Men and Women** Robert Browning, 1983 This is the first scholarly edition of Browning's greatest collection of short poems Men Women A comprehensive introduction shows how new research has unearthed material which throws fresh light on the composition and dates of such famous pieces as Fra Lippo Lippi Childe Roland to the Dark Tower Came and One Word More To E B B This edition uses a critical text based on that of Browning's final collection and has detailed introductions to the individual poems It is the fifth volume in the highly praised Poetical Works of Robert Browning *Life and Letters of Robert Browning* Robert Browning, 2015-10-31 Origin of the Browning Family Robert Browning's Grandfather His position and Character His first and second Marriage Unkindness towards his eldest Son Robert Browning's Father Alleged Infusion of West Indian Blood through Robert Browning's Grandmother Existing Evidence against it The Grandmother's Portrait A belief was current in Mr Browning's lifetime that he had Jewish blood in his veins It received outward support from certain accidents of his life from his known interest in the Hebrew language and literature from his friendship for various members of the Jewish

community in London It might well have yielded to the fact of his never claiming the kinship which could not have existed without his knowledge and which if he had known it he would by reason of these very sympathies have been the last person to disavow The results of more recent and more systematic inquiry have shown the belief to be unfounded Our poet sprang on the father s side from an obscure or as family tradition asserts a decayed branch of an Anglo Saxon stock settled at an early period of our history in the south and probably also south west of England A line of Brownings owned the manors of Melbury Sampford and Melbury Osmond in north west Dorsetshire their last representative disappeared or was believed to do so in the time of Henry VII their manors passing into the hands of the Earls of Ilchester who still hold them The name occurs after 1542 in different parts of the country in two cases with the affix of esquire in two also though not in both coincidentally within twenty miles of Pentridge where the first distinct traces of the poet s family appear Its cradle as he called it was Woodyates in the parish of Pentridge on the Wiltshire confines of Dorsetshire and there his ancestors of the third and fourth generations held as we understand a modest but independent social position
