The Church Must Grow or Perish Mark T. Mulder, Gerardo Marti, 2025-04-01 To fully understand American Christianity it's essential to understand Robert Schuller *The Church Must Grow or Perish* Robert H Schuller and the Business of American Christianity examines Schuller's indelible imprint on the American church and how he developed a model of ministry both lauded and critiqued that transformed Christian life and community across this country Schuller's story is the starting point for powerful trends that continue to shape much of American religion today televangelism seeker sensitive outreach megachurches the suburbanization of white Christianity pastoral entrepreneurship and market oriented Christianity in pursuit of growth Authors Mark T Mulder and Gerardo Mart explore Schuller's drive to develop a theology a persona and a set of practices that he believed were necessary to keep Christianity vibrant long into the future They trace Schuller's career arc from his beginnings as an Iowa farm boy to his years as a charismatic Southern California preacher one who believed that in order for the church to thrive pastoral leaders needed to borrow from the best practices of big business including the entertainment industry This fascinating biography is essential reading for those who want to fully understand a transformative force in American Christianity

The Glass Church Mark T. Mulder, Gerardo Martí, 2020-04-17 For most of his life the megachurch ministry of Robert H Schuller in Orange County California displayed an apparent strength that betrayed none of the fractures that lay below the success oriented surface Yet when tested and stressed in the late 2000s the ecclesial structure's accumulated fragility proved to be catastrophic Drawing on extensive data gathered from archives interviews and ethnographic observation *The Glass Church* examines the spectacular collapse of The Crystal Cathedral to better understand both the strength and fragility of Schuller's ministry The apparent success of the ministry obscured the many tensions that often threatened its future Certainly all churches depend on a mix of constituents charisma and capital yet the size and ambition of large churches like Schuller's Crystal Cathedral exert enormous organizational pressures to continue the flow of people committed to the congregation to reinforce the spark of charismatic excitement generated by high profile pastors and to develop fresh flows of capital funding for maintenance of old projects and launching new initiatives The constant attention to expand constituencies boost charisma and stimulate capital among megachurches produces an especially burdensome strain on their leaders By orienting an approach to the collapse of the Crystal Cathedral on these three core elements constituency charisma and capital *The Glass Church* demonstrates how congregational fragility is greatly accentuated in larger churches a notion we label megachurch strain such that the threat of implosion is significantly accentuated by any failures to properly calibrate the inter relationship among these elements

Lies from the Pit Joseph Nadeau, 2016-06-06 Who buys these lies There is no God If you do more good than bad you'll go to Heaven When you die you will be reincarnated David and Jonathan were homosexuals The pope is infallible Jesus Christ was just a man All religions are really the same Heaven and Hell are only states of mind Isaiah 53 refers to the Jewish people not to Jesus Christ There are many ways to God The Lord Jesus Christ said of Satan When he speaketh a lie he speaketh of his own for he is a liar and the father of it John 8 44 In this spiritually seductive and dangerous age there is no dearth of the devils falsehoods Which ones do you believe It has been said that no lie can live forever but lies from the pit of Hell will prevent you from living forever with the Lord Jesus Christ who alone is the Way the Truth and the Life John 14 6 Now more than ever in this undiscerning time of tolerance we must identify and condemn the devils counterfeits regardless of who is offended This compilation of religious and moral lies and their refutations will inform as well as offend both unawakened sinners and soft theology Christians provoking them to seek the truth of God's Word and the salvation that is only in His Son for outside of God's Kingdom writhing in eternal fire will be whosoever loveth and maketh a lie

Revelation 22 15 **Evangelicalism** Richard Kyle,2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In *Evangelicalism* Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America's culture and unabashedly populist Many Evangelicals view America as God's chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful **Church**

Hardin,2022-12-14 This book examines the complex relationship between religion and business in twentieth century America It is the story of how Christianity's most basic institution the local church wrestled with the challenges and compromises of competing in the modern marketplace through adopting the advertising public relations and marketing methods of business It follows these sacred promoters and their critics as they navigated between divinely inspired and consumer demanded Amid an animated and contentious battleground for principles practices and parishioners John C Hardin explores the landscape of selling religion in America and its evolution over the twentieth century **Curses! Broiled Again!** Jan Harold

Brunvand,1990-08-17 From the master folklorist and sly wit Jan Brunvand comes a collection of all new urban legends Did your cousin's wife's dentist's daughter go to the tanning parlor once too often and had her insides cooked Has your husband's brother's nephew teacher try to make a dead rabbit look alive If so you've heard or you yourself may have told two of the seventy plus legends in this collection Urban legends are those bizarre but believable stories about batter fried rats spiders

in hairdos Cabbage Patch dolls that get funerals and the like that pass by word of mouth as being the gospel truth But of course though often told as having happened to a FOAF friend of a friend they aren't true Included in this collection are legends about sex horror cars business and academia Among them are The Bible Student's Exam The Pregnant Shoplifter The Ice Cream Cone Caper Don't Mess with Texas and Mrs Fields Cookie Recipe **Happy Lies** Melissa

Dougherty,2025-01-28 In this groundbreaking book popular apologist Melissa Dougherty helps us understand how our society got to be so toxically subjective why endless positivity is inherently destructive and how we can live with faithful truth and genuine love in these self-obsessed times Melissa Dougherty skillfully diagnoses the issue and provides the cure the authentic and life-giving truth of the Christian worldview Wesley Huff Have you ever wondered how we ended up in a world where personal feelings could become the authority for reality Or why so many of us are on a relentless pursuit for happiness yet somehow feel more exhausted and sadder than ever You're not alone Melissa deftly traces the roots of today's social chaos back to a little-known but very influential 1800s philosophy known as New Thought A former follower of its teachings Melissa provides clarity and compassion mixed with a dash of loving snark as she exposes New Thought's deceptions and its many concerning tendrils within the church and our self-help culture You'll be shocked grieved and encouraged as you learn How you can experience true freedom hope and peace instead of the world's counterfeits How an anti-God ideology so easily hijacked Christian-sounding ideas Why thinking positively is entirely different from the unbiblical and burdensome positive thought movement Why fake authenticity short-circuits real redemption How understanding the New Thought mindset can help us share our faith more effectively Uncover a dangerous ideology that nearly everyone has met yet few of us can name in order to better understand our culture and joyfully live faithful to the gospel that is so much better than our world's Happy Lies *Social Movements* Dianne Dentice,2021-02-03 Social movements continue to provide rich fodder for social

researchers in the twenty-first century This reader gives range and depth to ongoing debates about what constitutes a social movement what motivates actors to participate in social movements and how social movements continue to evolve in post-industrial societies such as the United States Not all social movements are about positive social change and some movements have been and will be destructive The nine essays contained in this text represent classical movements such as the Oneida utopian movement of nineteenth-century America and contemporary emerging movements such as the church growth movement The authors examine movements that are attempting to revitalize American health care and religious practice along with movements that are counter to social justice such as the white supremacist movement Was Jonestown a cult or social movement How does a charismatic leader such as John Humphrey Noyes sell the notion of selective breeding to Oneida communitarians What is motivating people to participate in the contemporary communal movement in the United States Such questions are fundamental to our understanding of the emergence and sustainability of social movements This reader provides authoritative answers to these questions and many more as well as providing a basis for further thought and

discussion among students of social movements While this volume does not attempt to present a unified theory of social movements the authors apply different theoretical approaches to their explanation of the movements they write about Authors represent various disciplines such as anthropology education and sociology and specialty areas such as criminal justice immigration and religion This multidisciplinary approach adds to the appeal of this reader with the goal of accessibility to a wide range of audiences who are interested in social movement phenomena both past and present
