River Of Stone Fictions And Memories:

River Of Stone Rudy Wiebe, 2011-03-04 A rare and marvellous collection by a master teller of tales together in one volume for the first time River of Stone brings to readers an appealing selection of Rudy Wiebe's best and most loved writing and draws us into a world that he has made distinctively his own In this haunting collection his stories and memoirs play off each other to reveal the geographical and emotional range of the country Here we have timeless meditations on country particularly the West and the North memories of a Mennonite childhood and the pain of being cast out by the community of writing and history of pioneer days lived with love and struggle and unexpected entertaining stories that are by turn loving macabre ironic sad and joyful and very funny

Ethical Encounters Janne Korkka, 2013-09-01 The problems of knowing and representing the other are acute every time we encounter a text as writers or readers Ethical Encounters engages with the representation of encounters with alterity in the writings of the Canadian author Rudy Wiebe Drawing on Emmanuel Levinas's philosophy on the ethics of encountering the other the book argues that Wiebe's writings show that the self's knowledge offers an inadequate basis for ethically valid representations of those encounters In the search for ethical ways of engaging with alterity Wiebe's writings offer new ways of employing silence and the presence of the unknowable as means to explore encounters with alterity Ethical Encounters shows that dividing Wiebe's work into two sharply distinct categories of Mennonite and First Nations writings overlooks important connections between the author's central works and may seriously hinder the interrogation of narrative engagement with alterity While such human encounters resonate against ethical strategies of representation the greatest challenge for the ethics of encounter in Wiebe's texts arises in encounters with the alterity of space Ethical Encounters engages with both physical and narrative spaces which are not permanently fixed in landscape or geography or in human perceptions of place arguing that the most radical expressions of alterity in Wiebe's writings emerge in encounters with the spaces of the Canadian North The study raises questions about the relationship between the self and the other as they concern knowing what does the self know when it claims to know another person or space How does the narrating self negotiate the seeming collapse of its own knowledge when it encounters others whose stories cannot be known Ethical Encounters casts new light not just on Wiebe's writings but also on how we as authors and readers engage with expressions of alterity which refuse to be transformed into familiar knowable forms Janne Korkka is post doctoral researcher and coordinator of the North American Studies programme in the Department of English University of Turku Finland His main research interests lie in the problems of representing space and encountering alterity in Canadian writing He is co editor of Seeking the Self Encountering the Other Diasporic Narrative and the Ethics of Representation 2008 He teaches Canadian and postcolonial literatures and North American Studies and publishes mainly on Canadian writing

The Riel Problem Albert Braz, 2024-06-06 Tracing Louis Riel's metamorphosis from traitor to hero Braz argues that through his writing Riel resists his portrayal as both a Canadian patriot and a pan Indigenous leader After being hanged for

high treason in 1885 the Métis politician poet and mystic has emerged as a quintessential Canadian champion The Riel Problem maps this representational shift by examining a series of cultural and scholarly commemorations of Riel since 1967 from a large scale opera about his life through the publication of his extant writings to statues erected in his honour Braz also probes how aspects of Riel's life and writing can be problematic for many contemporary Métis artists scholars and civic leaders Analyzing representations of Riel in light of his own writings the author exposes both the constructedness of the Canadian nation state and the magnitude of the current historical revisionism when dealing with Riel

The Canadian Short Story Reingard M. Nischik, 2007 Beginning in the 1890s reaching its first full realization by modernist writers in the 1920s and brought to its heyday during

the Canadian Renaissance starting in the 1960s the short story has become Canada's flagship genre. It continues to attract the country's most accomplished and innovative writers today among them Margaret Atwood, Mavis Gallant, Alice Munro, Carol Shields and many others. Yet in contrast to the stature and popularity of the genre and the writers who partake in it, surprisingly little literary criticism and theory has been devoted to the Canadian short story. This collection redresses that imbalance by providing the first collection of critical interpretations of a range of thirty well-known and often anthologized Canadian short stories from the genre's beginnings through the twentieth century. A historical survey of the genre introduces the volume and a timeline comparing the genre's development in Canada, the US and Great Britain via representative examples completes it. The collection is geared both to specialists in and to students of Canadian literature. For the latter it is of particular benefit that the volume provides not only a collection of interpretations but a comprehensive introduction to the history of the Canadian short story. Reingard M. Nischik is professor and chair of American Literature at the University of Constance, Germany.

The False Traitor Albert Raimundo Braz, 2003-01-01

The nineteenth-century M.T.'s politician and mystic

Louis Riel has emerged as one of the most popular and elusive figures in Canadian culture. Since his hanging for treason in 1885, the self-declared David of the New World has been depicted variously as a traitor to Confederation, a French Canadian and Catholic martyr, a bloodthirsty rebel, a pan-American liberator, a pawn of shadowy white forces, a Prairie political maverick, a First Nations hero, an alienated intellectual, a victim of Western industrial progress, and even a Father of Confederation. Albert Braz synthesizes the available material by and about Riel, including film, sculpture, and cartoons, as well as literature in French and English, and analyzes how an historical figure could be portrayed in such contradictory ways. In light of the fact that most aesthetic representations of Riel bear little resemblance not only to one another but also to their purported model, Braz suggests that they reveal less about Riel than they do about their authors and the society to which they belong. The most comprehensive treatment of the representations of Louis Riel in Canadian literature, *The False Traitor*, will be a seminal work in the study of this popular Canadian figure.

River Fiction of India Subhadeep Ray, 2025-03-31. This book establishes river fiction as an identifiable genre. It argues that rivers and riverbeds, through myths and legends, ecological and environmental concerns, geographical and historical realities, politics, and economics around them, can provide an underlying framework to understand Indian prose fiction. With essays on river fiction across India, the volume presents a new way of understanding and reading South Asian literature. The volume will be of great interest to scholars and researchers of literature and literary criticism and South Asian studies.

Historical Fiction Focus River Stone, AI, 2025-02-19. *Historical Fiction Focus* explores the captivating blend of verifiable history and imaginative storytelling that defines the genre. It examines how historical fiction navigates the complex balance between historical accuracy and narrative engagement. The book uniquely combines literary analysis with market data, offering insights into why readers are drawn to these stories. Great Plains David J. Wishart, 2004-01-01 Wishart and the staff of the Center for Great Plains Studies have compiled a wide-ranging, pun-intended encyclopedia of this important region. Their objective was to give definition to a region that has traditionally been poorly defined, and they have. **The New Oxford Book of Canadian Short Stories in English**

Margaret Atwood, Robert Weaver, 1995 A survey of Canada's leading writers features forty-seven stories with new pieces by writers in the original Oxford Book of Canadian Short Stories. Included are short stories by W. P. Kinsella, Morley Callaghan, Timothy Findlay, Matt Cohen, Alice Munro, and Margaret Atwood. **Postmodern Fiction in Canada** Theo D'Haen, Hans

Bertens, 1992 **Great Stories from the Prairies** Birk Sproxtun, 2000 As expansive as a prairie sky, as refreshing as a cool breeze on a hot summer day, *Great Stories from the Prairies* collects the best prairie stories of the last one hundred years. From Frederick Phillip Grove's classic *Snow* to the contemporary delights of Sandra Birdsell and Carol Shields, prairie writers have existed always in relation to landscape and a strong sense of place. Tracing the development of prairie writing over one hundred years, *Great Stories from the Prairies* reveals how broad the influence of landscape, but also provides refreshing insight into its many nuances. You will find, for instance, traditional cultural icons of wind, dust, and the vast expanse of land and sky. But nestling against them, you will discover the rich circuitry of city life as in the stories of Guy Vanderhaeghe, Carol Shields, and Meeka Walsh. Playing off that nuance are the parklands and boreal forests of Kristjana Gunnars and W. D. Valgardson's great inland sea of Lake Winnipeg. But perhaps *Great Stories from the Prairies* is best characterized by Margaret Laurence, who speculates about how prairie dwellers, with their horizon accustomed eyes, see the world differently from other Canadians. This unique collection celebrates that distinct view. **Literature and the Metaphoric Universe in**

the Mind Nicolae Babuts, 2017-07-05 Nicolae Babuts believes that the study of metaphoric thought and literature can be enriched by the application of recent discoveries from neuroscientific experiments. He maintains that metaphors are neither linguistic formations nor conceptual formations but instead the product of association of images and language. They are a matter of vision. Memory is an essential component in the creation of meaning and is the way the mind receives messages from the outside world. In this process of transferring data from the outside world, the mind's overriding tendency is to integrate and interpret. Thus, incoming messages are recognized and given meaning whether they are in harmony with the

inner world of the mind or in conflict with it Babuts argues that the literature we read is related to our perception of reality And reality has two identities the physical identity of the outside world and its symbolic identity within memory The symbolic identity of the outside world is represented internally by the metaphoric universe in the mind Fiction, Memory, and Ethnic Politics in the South Caucasus Mikail Mamedov, Peter Orte, Nona Shahnazarian, Ulvi Ismayil, 2025-09-30 The book explores the aftermath of the disintegration of the Soviet Union and the effects of war and nationalism in the South Caucasus While the Soviet Union's dissolution seemed to promise democracy and liberalization the rise of nationalist movements in Armenia and Azerbaijan led to those countries becoming undemocratic monoethnic states which ethnically cleansed their largest minorities During the violence of the first stage of the Karabakh War 1992-1994 Armenians were expelled from Azerbaijan and Azerbaijanis were expelled from Armenia The persistence of this violent conflict through the second 2020 and third 2023 stages has led to competing incompatible national narratives and an entrenched imagination of the other as the enemy Explaining these events historical context by tracing them back to specific Soviet and Tsarist policies the contributors of this volume examine the impact of the Karabakh conflict on ordinary people's lives in Armenia and Azerbaijan by analyzing fiction film and other forms of public memory Ultimately they show how eternal enmity is a myth and point to potential solutions to the conflict This study will be useful to students and scholars of Soviet and Post Soviet History Nationalism Empire and Conflict Studies Canadian Books in Print, 2003
