Rene Wellek:

René Wellek Martin Bucco, 1981 **Theory of Literature** René Wellek, Austin Warren, 1956 A classic of criticism that examines the nature function form and contents of literature The most ordered ranging and purposeful attempt toward keeping the study of literature at once intelligent and liberal New York Times Index *The Attack on Literature and Other Essays* René Wellek, 2018-07-25 With the erudition that has distinguished his lifelong study of literary criticism Wellek considers the trends theories and quarrels of recent years He continues to insist that criticism whether written by structuralists phenomenologists Marxists or the New Critics makes judgments and also takes into account a common humanity that makes all art accessible to us He also considers the relationship between literature and linguistics and the difficulty of constructing evolutionary models for literary history Originally published in 1982 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *American Learned Men and Women with Czechoslovak Roots* Mila Rechci, 2020-11-18 Apart from a few articles no comprehensive study has been written about the learned men and women in America with Czechoslovak roots That's what this compendium is all about with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Czech and Slovak immigrants including Bohemian Jews have brought to the New World their talents their ingenuity their technical skills their scientific knowhow and their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for the remarkable success and achievements of these settlers in their new home transcending through their descendants as this monograph demonstrates The monograph has been organized into sections by subject areas i.e. Scholars Social Scientists Biological Scientists and Physical Scientists Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on geographical ground without regards to their native language or ethnic background This was because under the Habsburg rule the official language was German and any nationalistic aspirations were not tolerated Consequently it would be virtually impossible to determine their innate ethnic roots or how the respective individuals felt Doing it in any other way would be a mere guessing and thus less objective **Encyclopedia of Contemporary Literary Theory** Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars

from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture

Dostoevsky's "Idiot" Bruce A. French,2001 Prince Myshkin is one of Dostoevsky's most perplexing creations In this study Bruce A French presents a provocative interpretation of the religious dimension of Myshkin's goodness from a Bakhtinian perspective In three chapters French takes up in turn the narrator and narrative points of view the author's use of inserted narratives and three modes of interaction French calls Monologue Dialogue and Dialogical Living **John Donne and**

Baroque Allegory Hugh Grady,2017-08-10 John Donne has been one of the most controversial poets in the history of English literature his complexity and intellectualism provoking both praise and censure In this major reassessment of Donne's poetry Hugh Grady argues that his work can be newly appreciated in our own era through Walter Benjamin's theory of baroque allegory Providing close readings of *The Anniversaries* *The Songs and Sonnets* and selected other lyrics this study reveals Donne as being immersed in the aesthetic of fragmentation that define both the baroque and the postmodernist aesthetics of today Synthesizing cultural criticism and formalist analysis Grady illuminates Donne afresh as a great poet for our own historical moment Realism and Relativism Robert Lawrence Heath,1986 *Critical Autoethnography and Écriture*

Feminine Elizabeth Mackinlay,Renée Mickelburgh,2023-10-11 The project offers a collection of new interdisciplinary critical autoethnographic engagements with Hélène Cixous' *criture féminine* and work *Three steps on the ladder of writing* Critical autoethnography shares a reciprocal and interanimating relationship with Hélène Cixous' *criture féminine* *feminine writing* and in this collection authors explore that interanimation by explicitly engaging with *Three steps on the ladder of writing* *Three steps* is a poetic insightful and ultimately moving reflection on the writing process and explores three distinct areas essential for writing *The School of the Dead* the notion that something or someone must die in order for good writing to be born *The School of Dreams* the crucial role dreams play in literary inspiration and output and *The School of Roots* the importance of depth in the nether realms in all aspects of writing Topics covered include ways Cixous' work can address the need for loss and reparation in writing critical autoethnography how Cixous' writing makes our body speak through concepts of birth and the body in through and of critical autoethnography whether writing in this way recast and reform prevailing orders of domination and oppression and how Cixous' writing around the ethics of loving and giving translates into response able and non violent forms of critical autoethnography in relation to otherness and difference In this collection we invite you

to Let us go to the school of critical autoethnographic writing Cixous 1993 p 3 with the work of Hélène Cixous and speak in a different way and through a different medium of academic language in an approach that reveals the tensions the paradoxes the pains and the pleasures of writing with critical autoethnography in the contemporary university The Rule of Art Clark Hulse,1990 What do Renaissance poetry and painting have in common What are the social ideological and aesthetic bases for the links between them And what role do those links play in creating the humanistic culture that still has power over us today These are the questions Clark Hulse takes up in this sophisticated interdisciplinary study of Renaissance aesthetics Proposing an archeology of artistic knowledge Hulse examines the theoretical language through which the poets painters and patrons of the Renaissance conceived of the relationship between the arts That language is embedded in what he calls a rule of art a specific set of categories assumptions and practices that defined the two art forms and the relationship between them Hulse charts the rise of both forms to the status of liberal arts requiring special intellectual training for artist and patron alike In the process he uncovers the history of the practice of theory in the Renaissance revealing how artistic discourse lived in the world The Emergence of Romanticism Nicholas V. Riasanovsky,1995-05-18 Although primarily known as an eminent historian of Russia Nicholas Riasanovsky has been a longtime student of European Romanticism In this book Riasanovsky offers a refreshing and appealing new interpretation of Romanticism s goals and influence He searches for the origins of the dazzling vision that made the great early Romantic poets in England and Germany Wordsworth Coleridge Novalis and Friedrich Schlegel look at the world in a new way He stresses that Romanticism was produced only by Western Christian civilization with its unique view of humankind s relationship to God The Romantic s frantic and heroic striving after unreachable goals mirrors Christian beliefs in human inability to adequately address God speak to God or praise God Further Riasanovsky argues that Romantic thought had important political implications playing a key role in the rise of nationalism in Europe Offering a historical examination of an area often limited to literary analysis this book gracefully makes a larger historical statement about the nature and centrality of European Romanticism **Twentieth Century Literary Criticism** Bijay Kumar Das,2005 Considering The Great Popularity Of The First Four Editions Of The Book Twentieth Century Literary Criticism And Keeping In Mind The Valuable Suggestions Received From Several Quarters The Present Fifth Edition Has Been Revised And Enlarged By An Addition Of Twelve New Chapters It Contains Fifty Chapters In All Organized Into Two Parts Part I Of The Book Lays Emphasis On Various Schools Of Criticism That Are Prevalent In India And The West Each Chapter Contains An Analysis Of The Theory In Question And Shows The Trend And Development As Well As The Methodology Of Literary Criticism In The 20Th Century Recent Issues In Twentieth Century Criticism Postcolonial Theory Translation Theory Cultural Criticism And Gender Studies Are Among The Many Attractions Of The Book Part Ii Of The Book Contains Discussions On A Large Number Of Critical Essays And Critics Such As Eliot Richards Leavis Barthes Foucault And The Postcolonial Critics The Seminal Critical Essays Included In This Section Have Influenced The Critical Trends In The

Twentieth Century And Changed The General Perception Of Criticism These Chapters Apart From Giving A Comprehensive Idea Of The Critical Concepts Also Provide An Analytic Study Of The Critical Works Important Postcolonial Critics Like Edward Said Homi K Bhabha And Gayatri Chakravorty Spivak Have Been Discussed With New Insight Professor Das Has Explained The Theories And The Texts With Clarity And Precision In A Lucid Language This Is An Invaluable Reference Book For Anyone Interested In The Field Of Literary Criticism In The Twentieth Century **Oscar Wilde in the 1990s** Melissa Knox, 2001 An examination of the most significant literary criticism on Wilde at the turn of the century In 1891 Oscar Wilde defined the highest criticism as the record of one's own soul and insisted that only by intensifying his own personality could the critic interpret the personality and work of others This book explores what Wilde meant by that statement arguing that it provides the best standard for judging literary criticism about Wilde a century after his death Melissa Knox examines a range of Wilde criticism in English including the work of Lawrence Danson Michael Patrick Gillespie Ed Cohen and Julia Prewitt Brown Applying Wilde's standards to his critics Knox discovers that the best of them take to heart Wilde's idea of the aim of criticism to see the object as in itself it really is not By this Wilde appreciates Walter Pater's profound observation that everyone sees through a thick wall of personality and that therefore objectivity as conceived by Matthew Arnold does not exist Admiring Pater Wilde became a prophet for Freud his exact contemporary Their intellectual sympathies made obvious in Knox's exegesis help to make the case for Wilde as a modern not a Victorian Melissa Knox's book *Oscar Wilde A Long and Lovely Suicide* was published in 1994 She teaches at the University of Duisburg Essen Germany
