The World's Greatest Books — Volume 02 — Fiction Unknown,2015-12-27 The World s Greatest Books Volume 02 An enterprise such as THE WORLD S GREATEST BOOKS is to be judged from two different standpoints It may be judged with respect to its specific achievement the material of which it consists or it may be judged with regard to its general utility in the scheme of literature to which it belongs In an age which is sometimes ironically called remarkable for its commercialism nothing has been more truly remarkable than the advancement in learning as well as in material progress and of all the instruments that have contributed to this end none has been more effective perhaps than the practical popularisation of literature In THE WORLD S GREATEST BOOKS an attempt has been made to effect a compendium of the world s best literature in a form that shall be at once accessible to every one and still faithful to its originals or in other words it has been sought to allow the original author to tell his own story over again in his own language but in the shortest possible space However we are aware that even THE WORLD S GREATEST BOOKS will not escape the criticism of a small class of people who will profess to object to this as to any kind of interference with an author s original in reply to which it can only be said that such objections are seldom if ever made in the true interests of learning or in a genuine spirit of inquiry and too often only proceed from a knowledge of books or love of them which goes no deeper than their title page The selections in THE WORLD S GREATEST BOOKS have been collected and are alphabetically arranged in ten different divisions namely Fiction Lives and Letters History Religion Philosophy Economics Science Poetry and Drama Travel and Adventure and Miscellaneous Literature An important additional feature of the work is the brief yet highly critical biographical and bibliographical note which accompanies every author and every selection throughout the twenty volumes To this must be also added the not less important Introductory and other explanations written by experts which often accompany the selections in the text cardinal examples of which will be found in particular in the section of Religion of this work in the articles dealing with such subjects as the Book of the Dead Brahmanism Confucianism the Koran Talmud etc

The Exodus Peter Feinman,2021-10-13 Did the Exodus occur This question has been asked in biblical scholarship since its origin as a modern science The desire to resolve the question scientifically was a key component in the funding of

archaeological excavations in the nineteenth century Egyptian archaeologists routinely equated sites with their presumed biblical counterpart Initially it was taken for granted that the Exodus had occurred It was simply a matter of finding the archaeological data to prove it So far those results have been for naught The Exodus An Egyptian Story takes a very real world approach to understanding the Exodus It is not a story of cosmic spectaculars that miraculously or coincidentally occurred when a people prepared to leave Egypt There are no special effects in the telling of this story Instead the story is told with real people in the real world doing what real people do Peter Feinman does not rely on the biblical text and is not trying to prove that the Bible is true He places the Exodus within Egyptian history based on the Egyptian archaeological record It is a story of the rejection of the Egyptian cultural construct and defiance of Ramses II Egyptologists not biblical scholars are the guides to telling the Exodus story What would you expect Ramses II to say after he had been humiliated If there is an Egyptian smoking gun for the Exodus how would you recognize it To answer these questions requires us to take the Exodus seriously as a major event at the royal level in Egyptian history

The Magnificent Adventure: Being the Story of the World's Greatest Exploration and the Romance of a Very Gallant Gentleman Emerson

Hough, 2020-09-28 A woman tall somewhat angular dark of hair and eye strong of features a woman now approaching middle age sat looking out over the long tree clad slopes that ran down from the gallery front of the mansion house to the gate at the distant roadway She had sat thus for some moments many moments her gaze intently fixed as though waiting for something something or someone that she did not now see but expected soon to see It was late afternoon of a day so beautiful that not even old Albemarle beauty spot of Virginia ever produced one more beautiful not in the hundred years preceding that day nor in the century since then For this was more than a hundred years ago and what is now an ancient land was then a half opened region settled only here and there by the great plantations of the well to do The house that lay at the summit of the long and gentle slope flanked by its wide galleries its flung doors opening it from front to rear to the gaze as one approached had all the rude comfort and assuredness usual with the gentry of that time and place It was the privilege and the habit of the Widow Lewis to sit idly when she liked but her attitude now was not that of idleness Intentness reposeful acceptance of life rather showed in her motionless long sustained position She was patient as women are but her strong pose its freedom from material support her restrained power to do or to endure gave her the look of owning something more than resignation something more than patience A strong figure of a woman one would have said had one seen her sitting on the gallery of her old home a hundred and twenty four years ago The Widow Lewis stared straight down at the gate a quarter of a mile away with yearning in her gaze But as so often happens what she awaited did not appear at the time and place she herself had set There fell at the western end of the gallery a shadow a tall shadow but she did not see it She did not hear the footfall not stealthy but quite silent with which the tall owner of the shadow came toward her from the gallery end It was a young man or rather boy no more than eighteen years of age who stood now and gazed at her after his silent approach so like that of an

Indian savage Half savage himself he seemed now as he stood clad in the buckskin garments of the chase then not unusual in the Virginian borderlands among settlers and hunters and not held out among a people so often called to the chase or to war

Beyond the Wild River Sarah Maine, 2017-04-18 For fans of Kate Morton and Beatriz Williams a highly atmospheric and suspenseful historical novel set in the 1890s about a Scottish heiress who unexpectedly encounters her childhood friend in North America five years after he disappeared from her family's estate the night of a double murder Nineteen year old Evelyn Ballantyre has rarely strayed from her family's estate in the Scottish Borderlands save for the occasional trip to Edinburgh where her father a respected magistrate conducts his business and affairs of another kind Evelyn has always done her duty as a daughter hiding her boredom and resentment behind good manners so when an innocent friendship with a servant is misinterpreted by her father as an illicit union Evelyn is appalled Yet the consequence is a welcome one she is to accompany her father on a trip to North America where they'll visit New York City the 1893 World's Fair in Chicago and conclude with a fishing expedition on the Nipigon River in Canada Now is her chance to escape her cloistered life see the world and reconnect with her father Once they're on the Nipigon however Evelyn is shocked to discover that their guide is James Douglas the former stable hand and her one time friend who disappeared from the estate after the shootings of a poacher and a gamekeeper Many had assumed that James had been responsible but Evelyn never could believe it Now in the wilds of a new world far from the constraints of polite society the truth about that day James and her father will be revealed to stunning consequences

A River Flows from Eden Melila Hellner-Eshed, 2009-06-29 In the Zohar the jewel in the crown of Jewish mystical literature the verse A river flows from Eden to water the garden Genesis 2:10 symbolizes the river of divine plenty that unceasingly flows from the depths of divinity into the garden of reality Hellner-Eshed's book investigates the flow of this river in the world of the Zoharic heroes Rabbi Shimon bar Yohai and his disciples as they embark upon their wondrous spiritual adventures By focusing on the Zohar's language of mystical experience and its unique features the author is able to provide remarkable scholarly insight into the mystical dimensions of the Zohar namely the human quest for an enhanced experience of the living presence of the divine and the Zohar's great call to awaken human consciousness

Beyond Hostile Islands Daniel McKay, 2024-04-02 WINNER JAVIER COY BIENNIAL RESEARCH AWARD BEST MONOGRAPH Offers a fascinating window into how the fraught politics of apology in the East Asian region have been figured in anglophone literary fiction The Pacific War 1941-1945 was fought across the world's largest ocean and left a lasting imprint on anglophone literary history However studies of that imprint or of individual authors have focused on American literature without drawing connections to parallel traditions elsewhere *Beyond Hostile Islands* contributes to ongoing efforts by Australasian scholars to place their national cultures in conversation with those of the United States particularly regarding studies of the ideologies that legitimize warfare Consecutively the book examines five of the most significant historical and thematic areas associated with the war island combat economic competition internment

imprisonment and the atomic bombing of Hiroshima and Nagasaki Throughout the central issue pivots around the question of how or whether at all New Zealand fiction writing differs from that of the United States Can a sense of islandness the tyranny of distance Mori cultural heritage or the political legacies of the nuclear free movement provide grounds for distinctive authorial insights As an opening gambit *Beyond Hostile Islands* puts forward the term ideological coproduction to describe how a territorially and demographically more minor national culture may accede to the essentials of a given ideology while differing in aspects that reflect historical and provincial dimensions that are important to it Appropriately the literary texts under examination are set in various locales including Japan the Solomon Islands New Zealand New Mexico Ontario and the Marshall Islands The book concludes in a deliberately open ended pose with the full expectation that literary writing on the Pacific War will grow in range and richness aided by the growth of Pacific Studies as a research area

Philosophy and Fiction Schuy R. Weishaar, 2022-11-18 Fiction lies in order to tell the truth and seeks reality through shadows Philosophy attempts to dispel false realities it pursues clear understanding of things as they are While the relation of philosophy and fiction is perhaps paradoxical they implicate one another's picture of human experience This book uses fiction to help readers process philosophical themes and the philosophical reflection in turn helps clarify the fiction The study moves through roughly a hundred years of modern fiction from Washington Irving's *The Devil* and Tom Walker 1824 through James M Cain's *Double Indemnity* 1936 Several classic works of literary fiction are examined a few largely forgotten stories and several popular novels Reading fiction through the lens of philosophy helps readers perceive the complexity and richness of fiction reinvigorating the pursuit of wisdom that lies just beneath the surface of the words on the page
