like things neat so shoot me Or poison me Or run me through with a broadsword Doesn't matter how you try to end me werewolves are immortal Back to liking things neat I've been killing forever both as a wolf and as a man The assassin trade has always been lucrative and a few hundred years back a much simpler affair No DNA tests No sophisticated crime labs I didn't have to plan the way I do today to avoid detection Not that it would matter if I were apprehended I'd just vanish to a borderworld for a while and resurface once the heat died down Mostly I deal with supernatural enemies these days Keeps things cleaner But this book isn't about today It's about long ago I've done my damndest to instill pride and standards into the assassin trade And bond animals Their principles definitely add class to the mix Building the Circle was an uphill battle I almost gave up more times than I can count but nothing worthwhile comes easy The Circle of Assassins became my life's work Didn't plan it that way but life happens Life bloodthirsty mages and the bond animals who adore them Author note This book can be read as a standalone but for the best experience you might want to read the first four books in this series
