in the strict sense and the all encompassing law of wealth even where the consequence might be to exclude shares and sub shares from the law of property In maintaining the value of careful proprietary taxonomy and in reviving the underlying concepts on which it depends this book opposes modern scepticism as to the possibility and desirability of precision in legal classification In these commitments it could fairly be styled a post modern study of personal property Winner of the SLS Birks Prize for Outstanding Legal Scholarship 2006 Second Prize *El documental expandido : pantalla y espacio* Jacobo Sucari,2012-12 El documental contemporáneo despliega la pantalla bidimensional de la televisión o del cine en nuevos formatos en los que el recorrido espacial del espectador por la sala de exposiciones como la multiplicidad narrativa o el acceso aleatorio a la información tienen especial incidencia a la hora de concebir y desarrollar nuevos procesos de representación documental El Documental expandido sugiere as nuevas fórmulas y maneras de representación que podemos englobar en un ámbito post media es decir que trasciende las características propias de una técnica tradicional visual para generar un modelo en el que se añaden al cine el vídeo la fotografía el texto el sonido la informática y la instalación Esta singular estrategia expositiva del documental contemporáneo es consecuencia de un proceso de hibridación motivado por las nuevas tecnologías de la imagen la búsqueda de nuevos canales de difusión y el desarrollo de lenguajes expresivos ligados a la necesidad de pensar un presente complejo Digitalia *The Virgin Illustrated Encyclopedia of Pop & Rock* Nic Oliver,2002 Cut through the haze of rock reference with the updated second edition of this illustrated encyclopedia There are over 1800 entries on the stars who have shaped rock history whether they were destined to become icons or bygones influential or infamous Each entry provides essential facts and opinion on songwriters musicians and producers and includes a sidebar of star rated recommended albums There are over 600 images to complement the text and a full album listing for each act at the back of the book **Limite, le film culte de Mario peixoto** Association rencontres cinémas d'Amérique latine de Toulouse,2008 L'alternativa VI Festival de Cinema independent de Barcelona ,1999 *El cine de pensamiento* Josep Maria Català Domènech,2014-03-03 La imatge en moviment que va iniciar inaugurant un nou règim de la representació visual implica l'aparició d'una nova forma de retòrica audiovisual que supera els límits del llenguatge cinematogràfic clàssic i afavoreix el desenvolupament de formes de pensament inèdites que amplien el règim del pensar basat en la paraula Aquest volum presenta una sèrie d'aproximacions a diferents facetes del fenomen cinematogràfic que van des de la pràctica de les avantguardes passant per l'acostament a cineastes relacionats amb l'assaig fílmic com Herzog Farocki o Rossellini així com per l'anàlisi de territoris connectats amb la memòria o amb el cinema popular Mitjan aquests enfocaments diversos es cobreixen les diferents facetes del pensar cinematogràfic que van des de la possibilitat d'un pensament essencialment fílmic al desenvolupament d'un pensar amb el cinema LPI-BASIC ,1990 Nuclear Theory Degree Zero: Essays Against the Nuclear Android John Kinsella,Drew Milne,2021-05-13 Nuclear Theory Degree Zero Essays Against the Nuclear Android investigates the threat conveyed and maintained by the nuclear cycle mining research health power generation and

Contested Records Michael Leong, 2020-05-01 Why have so many contemporary poets turned to source material from newspapers to governmental records as inspiration for their poetry How can citational poems offer a means of social engagement *Contested Records* analyzes how some of the most well known twenty first century North American poets work with fraught documents Whether it's the legal paperwork detailing the murder of 132 African captives state transcriptions of the last words of death row inmates or testimony from miners and rescue workers about a fatal mine

disaster author Michael Leong reveals that much of the power of contemporary poetry rests in its potential to select adapt evaluate and extend public documentation Examining the use of documents in the works of Kenneth Goldsmith Vanessa Place Amiri Baraka Claudia Rankine M NourbeSe Philip and others Leong reveals how official records can evoke a wide range of emotions from hatred to veneration from indifference to empathy from desire to disgust He looks at techniques such as collage plagiarism re reporting and textual outsourcing and evaluates some of the most loved and reviled contemporary North American poems Ultimately Leong finds that if bureaucracy and documentation have the power to police and traumatize through the exercise of state power then so too can document based poetry function as an unofficial counterhegemonic and popular practice that authenticates marginalized experiences at the fringes of our cultural memory
