his Scottish Calvinism Stevenson is reassessed as both a Victorian and Scottish writer **The Stevenson Reader** Robert Louis Stevenson, 1898 *The Complete Works of Robert Louis Stevenson in 35 volumes* Robert Louis Stevenson, 2009-10-02

Robert Louis Stevenson has always been a writer's writer. Contemporaries like Arthur Conan Doyle and Henry James were awed by his kaleidoscopic invention and the flawless English of his prose while later authors like Somerset Maugham and Robertson Davies drawn to the physical and psychological exotica of his subject introduced him into their own writing a quasi postmodernist way of elevating their own status by alluding to his achievement and doffing their hats at the same time. Yet Stevenson was also and perhaps foremost a reader's writer a phrase that has less currency but far greater reach. Jorge Luis Borges offered it as his belief that Stevenson brought happiness to more people than any other author although the observation was admittedly made before the age of the megamarket paperback. The great Argentinean who late in life could refer to details from Stevenson's earliest short stories with astonishing accuracy clearly derived immense pleasure in conjuring up fictions that he read as a young man. His example illuminates an experience shared by all sorts and conditions of Stevenson readers they remember him or come to him from the profusion of his compositions and even from forms like cinema that his work was subsequently incorporated into. One reader might have a dim memory of a line or two that was read to her when she was a small child. I have a little shadow that goes in and out with me. Another recalls the dark and searching N. C. Wyeth illustration of Blind Pew his tapping stick motionless as he hovers crook backed before the Admiral Benbow. For countless numbers Stevenson emerged from chiaroscuro images of Spencer Tracy or Frederick March as the eponymous Jekyll Hyde or more recently from John Malkovich and Julia Roberts in Mary Reilly. Valerie Martin's revision of filmdom's favorite doppelgänger movie. These bit examples barely convey Stevenson's ubiquity in general culture. The name has more popular recognition than most other authors. Shakespeare. Austen. Twain always excepted yet people are continually surprised when they discover how widely the writer is quoted indeed how proverbial he has become. Home is the sailor home from sea. And the hunter home from the hill. Marriage is a field of battle and not a bed of roses. Politics is perhaps the only profession for which no preparation is thought necessary. Fifteen men on the dead man's chest. Yo ho ho and a bottle of rum. Stevenson was the first modernist writer to systematically experiment with grafting serious matter onto popular forms. He virtually invented the twentieth century short story he breathed new life into a tired and tedious Victorian essay without stripping it of its importance he brought psychological realism into historical fiction and adapted the mode as well in his studies of contemporary life in the South Seas. As for language he did for English what Goethe did for German and elevated his own Scots tongue to a level of art that had not been matched since Walter Scott. Stevenson's work short and long fiction travel writing poetry essays and letters he was one of the great letter writers of the nineteenth century will ensorcell readers with a writer who like Ernest Hemingway is that rare figure whose prose at its best is dateless and one whose intellectual theories of art and culture are perhaps more compelling today because we are better prepared to understand them. This edition of the

Robert Louis Stevenson and the Great Affair Richard J. Hill, 2017-02-03 In his travel narrative *Travels with a Donkey in the Cevennes* 1879 Robert Louis Stevenson declares I travel not to go anywhere but to go I travel for travel's sake The great affair is to move Taking up the concepts of time place and memory the contributors to this collection explore in what ways the dynamic view of life suggested by this quotation permeates Stevenson's work The essays adopt a wide variety of critical approaches including post colonial theory post structuralism new historicism art history and philosophy making use of the vast array of literary materials that Stevenson left across a global journey that began in Scotland in 1850 and ended in Samoa in 1894 These range from travel journals letters and classic literary staples such as *Treasure Island* and *The Strange Case of Dr Jekyll and Mr Hyde* to rarely read masterpieces such as *The Master of Ballantrae* or *The Ebb Tide* While much recent scholarship on Stevenson foregrounds geography the present volume also examines the theme of movement across memory time and generic boundaries Taken together the essays offer a view of Stevenson that demonstrates how the protean nature of his literary output reflects the radical developments in science technology and culture that characterized the age in which he lived
