Rivers Of History:

Rivers of History Harvey H. Jackson, 1995-07-30 Jackson weaves a seamless tale stretching from the Native American river settlements to the paper mills and hydroelectric plants of the late twentieth century Southern Historian *Rivers in History* Christof Mauch, Thomas G. Zeller, 2008-07-27 Throughout history rivers have run a wide course through human temporal and spiritual experience They have demarcated mythological worlds framed the cradle of Western civilization and served as physical and psychological boundaries among nations Rivers have become a crux of transportation industry and commerce They have been loved as nurturing providers nationalist symbols and the source of romantic lore but also loathed as sites of conflict and natural disaster *Rivers in History* presents one of the first comparative histories of rivers on the continents of Europe and North America in the modern age The contributors examine the impact of rivers on humans and conversely the impact of humans on rivers They view this dynamic relationship through political cultural industrial social and ecological perspectives in national and transnational settings As integral sources of food and water local and international transportation recreation and aesthetic beauty rivers have dictated where cities have risen and in times of flooding drought and war where they've fallen Modern Western civilizations have sought to control rivers by channeling them for irrigation raising and lowering them in canal systems and damming them for power generation Contributors analyze the regional national and international politicization of rivers the use and treatment of waterways in urban versus rural environments and the increasing role of international commissions in ecological and commercial legislation for the protection of river resources Case studies include the Seine in Paris the Mississippi the Volga the Rhine and the rivers of Pittsburgh *Rivers in History* is a broad environmental history of waterways that makes a major contribution to the study preservation and continued sustainability of rivers as vital lifelines of Western culture ***Rivers in History*** Christof Mauch, Thomas Zeller, 2008

American Rivers Bill Thomas, 1978-01-01 ***A Story of Six Rivers*** Peter Coates, 2013-06-01 Many of the world's major cities sprang up on the banks of rivers Used for water food irrigation transportation and power rivers sustain life and connect the world together but most of us think of them simply as waterways that must be crossed on the way to another place Using four European and two North American rivers as examples *A Story of Six Rivers* considers the place of rivers in our world and emphasizes the inextricable links between history culture and ecology Peter Coates explores six rivers chosen as examples of the types of rivers found on the planet the Danube the second longest river in Europe the Spree which flows through Berlin the Po which cuts eastward across northern Italy the Mersey in northwest England the Yukon which runs through Canada and Alaska and the Los Angeles in California Creating a series of river biographies Coates gives voice to each of these bodies of water exploring how rivers nurture us provide cultural and economic opportunities and pose threats to our everyday lives He challenges recent narratives that paint rivers as the victims of abuse pollution and damage at the hands of humans focusing on change rather than devastation Describing how humans and rivers form a symbiotic and

sometimes mutually destructive relationship Coates argues that rivers illustrate the limits of human authority and that their capacity to inspire us is as strong as our ability to pollute them An intimate portrait of the way these bodies of water inform our lives A Story of Six Rivers will make us reconsider the streams and tributaries we traverse each day *Rivers Through Time* Johnnie Roden Dole Gambel,1995* **History of the Waldenses of Italy, tr. by T.E. Comba** Emilio Comba,1889

Handbook of the Historiography of the Earth and Environmental Sciences Elena Aronova,David Sepkoski,Marco Tamborini,2025-09-30 This open access handbook aims to provide a definitive assessment of the historiography and the future of major themes and approaches within the history of the earth sciences understood broadly The volume is intended for a broad range of readers including graduate students other scholars and scientists both familiar with and new to the history of the earth and environmental sciences Essays in the collection reflect on various problems in the study of the history of the earth sciences emphasizing crosscutting themes such as economics technology politics gender etc and featuring innovative ways of framing historiographic perspectives Since scholarship in the history of science is increasingly becoming entangled with environmental economic and bureaucratic political gender and other historical approaches the volume as a whole emphasizes the breadth and diversity of scholarship on the earth and environmental sciences **The History of human marriage v. 1** Edward Westermarck,1922 **An Environmental History of the Early Modern Period** Martin Knoll,Reinhold Reith,2014 The environmental history of early modern times is a seminal and lively field of historical research This volume offers ten concise essays that provide an overview of current research debates on a broad span of topics such as historical climatology and climate reconstruction coping with disaster land use and agricultural knowledge forest history urbanization the perceptions of alpine nature and societal dealings with water and rivers Taken together the contributions establish early modern studies as a promising laboratory for new avenues in environmental history Series Austria Research and Science History Austria Forschung und Wissenschaft Geschichte Vol 10 Subject History Environmental Studies **Great Rivers** Geordie Torr,2023-11-29 *A Natural History, General and Particular* Georges Louis Leclerc comte de Buffon,1856 **The History of Marshall County, Iowa** ,1878 A scarce Iowa local history Contains a history of the county a business directory and discussions of Le Grand Timber Creek Iowa and Marietta Townships The Earth Before History Edmond Perrier,1925 **Iowa Journal of History** ,1906 The History of Jasper County, Missouri, Including a Condensed History of the State, a Complete History of Carthage and Joplin, Other Towns and Townships F. A. North,1883 The Riverside Natural History John Sterling Kingsley,1888 **Studies in History, Economics, and Public Law** ,1916 Michigan History Magazine ,1926 **A History of the earth and animated nature v.2** Oliver Goldsmith,1852
