Booker, 2012-02-28 How do people in both the past and the present think about moments of social and political crisis and how do they respond to them What are the interpretive codes by which troubling events are read and given meaning and what part do these codes play in suggesting specific strategies for coping with the world In *Past Convictions* Courtney Booker attempts to answer these questions by examining the controversial divestiture and public penance of Charlemagne's son the Emperor Louis the Pious in 833 Historians have customarily viewed the event as marking the beginning of the end of the Carolingian dynasty Exploring how both contemporaries and subsequent generations thought about Louis's forfeiture of the throne Booker contends that certain vivid ninth century narratives reveal a close but ephemeral connection between historiography and the generic conventions of comedy and tragedy In tracing how writers of later centuries built upon these dramatic Carolingian accounts to tell a larger story of faith betrayal political expediency and decline he explicates the ways historiography shapes our vision of the past and what we think we know about it and the ways its interpretive models may fall short **King and Emperor** Janet L. Nelson, 2021-06-08 Charles I often known as Charlemagne is one of the most extraordinary figures ever to rule an empire Driven by unrelenting physical energy and intellectual curiosity he was a man of many parts a warlord and conqueror a judge who promised for each their law and justice a defender of the Latin Church a man of flesh and blood In the twelve centuries since his death warfare accident vermin and the elements have destroyed much of the writing on his rule but a remarkable

amount has survived Janet Nelson's wonderful new book brings together everything we know about Charles sifting through the available evidence literary and material to paint a vivid portrait of the man and his motives Charles's legacy lies in his deeds and their continuing resonance as he shaped counties countries and continents founded and rebuilt towns and monasteries and consciously set himself up not just as King of the Franks but as the head of the renewed Roman Empire His successors in some ways even up to the present day have struggled to interpret misinterpret copy or subvert his legacy
