Michael Feener, 2013-10-21 This volume brings together a range of critical studies that explore diverse ways in which processes of globalization pose new challenges and offer new opportunities for religious groups to propagate their beliefs in contemporary Asian contexts Proselytizing tests the limits of religious pluralism as it is a practice that exists on the border of tolerance and intolerance The practice of proselytizing presupposes not only that people are freely choosing agents and that religion itself is an issue of individual preference At the same time however it also raises fraught questions about belonging to particular communities and heightens the moral stakes in involved in such choices In many contemporary Asian societies questions about the limits of acceptable proselytic behavior have taken on added urgency in the current era of globalization Recognizing this the studies brought together here serve to develop our understandings of current developments as it critically explores the complex ways in which contemporary contexts of religious pluralism in Asia both enable and are threatened by projects of proselytization **Epitome of the Pali Canon** Chroniker Press Book, 2012-10-29

Karma and Grace Neena Mahadev, 2023-10-31 Winner 2024 Clifford Geertz Prize in the Anthropology of Religion Society for the Anthropology of Religion Around the turn of the millennium Pentecostal churches began to pepper majority Buddhist Sri Lanka setting off a sense of alarm among Buddhists who saw Christianity as a neocolonial threat to the nation Rumors of foul play in the death of a Buddhist monk as well as allegations of proselytizing in the aftermath of the 2004 tsunami and during the final stages of civil war spurred nationalist anxieties moral panics and even episodes of violence by Buddhists against Christians suspected of facilitating unethical conversions Through vivid ethnography and keen observations of media events Karma and Grace illuminates disputes over religious freedom and pluralism amid the rise of charismatic Christianity in Sri Lanka Neena Mahadev explores the dueling efforts of Buddhist nationalists and Christian evangelists to reshape Sri Lanka's religious economic and political landscapes She considers theological and political impasses between Buddhism's vast timescales of karma and Christians' promises of the immediacy of their God's salvific grace While Christian missions

spread the Good News subsets of Buddhists produced bad press sting operations and disparaging media to impede born again churches from taking root In gripping detail Mahadev recounts how modernist and traditionalist Theravada Buddhists Pentecostal newcomers long established Christian denominations local deity and spirit cults and the innovations of mavericks intermingle in a multireligious public sphere Even amid trenchant conflicts Karma and Grace demonstrates that social proximity between rivals is also conducive to religious experimentation and the ambiguities of identity that allow Sri Lankans to live with difference
