J. Bennitt, 1945* Tropic Crucible Ranjit Chatterjee, Colin Nicholson, 1984 **Malaya's Secret Police 1945-60** Leon Comber, 2008 The Malayan Emergency lasted from 1948 to 1960 During these tumultuous years following so soon after the Japanese surrender at the end of the Second World War the whole country was once more turned upside down and the lives of the people changed The war against the Communist Party of Malaya's determined efforts to overthrow the Malayan government involved the whole population in one form or another Dr Comber analyses the pivotal role of the Malayan Police's Special Branch the government's supreme intelligence agency in defeating the communist uprising and safeguarding the security of the country He shows for the first time how the Special Branch was organised and how it worked in providing the security forces with political and operational intelligence His book represents a major contribution to our understanding of the Emergency and will be of great interest to all students of Malaysia's recent history as well as counter guerrilla

operations It can profitably be mined too to see what lessons can be learned for counterinsurgency operations in other parts of the world

The Southeast Asian Woman Writes Back Grace V. S. Chin,Kathrina Mohd Daud,2017-12-04 This collection of essays examines how Southeast Asian women writers engage with the grand narratives of nationalism and the modern nation state by exploring the representations of gender identity and nation in the postcolonial literatures of Brunei Darussalam Malaysia Singapore Indonesia and the Philippines Bringing to light the selected works of overlooked local women writers and providing new analyses of those produced by internationally known women authors and artists the essays situate regional literary developments within historicized geopolitical landscapes to offer incisive analyses and readings on how women and the feminine are imagined represented and positioned in relation to the Southeast Asian nation The book which features both cross country comparative analyses and country specific investigations also considers the ideas of the nation and the state by

investigating related ideologies rhetoric apparatuses and discourses and the ways in which they affect women's bodies subjectivities and lived realities in both historical and contemporary Southeast Asian contexts By considering how these literary expressions critique contest or are complicit in nationalist projects and state mandated agendas the collection contributes to the overall regional and comparative discourses on gender identity and nation in Southeast Asian studies

The Red Bicycle: Dave Anthony, 2017 The brave fighters of the Communist Party of Malaya lived hard lives in the jungles pledging allegiance to the Party above all else But despite their dedication many were lost due to a traitor in their midst one so high ranking that nobody would have suspected him Dave Anthony's historical novel follows the developing love of two of the guerrilla fighters the multiple identities of their Beloved Leader and the uneasy cooperation between the British and the communists against their common enemy The Red Bicycle tells a fascinating story inspired by the Communist Party of Malaya's most infamous operative Weaving together fact and fiction Dave Anthony has produced a compelling historical narrative that spans four South East Asian countries More importantly he has provided a window into the lives of Party members by highlighting the personal relationships of his main characters In so doing he succeeds in giving them a human face something conspicuously absent in most other accounts of the Party tan beng hui Co author Feminism and the Women's Movement in Malaysia An unsung revolution

Tragic Orphans Carl Vadivella Belle, 2016-05-13 In 1938 noting that the bulk of the Indian population formed a landless proletariat and despairing of the ability of the factionalized Indian community to unite in pursuit of common objectives activist K A Neelakanda Ayer forecast that the fate of Indians in Malaya would be to become the Tragic orphanage of whom India has forgotten and Malaya looks down upon with contempt Ayer's words continue to resonate as a minority group in a nation dominated politically by colonially derived narratives of race and ethnicity and riven by the imperatives of religion the general trajectory of the economically and politically impotent Indian community has been one of increasing irrelevance This book explores the history of the modern Indian presence in Malaysia and traces the vital role played by the Indian community in the construction of contemporary Malaysia In this comprehensive new study Carl Vadivella Belle offers fresh insights on the Indian experience spanning the period from the colonial recruitment of Indian labour to the post Merdeka political economic and social marginalization of Indians While recent Indian challenges to the political status quo a regime described as that of the benign neglect promoted Indian hopes of reform change and uplift the author concludes that the dictates of political discourse permeated by the ideologies of communalism offer limited prospects for meaningful change

The Final Betrayal Mark Felton, 2010-06-19 This book examines the period between the unconditional surrender of Japan on 14 August 1945 and the arrival of Allied liberation forces in Japanese occupied territories after 2 September 1945 The delay handed the Japanese a golden opportunity to set their house in order before Allied war crimes investigators arrived After 14 August groups of Allied POWs were brutally murdered Vast amounts of documentation concerning crimes were burned ahead of the arrival of Allied forces POW facilities

and medical experimentation installations were either abandoned or destroyed Perhaps the greatest crimes were continuing deaths of Allied POWs from starvation disease and ill treatment after the Japanese surrender The blame rests with the American authorities and particularly General MacArthur Supreme Allied Commander in the Pacific MacArthur expressly forbade any Allied forces from liberating Japanese occupied territories before he had personally taken the formal Japanese surrender aboard the USS Missouri in Tokyo Bay on 2 September 1945 Vice Admiral Lord Mountbatten Commanding Allied forces in Southeast Asia protested against this policy believing that pandering to MacArthurs vanity and ego would mean condemning many starving and sick prisoners to death Deaths among British and Commonwealth POWs were significant as opposed to American POWs who were already largely liberated in the Philippines and elsewhere **Legacy of Violence**

Caroline Elkins,2023-10-31 From a Pulitzer Prize winning historian a searing study of the British Empire that probes the country s pervasive use of violence throughout the twentieth century and traces how these practices were exported modified and institutionalized in colonies around the globe Sprawling across a quarter of the world s land mass and claiming nearly seven hundred million people Britain s twentieth century empire was the largest empire in human history For many Britons it epitomized their nation s cultural superiority But what legacy did the island nation deliver to the world Covering more than two hundred years of history Caroline Elkins reveals an evolutionary and racialized doctrine that espoused an unrelenting deployment of violence to secure and preserve the nation s imperial interests She outlines how ideological foundations of violence were rooted in the Victorian era calls for punishing recalcitrant natives and how over time its forms became increasingly systematized And she makes clear that when Britain could no longer maintain control over the violence it provoked and enacted it retreated from empire destroying and hiding incriminating evidence of its policies and practices Drawing on more than a decade of research on four continents *Legacy of Violence* implicates all sides of Britain s political divide in the creation execution and cover up of imperial violence By demonstrating how and why violence was the most salient factor underwriting Britain s empire and the nation s imperial identity at home Elkins upends long held myths and sheds new light on empire s role in shaping the world today *The Agricultural Bulletin of the Federated Malay States*
