Reminiscences Of The Thirteenth New Jersey Infantry In The Civil War:

The Era of the Civil War--1820-1876 Louise A. Arnold-Friend, US Army Military History Institute, 1982 **The Destructive War** Charles Royster, 2011-09-14 From the moment the Civil War began partisans on both sides were calling not just for victory but for extermination And both sides found leaders who would oblige In this vivid and fearfully persuasive book Charles Royster looks at William Tecumseh Sherman and Stonewall Jackson the men who came to embody the apocalyptic passions of North and South and re creates their characters their strategies and the feelings they inspired in their countrymen At once an incisive dual biography hypnotically engrossing military history and a cautionary examination of the American penchant for patriotic bloodshed **The Destructive War** is a work of enormous power **Pickett's Charge in History and Memory** Carol Reardon, 2012-01-01 If as many have argued the Civil War is the most crucial moment in our national life and Gettysburg its turning point then the climax of the climax the central moment of our history must be Pickett's Charge But as Carol Reardon notes the Civil War saw many other daring assaults and stout defenses Why then is it Pickett's Charge at Gettysburg and not for example Richardson's Charge at Antietam or Humphreys's Assault at Fredericksburg that looms so large in the popular imagination As this innovative study reveals by examining the events of 3 July 1863 through the selective and evocative lens of memory we can learn much about why Pickett's Charge endures so strongly in the American imagination Over the years soldiers journalists veterans politicians orators artists poets and educators Northerners and Southerners alike shaped revised and even sacrificed the history of the charge to create memories that met ever shifting needs and deeply felt values Reardon shows that the story told today of Pickett's Charge is really an amalgam of history and memory The evolution of that mix she concludes tells us much about how we come to understand our nation's past

Library, 1913 **War Department, Office of the Chief of Staff, War College Division, General Staff**, 1913 **Voices of the Army of the Potomac** Vincent L. Burns, 2021-10-29 Finalist 2021 Army Historical Foundation Distinguished Writing Awards As historian David W Bright noted in *Race and Reunion The Civil War in American Memory* No other historical experience in America has given rise to such a massive collection of personal narrative literature written by ordinary people This massive collection of memoirs recollections and regimental histories make up the history of the Civil War seen through the eyes of the participants This work is an overview of what Civil War soldiers and veterans wrote about their experiences It focusses on what veterans remembered what they were prepared to record and what they wrote down in the years after the end of the war In an age of increased literacy many of these men had been educated whether at West Point Harvard or other establishments but even those who had received only a few years of education chose to record their memories The writings of these veterans convey their views on the cataclysmic events they had witnessed but also their memories of everyday events during the war While many of them undertook detailed research of battles and campaigns before writing their accounts it is clear that a number

were less concerned with whether their words aligned with the historical record than whether they recorded what they believed to be true This book explores these themes and also the connection between veterans writing their personal war history and the issue of veterans pensions Understanding what these veterans chose to record and why is important to achieving a deeper understanding of the experience of these men who were caught up in this central moment in American life
