Religion places objects and bodies at the center of scholarly studies of religious life and practice Propelling forward the study of material religion the Handbook first reveals the deep philosophical roots of its key categories and then advances new critical analytics such as queer materialities inescapable material entanglements and hyperobjects that explode the small scale personal view on religions The Handbook comprises thirty chapters written by an international team of contributors who offer a global perspective of religious pasts and presents divided into four thematic parts Genealogies of Material Religion Materializing the Terms of the Study of Religion Entanglements Entrapment Escaping Hyperobjects or How Gigantic Things Affect Religions In these four parts the study of material religion is redirected towards systematic critical interrogations of the imbrication of religious structures of power with racial economic political and gendered forms of domination From Spinoza's political theology to African philosophies of ubuntu from the queer materialities of Mesoamerican religion to the Satanic Temple of the United States from Islamic love and sacrifice in human animal entanglements to Shia militants attachment to weaponry from epidemic cataclysm in Latin America to vast infrastructures and the gathering of millions in India's Kumbh Mela the study of material religion proves to be the study par excellence of the human condition The Handbook is essential reading for students and researchers in religious studies anthropology history and media studies and will also be of interest to those in related fields such as archeology sociology and philosophy

Teaching and Christian Practices David Smith, James K. A. Smith, 2011-10-10 In *Teaching and Christian Practices* several university professors describe and reflect on their efforts to allow historic Christian practices to reshape and redirect their pedagogical strategies Whether allowing spiritually formative reading to enhance a literature course employing table fellowship and shared meals to reinforce concepts in a pre nursing nutrition course or using Christian hermeneutical practices to interpret data in an economics course these teacher authors envision ways of teaching and learning that are rooted in the rich tradition of Christian practices as together they reconceive classrooms and laboratories

as vital arenas for faith and spiritual growth **Comparative Theology** Francis X. Clooney, 2011-09-09 Drawing upon the author's three decades of work in comparative theology this is a pertinent and comprehensive introduction to the field which offers a clear guide to the reader enabling them to engage in comparative study The author has three decades of experience of work in the field of comparative theology and is ideally placed to write this book Today's increasing religious diversity makes this a pertinent and timely publication Unique in the depth of its introduction and explanation of the discipline of comparative theology Provides examples of how comparative theology works in the new global context of human religiosity Draws on examples specific to Hindu Christian studies to show how it is possible to understand more deeply the wider diversity around us Clearly guides the reader enabling them to engage in comparative study Reading the Bible Theologically Darren Sarisky, 2019-01-17 Theological interpretation of the Bible is one of the most significant debates within theology today Yet what exactly is theological reading Darren Sarisky proposes that it requires identification of the reader via a theological anthropology an understanding of the text as a collection of signs and reading the text with a view toward engaging with what it says of transcendence Accounts of theological reading do not often give explicit focus to the place of the reader but this work seeks to redress this neglect Sarisky examines Augustine's approach to the Bible and how his theological insights into the reader and the text generate an aim for interpretation which is fulfilled by fitting reading strategies He also engages with Spinoza showing that theological exegesis contrasts not with approaches that take history seriously but with naturalistic approaches to reading A Sense of the Whole Mark Gonnerman, 2015-06-09 In 1997 Mark Gonnerman organized a yearlong research workshop on Gary Snyder's *Mountains and Rivers Without End* at the Stanford Humanities Center Members of what came to be known among faculty students and diverse community members as the *Mountains Rivers Workshop* met regularly to read and discuss Snyder's epic poem Here the poem served as a commons that turned the multiversity into a university once again if only for a moment The Workshop invited writers teachers and scholars from Northern California and Japan to speak on various aspects of Snyder's great accomplishment This book captures the excitement of these gatherings and invites readers to enter the poem through essays and talks by David Abram Wendell Berry Carl Bielefeldt Tim Dean Jim Dodge Robert Hass Stephanie Kaza Julia Martin Michael McClure Nanao Sakaki and Katsunori Yamazato It includes an interview with Gary Snyder appendices and other resources for further study Snyder once introduced a reading of this work with reference to whitewater rapids saying most of his writing is like a Class III run where you will do just fine on your own but that *Mountains and Rivers* is more like Class V if you're going to make it to take out you need a guide As a collection of commentaries and background readings this companion volume enhances each reader's ability to find their way into and through an adventurous and engaging work of art

Uncover the mysteries within Explore with is enigmatic creation, Discover the Intrigue in **Religious Reading The Place Of Reading In The Practice Of Religion** .
