National and Transnational Memories of the Kindertransport Amy Williams, William Niven, Bill Niven, 2023 The first transnational study of the memory of the Kindertransport and the first to explore how it is represented in museums memorials and commemorations The Kindertransport the rescue of ca 10 000 Jewish children from the Nazi sphere of control and influence before the Second World War has often been framed as a British story This book recognizes that even though most of the Kinder were initially brought to the UK and many stayed it was more than that It therefore compares British memory of the Kindertransport to that of other host nations the US Canada Australia and New Zealand It is the first book to ask how the Kindertransport is remembered both in the countries of origin particularly Germany and in the host nations as well as the first to analyze how it is represented in museums memorials and commemorations Seeing memory of the Kindertransport in the host nations and in Germany as significantly different the study argues that the different national memory discourses around the Nazi persecution of Jews shape the respective countries images of the Kindertransport and that those images in turn shape the discourses especially in Britain Yet while national memory frameworks remain crucial to how the Kindertransport is remembered the book also documents the increasing significance of transnational memory trends that link the host nations with each other and with the countries from which the children originated

Dorothea Lasky,2025-11-04 A poet s spacious exploration of time memory and art in homage to Bernadette Mayer A spiritual homage to Bernadette Mayer s monumental artwork of the same title Dorothea Lasky s Memory is a cycle of poet s essays stirred by two profound questions What constitutes personhood and consciousness What memories get lost and why Expansive in her quest for answers Lasky launches an inspired investigation of the forces that form our lives and deepest senses of ourselves She identifies three dimensions of memory ancestral personal and poetic and in her singularly clear voice undertakes to enter into their mysteries From those recesses she returns with a wide ranging collection of essays that like lyric poems find the universal inside the particular Memory reflects on the banal private emotions and historical trauma dear departed poets Diane di Prima Lucie Brock Broido her father s battle with Alzheimer s and cultural events that have become charged sites of collective reminiscence the moon landing the music of Neutral Milk Hotel Other pieces face the flip side of memory asking what s left where memory is absent and what s real beyond the horizon of death The book closes with Time the Rose and the Moon an ars poetica published here in English for the first time which offers the ancient symbol of the Ouroboros as a figure for the nonlinear processes of time memory and art Like Mayer before her Lasky reveals memory to be huge and haunting as she accumulates impressions that challenge the very possibility of fixed meaning Every rose has the scent of death she writes And poetry is a perfume That will stay on your body forever Whatever happens this time around remember that *Catalog of Copyright Entries* Library of Congress. Penny Dreadful Collection Justin L. Smith,2025-05-24 Follow the events that lead up to the full length novel The Great Remembering In 2022 s The Great Remembering Nazis secretly took over America and renamed it Neo Columbia They

invaded Canada and Mexico The country is controlled by Oligarchs and the President is controlled by a Tech Oligarch But it didn't happen overnight Things were set in motion for decades The Penny Dreadful Collection shows the lead up to this For convenience I have simply combined the first volume of short stories into one anthology Page counts vary but the Penny Dreadful Collection should average 140 pages In chronological order but not their original publishing order Koschei's Arrow The Broken Arrow Ashley and Connie Moonlight Over Monte Carlo Operation Spring Heeled Jack Masterson's Miscalculation and Black Sheep and Black Jade All these back stories equaling a little over half of a full length novel as an anthology If you are interested in the theology I use in The Broken Arrow please me on Twitter Justin_L_Smith_ I can send you a thread that explains these things in greater detail The Broken Arrow is a short story With all the information I have on this it could never all work in a short story I have had much of my series planned since 2020 Unfortunately developing Systemic Mastocytosis in late 2023 has greatly slowed me down I intended to write a Dystopian Series that felt real Like this could all really happen Sadly what was intended as a warning about Horseshoe Theory was well warranted I am currently working slowly on the sequel to The Great Remembering when I have the strength energy and time to do so Once it is complete I will write a new series of short stories to go along with it and keep using the ideas I amassed over the years as some of these ideas won't work in full length novels I find this is more entertaining than a wiki page to flesh out various events and characters in the world of Scabbers

Dissociation and Wholeness in Patrick White's Fiction Laurence Steven, 1989-08-23 Most studies of Patrick White's fiction are devoted to elucidating archetypal patterns symbolic configurations and thematic preoccupations and generally to praising the way White's fictional elements combine to form a religio-mystical worldview Few have questioned this critical approach to White fewer still have questioned White's vision itself Yet according to the author questioning is in order for Patrick White is a man divided One part of him strives for permanence for the ideal in a world he knows is contingent and temporal a world that will undermine his striving This leads him as a novelist to devalue human life and to impose arbitrary symbolic resolutions on his novels This has been the focus of most critics But there is another side a part of White that strains away from the dualism of idealism versus despair and towards a vital wholeness that can be found not in a world beyond the one we live in but in human relationships It is this side of Patrick White argues Laurence Steven that is the source of his genuine power as a novelist An important challenge for the critic is to develop an ability to see within the restrictive compass White's symbolic designs impose on the novels the new shoots as D H Lawrence would have it which indicate new life new creativity and which
