French,2007-12-18 In *A Continent for the Taking* Howard W French a veteran correspondent for The New

York Times gives a compelling firsthand account of some of Africa's most devastating recent history from the fall of Mobutu Sese Seko to Charles Taylor's arrival in Monrovia to the genocide in Rwanda and the Congo that left millions dead. Blending eyewitness reportage with rich historical insight, French searches deeply into the causes of today's events, illuminating the debilitating legacy of colonization and the abiding hypocrisy and inhumanity of both Western and African political leaders. While he captures the tragedies that have repeatedly befallen Africa's peoples, French also opens our eyes to the immense possibility that lies in Africa's complexity, diversity, and myriad cultural strengths. The culmination of twenty-five years of passionate exploration and understanding, this is a powerful and ultimately hopeful book about a fascinating and misunderstood continent.

On the Edge Nate Silver, 2025-08-12. The Instant New York Times Bestseller. With a New Preface from Nate Silver for 2025. New York Times Book Review. Paperback. Row selection. Engaging and entertaining, a glimpse of the economy of the future. Tim Wu. New York Times Book Review. From the New York Times bestselling author of *The Signal and the Noise*, the definitive guide to our era of risk and the players raising the stakes. In a world wired for chaos, these players are rewriting the rules. High stakes, high IQ, and often high on their own mythologies, they are driving the next era of finance, tech, and politics. But what happens when their bets go too far? Nate Silver's *On the Edge* reveals the hidden world of the River. It is the domain of gamblers and like-minded folks who move markets and change the fabric of society: poker legends, hedge fund titans, crypto speculators, and even those willing to bet the world's future on AI. They are obsessives with a deep hunger for volatility and an unrelenting desire to exploit every edge over the rest of us. Silver embeds with them, competing in the World Series of Poker, visiting Sam Bankman-Fried's FTX compound, and attending wild Miami yacht parties at the height of the crypto bubble. *On the Edge* is a front-row seat to a new world order built on risk, math, and ambition, a gripping ride through the minds shaping your future, whether you like it or not.
