Reluctant Saviour Clinton Fernandes, 2004 No Marketing Blurb **Reluctant Saviour: Australia, Indonesia, and the Independence of East Timor, (by) Clinton Fernandes** Clinton Fernandes, 2004 **A Not-so-distant Horror** Joseph Nevins, 2005 In his view much if not all of the horror that plagued East Timor in 1999 and in the 24 preceding years could have been avoided had countries like Australia Japan the United Kingdom and especially the United States not provided Indonesia with valuable political economic and military assistance as well as diplomatic cover **East Timor Intervention** John Blaxland, 2015-09-01 Australia's involvement in the liberation of East Timor in 1999 was the most decisive demonstration of Australian influence in the region since World War II and the largest military contribution since the Vietnam War Australian diplomacy and leadership shaped the events that led to the birth of Asia's newest nation East Timor Intervention looks at the crisis through the prism of key participants and observers on the ground and abroad including Indonesia's martial law commander Kiki Syahnakri defending his record the country's first president Xanana Gusmão on the resolution and poise of Timor's resistance fighters Australia's Chief of Defence Force Chris Barrie on cobbling the force together commander of the International Force Peter Cosgrove on the operation and key policy adviser Hugh White on Canberra's policy contortions in the lead up to the intervention This impressive collection includes significant new perspectives on Southeast Asian security affairs and the role Australia can play in regional security and stability **East Timor, René Girard and Neocolonial Violence** Susan Connelly, 2022-01-13 In a new historical interpretation of the relationship between Australia and East Timor Susan Connelly draws on the mimetic theory of René Girard to show how the East Timorese people were scapegoated by Australian foreign policy during the 20th century Charting key developments in East Timor's history and applying three aspects of Girard's framework the scapegoat texts of persecution and conversion Connelly reveals Australia's mimetic dependence on Indonesia and other nations for security She argues that Australia's complicity in the Indonesian invasion and occupation of East Timor perpetuated the sacrifice of the Timorese people as victims thus calling into question the traditional Australian values of egalitarianism and fairness Connelly also examines the embryonic conversion process apparent in levels of recognition of the innocent victim and of the Australian role in East Timor's suffering as well as the consequent effects on Australian self-perception Emphasising Girardian considerations of fear suffering forgiveness and conversion this book offers a fresh perspective on Australian and Timorese relations that in turn sheds light on the origins and operations of human violence *Timor-Leste's Long Road to Independence* Zelia Pereira, Rui Graça Feijó, 2025-10-01 From a much neglected Portuguese colony to independence Timor-Leste travelled a belated long and troubled journey that included a 24-year Indonesian occupation A classic process of European decolonization 1974-1975 was followed by a nationalist struggle against Third World Colonialism 1975-1999 and a final phase under the direct aegis of the United Nations 1999-2002 More than a direct relation between coloniser and colonised this turbulent process involved the

participation of many different actors scattered around the world The Timor Issue brought to the scene a martyred people's determination the diplomacy of several nations friends or foes the involvement of the United Nations and the activism of solidarity networks This collection adopts a transnational approach that highlights the complexity of Timor Leste's road to independence

Narrative of Denial Peter Job, 2021-06-01 The Indonesian invasion of East Timor in 1975 led to a prolonged conflict severe human rights abuses and a large loss of life From 1975 to 1983 the Indonesian military s campaign of encirclement and annihilation destroyed rural food resources creating the famine that took most of the lives lost during the occupation The Australian governments of Gough Whitlam and Malcolm Fraser presented themselves as advocates for human rights and the international rule of law while viewing relations with Indonesia as key to their foreign policy objectives These positions came into conflict due to the Indonesian invasion of East Timor Based upon an extensive study of Australian foreign affairs archives as well as interviews A Narrative of Denial demonstrates how the Australian government responded to the conflict by propagating a version of events that denied the reality of the catastrophe occurring

in East Timor It worked to protect the Suharto regime internationally thereby allowing it to continue its repression relatively unhindered This remarkable story will unsettle existing perceptions of how Australia operates in world affairs

Journalism and Conflict in Indonesia Steve Sharp,2013 This book examines through the case study of Indonesia over recent decades how the reporting of violence can drive the escalation of violence and how journalists can alter their reporting practices in order to have the opposite effect and promote peace It discusses the nature of press freedom in Indonesia from 1966 onwards considers the relationship between the press and politicians and explores journalists' working methods It goes on to outline in detail the communal wars in eastern Indonesia in the period 1999-2000 arguing that communication as much as physical preparations for violence were key to bringing about the wars with journalists' rigid professional routines and newswriting conventions causing them to reproduce and enlarge the battle cries of those at war The book concludes by advocating a development communication approach to journalism in transitional settings in order to help journalists to counter the disintegrative tendencies of failing states and the communal strife that can result **Zombie**

Stockings,2010 In this fascinating account leading Australian military historians tackle 10 of the most enduring historical zombies or national myths that have staggered their way through the halls of military history for more than 200 years From Aboriginal resistance and invasion to Australia's recent involvement in East Timor this record disproves the incorrectly memorialized and so called gallant deeds of past Australian servicemen Provocative and opinionated this record attempts to correct the historical record *Reflections on War, Diplomacy, Human*

Rights and Liberalism Adam Hughes Henry,2020-12-01 For most people the idea that extremist ideologies glorify themselves through warfare and commit crimes against humanity and genocide is the natural extension of their moral and philosophical failings As this volume outlines liberal democracies such as Australia and others also glorify in war and they may also at various times engage in support or turn a blind eye to crimes against humanity or genocide However liberal democracies such as Australia the US and the UK among others routinely present themselves as arbiters of liberal values defenders of human rights and guardians of virtue This book explores the obvious contradiction between the ideals of liberalism and how liberal democracies ignore and at times even justify their failure to uphold the principles they espouse **Violence after**

War Michael J. Boyle,2014-04-15 Developing a better understanding of the dynamics of violence in post war states can lead to a more durable peace The end of one war is frequently the beginning of another because the cessation of conflict produces two new challenges a contest between the winners and losers over the terms of peace and a battle within the winning party over the spoils of war As the victors and the vanquished struggle to establish a new political order incidents of low level violence frequently occur and can escalate into an unstable peace or renewed conflict Michael J Boyle evaluates the dynamics of post conflict violence and their consequences in *Violence after War* In this systematic comparative study Boyle analyzes a cross national dataset of violent acts from 52 post conflict states and examines in depth violence patterns from five recent

post conflict states Bosnia Rwanda Kosovo East Timor and Iraq In each of the case studies Boyle traces multiple pathways through which violence emerges in post conflict states and highlights how the fragmentation of combatants especially rebel groups produces unexpected and sometimes surprising shifts in the nature type and targets of attack His case studies are based on unpublished data on violent crime including some from fieldwork in Kosovo East Timor and Bosnia and a thorough review of narrative and witness accounts of the attacks The case study of Iraq comes from data that Boyle obtained directly from U S Central Command published here for the first time Violence after War will be essential reading for all those interested in political violence peacekeeping and post conflict reconstruction **René Girard and Creative**

Reconciliation Vern Neufeld Redekop, Thomas Ryba, 2014-01-09 The contribution of this book to the field of reconciliation is both theoretical and practical recognizing that good theory guides effective practice and practice is the ground for compelling theory Using a Girardian hermeneutic as a starting point a new conceptual Gestalt emerges in these essays one not fully integrated in a formal way but showing a clear understanding of some of the challenges and possibilities for dealing with the deep divisions enmity hatred and other effects of violence By situating discourse about reconciliation within the context of Girardian thought it becomes clear that like Peter who vowed he would never deny Jesus but ended up doing it three times any of us is susceptible to the siren call of angry resentment and retaliation It is with a profound awareness of the power of violence that the emergence of mimetic discourse around reconciliation takes on particular urgency *Third World Colonialism and Strategies of Liberation* Awet Tewelde Weldemichael, 2013 This book shows how Eritrea and East Timor developed sophisticated strategies to liberate their countries from colonialism and emphasizes that these insurgencies avoided terrorism Violence in the Name of God Joel Hodge, 2020-01-23 This book traces the trajectory of militant jihadism to show how violence is more intentionally embraced as the centre of worship social order and ideology Undertaking an in depth analysis of militant jihadist groups and utilising the work of Ren Girard Joel Hodge argues that the extreme violence of militant jihadists is a response to modernity in two ways that have not been sufficiently explored by the existing literature Firstly it is a manifestation of the unrestrained and escalating state of desire and rivalry in modernity which militant jihadists seek to counter with extreme violence Secondly it is a response to the unveiling and discrediting of sacred violence which militant jihadists seek to reverse by more purposefully valorising sacred violence in what they believe to be jihad Relevant to anyone interested in Islam philosophy of religion theology and terrorism Violence in the Name of God imagines new ways of thinking about militancy in the name of Islam in the twenty first century
