Russia Eyewitness Library:

Russian Eyewitness Accounts of the Campaign of 1814 Alexander Mikaberidze, 2013-07-10 Russia played a decisive role in the Napoleonic wars and the success in the struggle against France allowed Russian leaders to profoundly influence the course of European history Over the last 200 years the Napoleonic era has been discussed and analysed in numerous studies but many fail to fully portray the Russian side of events due to the relative scarcity of Russian sources in English Only a handful of Russian memoirs have been translated while dozens remain unknown outside Russia This book seeks to fill this gap by providing in English previously unavailable memoirs of Russian participants Defeat at Leipzig in 1813 had driven Napoleon back across the borders of France and in January 1814 the Russians Austrians Prussians and their other German allies stood poised to cross the Rhine But the French Emperor was far from beaten and the ensuing campaign saw desperate fighting with the outcome very much in the balance This book is the first to bring together dozens of letter diaries and memoirs of Russian participants of the 1814 Campaign Reading these documents we see both what Russian officers and soldiers experienced during the final months of the three year long campaign as well as their joy at defeating Russia's most dangerous enemy We follow them not only through the heat of battle but also on delightful tours of Paris which they describe as the pleasure and entertainment capital of the world

Russia, the Soviet Union, and Eastern Europe Hoover Institution on War, Revolution, and Peace, 1980 **Russia** Simon Adams, 2012-12-01 In Russia you will learn that Russia is the largest country in the world and its natural resources make it one of the richest It has experienced enormous political social and economic upheaval during the last century and as a result Russia faces many challenges **Monthly Bulletin of the Carnegie Library of Pittsburgh** Carnegie Library of Pittsburgh, 1911 Junior High School Library Catalog, 1997

How Germans and Russians Made Their Orthographies Kirill Levinson, 2023-11-15 How Germans and Russians Made Their Orthographies Dealing With the Spelling Distress is the first social constructionist study of spelling norms and spelling mistakes Starting from the question of why in the modern world misspelling is considered evidence of incompetence laziness stupidity or carelessness Kirill Levinson traces the origins of such attitudes in German and Russian societies of the nineteenth and early twentieth centuries Analyzing publications and archival sources this book illustrates how the unification and codification of spelling rules in Germany and repressive attitude to errors were the result of the increased value ascribed to accuracy unambiguity and error freeness in the economy and everyday life The critical context to the development of such attitudes can be found in the challenges of the industrial revolution the political reaction following 1848 upheavals and the development of national school systems that used formalized grading and combined the academic training and moral education of schoolchildren In Russia the borrowing of Prussian models during the school reform of the 1860s played a key role to a similar repressive attitude towards spelling mistakes The rigorous orthographic regime established in the second half of the nineteenth century persisted for many decades even though alternative solutions were proposed to overcome the

significant problems that the inconsistencies of German and Russian orthographies posed optimizing the rules to make them easier to learn and follow moving from alphabetical writing to shorthand and liberalizing school *Newspapers on the Mind - Around the World* Hartmut Walravens, 2017-11-09 The Round Table on Newspapers later Section on Newspapers now Newsmedia Section of IFLA International Federation of Library Associations has been the authoritative group of experts for newspaper matters within the international library community It has been involved in the major newspapers projects like TIDEN NewsPlan and US Newspaper Program developed guidelines for best practice in preservation microfilming and digitisation advised librarians and fostered international cooperation In a series of outreach conferences from Shanghai to Santiago de Chile and from the Arctic Circle to Canberra it emphasized the importance of newspapers as indispensable historical source material and advocated their cataloguing and preservation It did not only become an authority regarding newspaper digitisation but also legal deposit born digital newspapers and hybrid forms While the present volume documents the Round Table s work for a relatively short time span it was exactly that brief period that revolutionised newspapers their preservation and their availability to readers full text text mining The volume comprises reminiscences of some members of the Round Table the minutes of the business meetings and analytic index to the ten volumes of proceedings of the Conferences and a facsimile of the Newsletter of the Round Table With many photographs in colour **Russia in War and Revolution** William Voorhees Judson, 1998 General William V Judson was Military Attach and Chief of the American Military Mission in Russia at the time of the Bolshevik Revolution His letters memoranda and reports constitute one of the most informed eye witness accounts of war and revolutionary conditions under the Provisional and Bolshevik Governments of Russia after the February Uprising and abdication of Czar Nicholas II and shed light on the initiation of U S Soviet relations Judson s overriding task was to keep Russia in the war against Germany His official communications pay particular attention to the organization and battle readiness of the Russian Army Published here for the first time is Judson s documentation of his December 1 1917 meeting with Trotsky the first official face to face discussions between a leader of the Bolshevik government and a diplomatic representative of the U S government Notable as well in this volume are Judson s analyses of the role of the Soviet of Workers Deputies and the Kornilov Uprising The collection concludes with some of his observations on revolutionary Russia and U S Soviet relations after his return to the States in February 1918 Judson was convinced of the necessity of direct discussions and negotiations between the U S and the Trotsky Lenin government following the Revolution However President Wilson and the three Republican administrations that succeeded him chose a different course The publication of these papers will contribute to our understanding of both the Revolution and the American struggle to find an appropriate policy to guide relations with Bolshevik Russia **Teacher's Resource Handbook for Russian and East European Studies** John N. Hawkins, Jon Maksik, 1976 *Russian-American Dialogue on Cultural Relations, 1776-1914* Norman E. Saul, Richard D. McKinzie, 1997 Russian American Dialogue on Cultural Relations 1776 1914 the third volume in

the Russian American Dialogues series provides English translations of the best Russian scholarship on cultural relations. Each essay originally appeared as an article in the former Soviet Union. Five issues are discussed: the contributions that each country made to the cultural life of the other; the correspondence and interactions between scientists, writers, and others from the two nations; the development of public perceptions and how these changed over time; the American focus in Russian periodicals during the nineteenth century; and the significant roles of Russians and the Russian presence in American history. The Russian articles on each of these subjects are followed by comments from American historians. The articles by the Russian scholars make extensive use of and liberally cite material from Russian archives and publications. As a result, they provide American readers with new scientific exchanges, personalities, and points of view. The result is a plethora of new material for Western historians of Russia as well as of the United States. The book provides an opportunity for scholars to examine more thoroughly the relevant issues of Russian American cultural relations. An important scholarly contribution.

Russian American Dialogue on Cultural Relations 1776-1914 brings a new dimension to the relationship between the United States and Russia before 1914. It will be of interest not only to historians of this period but to all historians and students of international cultural relations.

Bulletin of the New York Public Library New York Public Library, 1920. Includes its Report 1896-19.

The Last Empire Serhii Plokhy, 2015-09-08. The New York Times bestselling author of *The Gates of Europe* offers a stirring account of an extraordinary moment in Russian history. Wall Street Journal. On Christmas Day 1991, President George H. W. Bush addressed the nation to declare an American victory in the Cold War; earlier that day, Mikhail Gorbachev had resigned as the first and last Soviet president. The enshrining of that narrative—one in which the end of the Cold War was linked to the disintegration of the Soviet Union and the triumph of democratic values over communism—took center stage in American public discourse immediately after Bush's speech and has persisted for decades with disastrous consequences for American standing in the world. As prize-winning historian Serhii Plokhy reveals in *The Last Empire*, the collapse of the Soviet Union was anything but the handiwork of the United States. Bush, in fact, was firmly committed to supporting Gorbachev as he attempted to hold together the USSR in the face of growing independence movements in its republics. Drawing on recently declassified documents and original interviews with key participants, Plokhy presents a bold new interpretation of the Soviet Union's final months, providing invaluable insight into the origins of the current Russian-Ukrainian conflict and the outset of the most dangerous crisis in East-West relations since the end of the Cold War. Winner of the Lionel Gelber Prize, Winner of the Pushkin House Russian Book Prize, Choice Outstanding Academic Title, BBC History Magazine Best History Book of the Year.

[The Schneerson Collection and Historical Justice](#) United States. Congress. Commission on Security and Cooperation in Europe, 2006.

Subject Guide to U.S. Government Reference Sources Gayle J. Hardy (Davis), 1996-09-15. Revised and updated; this compendium helps readers identify and understand the scope of key government reference sources, including publications, catalogs, and telephone directories; information

clearinghouses and materials in new formats such as CD ROMs datafiles and Internet sites The authors focus on free information and depository materials both readily available through toll free phone numbers mail or e mail requests to agencies or federal depository library collections Materials are fully described in annotations that differentiate between similar materials identify typical citation formats and note common abbreviations The Limits of Russian Democratisation Alexander Domrin,2006-04-18 Written by an established scholar in the field this text examines the nature of emergency powers and their use in the Russian constitution It explores the use of such powers in Russian history comparing the Russian situation with those that exist in other countries and discussing the legal thought underpinning such powers The practicalities and theories of emergency orders are traced throughout history with Dormin arguing that the longer an emergency regime lasts the less effective the measure becomes With original research and remarkable insight this text will be of interest to scholars examining the new Russia its rulers conflicts and motives as well as its political systems

Pearson's Magazine ,1919 Pearson s Magazine 1899 1925 a monthly magazine devoted to literature politics and the arts was founded as a New York affiliate of the London periodical of the same name part of which it reprinted From 1916 to 1923 it was edited by Frank Harris *Publishers' Library Bindings in Print* ,1966 **The Imperative of Reliability** Victoria Somoff,2015-02-28 The Imperative of Reliability examines the development of nineteenth century Russian prose and the remarkably swift emergence of the Russian novel Victoria Somoff identifies an unprecedented situation in the production and perception of the utterance that came to define nascent novelistic fictionality both in European and Russian prose where the utterance itself whether an oral story or a found manuscript became the object of representation within the compositional format of the frame narrative This circumstance generated a narrative perspective from which both the events and their representation appeared as concomitant in time and space the events did not precede their narration but rather occurred and developed along with and within the narration itself Somoff establishes this story discourse convergence as a major factor in enabling the transition from shorter forms of Russian prose to the full fledged realist novel Russia Thomas Streissguth,2009-02 Discusses the people geography religion language customs life styles and culture of Russia

Prologue ,1981

The Enigmatic Realm of **Russia Eyewitness Library**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Russia Eyewitness Library** a literary masterpiece penned by a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of those who partake in its reading experience.
