safety as an afterthought While traffic engineers are not trying to cause deliberate harm to anyone he explains they are guilty of creating a transportation system whose designs remain largely based on plausible but unproven conjecture Killed by a Traffic Engineer is ultimately hopeful about what is possible once we shift our thinking and demand streets engineered for the safety of people both outside and inside of cars It will make you look at your city and streets and traffic engineers in a new light and inspire you to take action *Proceedings of the American Society of Civil Engineers* American Society of Civil Engineers,1928 *Highway Safety, Design and Operations, Freeway Signing and Related Geometrics, Hearings Before the Special Subcommittee on the Federal-Aid Highway Program* United States.
