The Road to Plenty

'This book proposes a remedy for the great economic evil of periodic depressions and increased unemployment, hitherto thought by economists to be inescapable. Nothing in this world can be of more vital interest to the human race. The book is obviously the product of practical experience, exhaustive study and accurate analysis. If there is any flaw in the argument, I am unable to find it.

'Moreover this book is as readable as a novel. I started to read to criticize and found myself carried along with an interest and fascination which precluded criticism.

'I believe the book will have a profound influence.'—
Nathan L. Miller, Counsel U. S. Steel Corporation and former Governor of New York.
