Art and Memory in the Work of Elizabeth Bishop Jonathan Ellis, 2018-01-17 In *Art and Memory in the Work of Elizabeth Bishop* Jonathan Ellis offers evidence for a redirection in Bishop studies toward a more thorough scrutiny of the links between Bishop's art and life The book is less concerned with the details of what actually happened to Bishop than with the ways in which she refracted key events into writing both personal unpublished material as well as stories poems and paintings Thus Ellis challenges Bishop's reputation as either a strictly impersonal or personal writer and repositions her poetry between the Modernists on the one hand and the Confessionals on the other Although Elizabeth Bishop was born and died in Massachusetts she lived a life more bohemian and varied than that of almost all of her contemporaries a fact masked by the tendency of biographers and critics to focus on Bishop's life in the United States Drawing on published works and unpublished material overlooked by many critics Ellis gives equal attention to the influence of Bishop's Canadian upbringing on her art and to the shifts in her aesthetic and personal tastes that took place during Bishop's residence in Brazil during the 1950s and 1960s By bringing together the whole of Bishop's work this book opens a welcome new direction in Bishop studies specifically and in the study of women poets generally

Side-stepping with Shorty Sewell Ford, 2019-12-13 In *Side-stepping with Shorty* Sewell Ford masterfully captures the essence of early 20th century American life through the lens of humor and social commentary This novel is structured around the vivid escapades of the protagonist Shorty whose misadventures provide sharp insights into the culture

of the time Ford's prose reflects a rich tapestry of regional dialects and colloquial expressions rendering a lively depiction of American vernacular. The blend of humorous narrative and keen observation situates the work within the broader literary context of early American naturalism and humor writing, echoing the works of contemporaries like Mark Twain and Ring Lardner while carving out its own unique voice.

Sewell Ford, an American author born in 1868, was deeply influenced by his upbringing in a small town and the societal shifts of the industrial era. His experiences in journalism and as a humorist gave him a unique perspective on the idiosyncrasies of everyday life, which he deftly incorporates into his writing. Ford's ability to weave humor and pathos reflects his understanding of human nature and the complexities of American society during a transformative period.

Side-stepping with *Shorty* is a delightful exploration of character and culture that invites readers to engage with the comedic aspects of human experiences. I highly recommend this novel to those who appreciate witty prose, regional storytelling, and poignant social critique, as well as anyone seeking an entertaining yet reflective glimpse into America's past.
