Report on the Island of Porto Rico Henry K. Carroll, Henry King Carroll, 1899 **The Road to Decadence** Lanny Quarles, 2008 **J.-K. Huysmans** Ruth Antosh, 2024-07-06 A critical biography of a major novelist and art critic from the late nineteenth century French decadent movement J K Huysmans 1848 1907 is often hailed as a forerunner of modernist letters While his novel rebours Against Nature remains infamous for its reclusive protagonist retreating into a realm of artifice and dreams Huysmans s literary contributions are far reaching Ruth Antosh explores Huysmans s life and work illustrating how both reflect an uneasy era of profound social and artistic change In this context Huysmans s correspondence early fiction art criticism and surrealist novel En rade Stranded demand greater critical attention Antosh argues that Huysmans s life should be understood as an unwavering quest for spiritual and aesthetic fulfillment Remembering the Road to World War Two Patrick Finney, 2010-09-13 Remembering the Road to World War Two is a broad and comparative international survey of the historiography of the origins of the Second World War It explores how in the case of each of the major combatant countries historical writing on the origins of the Second World War has been inextricably linked with conceptions of national identity and collective memory **Radicals on the Road** Bernard Schweizer, 2001 Schweizer an independent scholar explores the travel writing of George Orwell Evelyn Waugh Graham Greene and Rebecca West The observations made by these westerners of the lands they visited Catalonia Africa Mexico and Yugoslavia provide a range of views perhaps typical for the period Schweizer s reading concentrates on each authors politics and their psychological apprehension of the world around them The psychological theme is explored in the book s second half where Schweizer notes the inherently dualistic construction of national and international politics to be found in the writings as well as the authors anxiety of foreign places and their sense of the uncanny c Book News Inc *Elihu Root Collection of United States Documents* , 1899 Translations on International Communist Developments , 1964 *Japan's Postwar* Michael Lucken, Anne Bayard-Sakai, Emmanuel Lozerand, 2013-03-01 Historical surveys of postwar Japan are usually established on the grounds that the era is already over interpreting postwar to be the years directly proceeding World War II However the contributors to this book take a unique approach to the concept of the postwar epoch and treat it as a network of historical time frames from the modern period and connect these time capsules to the war to which they are inextricably linked The books strength is in its very interdisciplinary approach to examining postwar Japan and as such it includes chapters centred on subjects as diverse as politics poetry philosophy economics and art which serve to fill the blanks in the collective cultural memory that historical narratives leave behind Originally published in French this new translation offers the English speaking world important access to a major work on Japan which has been greatly enriched by the translator s great accuracy and knowledge of English French and Japanese language history and culture Japan s Postwar will appeal to students and scholars of Japanese Studies and Modern Japanese History as well as historians studying the world after 1945

Deconstructing the Myths of Islamic Art Onur Öztürk, Xenia Gazi, Sam Bowker, 2022-03-20 *Deconstructing the Myths of Islamic Art* addresses how researchers can challenge stereotypical notions of Islam and Islamic art while avoiding the creation of new myths and the encouragement of nationalistic and ethnic attitudes. Despite its Orientalist origins, the field of Islamic art has continued to evolve and shape our understanding of the various civilizations of Europe, Africa, Asia, and the Middle East. Situated in this field, this book addresses how universities, museums, and other educational institutions can continue to challenge stereotypical or homogeneous notions of Islam and Islamic art. It reviews subtle and overt mythologies through scholarly research, museum collections and exhibitions, classroom perspectives, and artists' initiatives. This collaborative volume addresses a conspicuous and persistent gap in the literature which can only be filled by recognizing and resolving persistent myths regarding Islamic art from diverse academic and professional perspectives. The book will be of interest to scholars working in art history, museum studies, visual culture, and Middle Eastern studies.

Decadent Romanticism: 1780-1914 Kostas Boyiopoulos, Mark Sandy, 2016-04-08 For Decadent authors, Romanticism was a source of powerful imaginative revisionism, perversion, transition, and partial negation. But for all these strong Decadent reactions against the period, the cultural phenomenon of Decadence shared with Romanticism a mutual distrust of the philosophy of utilitarianism and the aesthetics of neo-Classicism. Reflecting on the interstices between Romantic and Decadent literature, Decadent Romanticism reassesses the diverse and creative reactions of Decadent authors to Romanticism between 1780 and 1914 while also remaining alert to the prescience of the Romantic imagination to envisage its own distorted, darker, perverted other self. Creative pairings include William Blake and his Decadent critics, the recurring figure of the sphinx in the work of Thomas De Quincey, and Decadent writers and Percy Shelley with both Mathilde Blind and Swinburne. Not surprisingly, John Keats's works are a particular focus in essays that explore Keats's literary and visual legacies and his resonance for writers who considered him an icon of art for art's sake. Crucial to this critical reassessment are the shared obsessions of Romanticism and Decadence with subjectivity, isolation, addiction, fragmentation, representation, romance, and voyeurism, as
