Road Trips, Head Trips, and Other Car-Crazy Writings Jean Lindamood Jennings, 1998-07-29 An anthology of automotive writing featuring essays stories and poems by a variety of authors including Dave Barry Ernest Hemingway and Hunter S Thompson Machines of Youth Gary S. Cross, 2018-05-04 For American teenagers getting a driver's license has long been a watershed moment separating teens from their childish pasts as they accelerate toward the sweet sweet freedom of their futures With driver's license in hand teens are on the road to buying and driving and maybe even crashing their first car a machine which is home to many a teenage ritual being picked up for a first date parking at a scenic overlook or blasting the radio with a gaggle of friends in tow So important is this car ride into adulthood that automobile culture has become a stand in a shortcut to what millions of Americans remember about their coming of age Machines of Youth traces the rise and more recently the fall of car culture among American teens In this book Gary S Cross details how an automobile obsession drove teen peer culture from the 1920s to the 1980s seducing budding adults with privacy freedom mobility and spontaneity Cross shows how the automobile redefined relationships between parents and teenage children becoming a rite of passage producing new courtship rituals and fueling the growth of numerous car subcultures Yet for teenagers today the lure of the automobile as a transition to adulthood is in decline Tinkerers are now sidelined by the advent of digital engine technology and premolded body construction while the attention of teenagers has been captured by iPhones video games and other digital technology And adults have become less tolerant of teens on the road restricting both cruising and access to driver's licenses Cars are certainly not going out of style Cross acknowledges but how upcoming generations use them may be changing He finds that while vibrant enthusiasm for them lives on cars may no longer be at the center of how American youth define themselves But for generations of Americans the modern teen experience was inextricably linked to this particularly American icon **USA Today Index**, 1996 The Bad Girl's Guide to the Open Road Cameron Tuttle, 1999 Suggests ideas for trips for women who love to drive including unusual festivals and museums things to do in a small town and the best songs to listen to in the car **Car and Driver**, 1997 *Automobile*, 2003-05 Gender, Genre, and Identity in Women's Travel Writing Kristi Siegel, 2004 Women experience and portray travel differently Gender matters irreducibly and complexly Building on recent scholarship in women's travel writing these provocative essays not only affirm the impact of gender but also cast women's journeys against coordinates such as race class culture religion economics politics and history The book's scope is unique Women travelers extend in time from Victorian memsahibs to contemporary road girls and topics range from Anna Leonowens's slanted portrayal of Siam later popularized in the movie *The King and I* to current feminist describing of the male road buddy genre The extensive array of writers examined includes Nancy Prince Frances Trollope Cameron Tuttle Lady Mary Montagu Catherine Oddie Kate Karko Frances Calder n de la Barca Rosamond Lawrence Zilpha Elaw Alexandra David N el Amelia Edwards Erica Lopez Paule Marshall Bharati Mukherjee and Marilynne Robinson

Life brings together several new pieces with the best of Dan Gerber's previously published essays and magazine stories many of which have appeared in magazines such as Outside, Playboy, Sports Illustrated and Sports Illustrated. Gerber limns his experience as a professional racing driver, journalist, sailor and fisherman with a poet's eye and a novelist's gift for narrative. Believing as he states in his introduction that our truest lives must be imagined, New essays in this collection include a meditative journal on the Arctic and an in-depth interview in which Gerber discusses the relationship of his artistic life with that as an explorer of the natural world. Also included are a gripping account of his return to racing thirty-three years after his career-ending crash, a story about saving his own life in the African desert by introducing a clan of Rendili warriors to ice, a chronicle of his pursuit of the most elusive fish in the world and the story of a clandestine sailing trip to Cuba. His classic and highly praised book on the Indianapolis 500, *The World's Fastest Carnival Ride* long out of print is included here in its entirety. Blending Thoreau's dictum that a writer is a traveler who stays at home with Wallace Stevens's that it is the worst of all things not to live in a physical world, Dan Gerber's focus in *A Second Life* is the inward experience of the outer world.
