

# Russia Today From Holy Russia To Perestr

**T. Ngo,J. Quijada**

## **Russia Today From Holy Russia To Perestr:**

**Russia Today** Claude-Marie Vadrot,1990 A French photographer capture the essence of Russian life just before the fall of socialism     The Perestroika Effect Cecilia Tanner,Tom Mavrovich,2015-11-10 In this novel Sergey Colonel Brushev and his fellow agent Yuri are dispatched to investigate a report of sabotage at a nuclear plant in Northern Siberia The story takes place late in 1992 when Russia was in disarray with the cultural political and personal upheavals after Glasnost and Perestroika Even remote Siberia is affected by the rumbling disorder Sergey and Yuri meet the forces of evil their fellow persons     **Booklist's Guide to the Year's Best Books** Bill Ott,1992     Tsars, Soviets, Putin Wojciech Materski,2025-04-21 Wojciech Materski s book From the Tsars to The Tsar gives a synopsis of the politics of memory practiced by Russia from the sixteenth to the twenty first century He shows how irrespectively of the period in its history Russia s politics of memory have always been used as a tool to integrate the country s inhabitants reinforce the cult of their leader cultivate the social attitudes and stereotypes its rulers wanted the people to embrace and relativize their mistakes and crimes The broad perspective Materski adopts provides a very substantial supplement to earlier work on the subject or in fact takes the time range he considers much further offering the latest highly original and thoroughly researched synthesis of Russia s politics of memory from the sixteenth to the twenty first century These qualities alongside the current geopolitical situation overshadowed by Russia s invasion of Ukraine make Wojciech Materski s book an attractive offer not only for historians political scientists sociologists and specialists in international relations but also for students and non specialists looking for information on Russia s history and foreign policy     Soviet Life ,1988     **Perestroika of the Russian Soul** Lynn R. Eliason,1991     **Borders and Memories** Katarzyna Stoklosa,2019 Borders and border regions are shaped by many phenomena connected with both co operation and conflict The neighbourhood cross border contacts illegal migration border crossings prejudices and stereotypes border guards and perceptions of borders are some of the key words that characterize the articles in this volume The book deals with European border regions that have experienced numerous changes over the 20th century Because of this changeable frequently painful past different human stories mostly tragic or romanticized individual and collective memories mythologies with heroes and divergent perceptions of history developed Most authors in this volume deal with conflicts and co operation that can either be remembered or forgotten     **Vladimir Sorokin's Discourses** Dirk Uffelmann,2020-04-21 Vladimir Sorokin is the most prominent and the most controversial contemporary Russian writer Having emerged as a prose writer in Moscow s artistic underground in the late 1970s and early 80s he became visible to a broader Russian audience only in the mid 1990s with texts shocking the moralistic expectations of traditionally minded readers by violating not only Soviet ideological taboos but also injecting vulgar language sex and violence into plots that the postmodernist Sorokin borrowed from nineteenth century literature and Socialist Realism Sorokin became famous when the Putin youth organization burned his books in 2002 and he picked up neo nationalist and neo

imperialist discourses in his dystopian novels of the 2000s and 2010s making him one of the fiercest critics of Russia's new middle ages while remaining steadfast in his dismantling of foreign discourses

**Atheist Secularism and its Discontents** T. Ngo, J. Quijada, 2015-07-14 Atheist Secularism and Its Discontents takes a comparative approach to understanding religion under communism arguing that communism was integral to the global experience of secularism Bringing together leading researchers whose work spans the Eurasian continent it shows that appropriating religion was central to Communist political practices

**A Lethal Obsession** Robert S. Wistrich, 2010-01-05 In this unprecedented work two decades in the making leading historian Robert S Wistrich examines the long and ugly history of anti-Semitism from the first recorded pogrom in 38 BCE to its shocking and widespread resurgence in the present day As no other book has done before it A Lethal Obsession reveals the causes behind this shameful and persistent form of hatred and offers a sobering look at how it may shake and reshape the world in years to come Here are the fascinating and long forgotten roots of the Jewish difference the violence that greeted the Jewish Diaspora in first century Alexandria Wistrich suggests that the idea of a formless God who passed down a universal moral law to a chosen few deeply disconcerted the pagan world The early leaders of Christianity increased their strength by painting these superior Jews as a cosmic and satanic evil and by the time of the Crusades murdering a Christ killer had become an act of conscience Moving seamlessly through centuries of war and dissidence A Lethal Obsession powerfully portrays the creation of the Protocols of the Elders of Zion the fateful anti-Semitic tract commissioned by Russia's tsarist secret police at the end of the nineteenth century and the prediction by Theodor Herzl Austrian founder of political Zionism of eventual disaster for the Jews in Europe The twentieth century fulfilled this dark prophecy with the horrifying ascent of Hitler's Third Reich Yet as Wistrich disturbingly suggests the end of World War II failed to neutralize the Judeophobic virus Pogroms and prejudice continued in Soviet controlled territories and in the Arab Muslim world that would fan flames for new decades of distrust malice and violence Here in pointed and devastating detail is our own world one in which jihadi terrorists and the radical left blame Israel for all global ills In his concluding chapters Wistrich warns of a possible nuclear Final Solution at the hands of Iran a land in which a formerly prosperous Jewish community has declined in both fortunes and freedoms Dazzling in scope and erudition A Lethal Obsession is a riveting masterwork of investigative nonfiction the definitive work on this unsettling yet essential subject It is destined to become an indispensable source for any student of world affairs

**Russia's Revolution from Above, 1985-2000** Gordon Hahn, 2018-04-27 The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the last decades of the twentieth century The 1991 revolution was neither a peaceful revolution from below as occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland Hungary or Latin America It was not primarily the result of social modernization the rise of a new middle class or of national liberation movements in the non-Russian union republics Instead as Gordon Hahn argues the Russian transformation was a bureaucrat led state based revolution managed

by a group of Communist Party functionaries who won control over the Russian Republic RSFSR in the mid 1990s Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990 91 to dismantle the institutions that bound state and party These revolutionaries from above seized control of political economic natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory With the failed August 1991 hard line coup Yeltsin banned the Communist Party and decreed that all Union state organs including the KGB and military were under RSFSR control In Hahn s account this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy Russia s Revolution from Above goes far in correcting the historical record and reconceptualizing the Soviet transformation It should be read by historians economists political scientists and Russia area scholars **The American Bibliography of Slavic and East European Studies** ,1990

Averting Nuclear Terrorism United States. Congress. House. Committee on International Relations. Subcommittee on International Terrorism and Nonproliferation,2005 **Russian Nuclear Orthodoxy** Dmitry Adamsky,2023-05-25 A richly documented analysis of the post Soviet nexus between religion nationalism and nuclear weapons An important pioneering work David Holloway Stanford University A nuclear priesthood has arisen in Russia From portable churches to the consecration of weapons systems the Russian Orthodox Church has been integrated into every facet of the armed forces to become a vital part of Russian national security politics and identity This extraordinary intertwining of church and military is nowhere more visible than in the nuclear weapons community where the priesthood has penetrated all levels of command and the Church has positioned itself as a guardian of the state s nuclear potential Russian Nuclear Orthodoxy considers how since the Soviet collapse in 1991 the Church has worked its way into the nuclear forces of one of the world s most powerful militaries Dmitry Adamsky describes how the Orthodox faith has merged with Russian national identity as the Church continues to expand its influence on foreign and domestic politics The Church both legitimizes and influences Moscow s assertive national security strategy in the twenty first century This book highlights the implications of this phenomenon for international security and interrogates how the confluence of religion and security could influence other members of the nuclear club beyond Russia **The Religious Factor in Russia's Foreign Policy** Alicja Curanović,2012-03-15 This book examines how religion interacts with Russian foreign policy arguing that religion is an important and neglected factor in shaping Russia s outlook towards international relations It surveys the importance of religion for social life in Russia both historically and at present and considers a wide range of Russian attitudes which are affected by religion such as Russian nationalism notions of Slavic solidarity the divine mission of Russian Orthodox civilisation Russian imperialism Russia s

special approach towards Islam The book discusses how religious organizations especially the Russian Orthodox Church operate in international relations pursuing their own interests and those of the Russian state explores how religious ideas and culture linked to religion impinge on Russian attitudes and identity and thereby affect policy and demonstrates how policy influenced by religion impacts on Russian foreign policy in practice in a wide range of examples including Russia's relations with other orthodox countries non orthodox Western countries Muslim countries Israel and the Vatican **Moscow Mule** James Young, 2011-12-31 A marvellously funny and sharply observed account of a journey to Russia by one of Britain's most talented young writers Moscow a labyrinth where the humans try to keep one step ahead of the roaches Everyone on the move some in search of the quick buck and others just trying to survive All dazzled by the neon glare of the western dream The soviet monolith has broken down in tribalism tribes who go to war not just on the streets but in overheated rooms with drugs vodka and Cindy Crawford carrier bags James Young gives an unparalleled account of today's Moscow from the bottom side up He takes us on an odyssey through this strange no man's land where East meets West where the old certainties have gone the KGB men wear Italian suits the Mafia tycoons style themselves on the Godfather flicks and the rest are queuing to change dollars *The Mediterranean Tradition in Economic Thought* Louis Baeck, 2012-08-21 The Mediterranean Tradition in Economic Thought surveys the legacy of thinking on economic affairs from the countries in the Mediterranean basin over four millennia It considers the economic content of the scriptures of the Mesopotamian civilisations Pharaonic Egypt and the Biblical peoples and the contributions of the Greeks and Romans and their influence on Islamic civilisation and on the Medieval scholastics The flowering of the school of Salamanca as recently as the seventeenth century demonstrates how long lived the tradition was and throughout Baeck demonstrates how these ideas continue to survive and resurface citing the renewed interest in the ethical dimension of economics the revival of interest in the history of Islamic thought and the re emergence of Slavophile doctrines in contemporary Russian Factors Behind the Ukrainian Evangelical Missionary Surge from 1989 to 1999 John Edward White, 2020-03-16 Throughout its history the Soviet Union was one of the most closed places in the world to missionary work As perestroika came in the late 1980s and the Soviet Union fell in 1991 a spiritual vacuum formed as massive numbers of people became interested in Christianity An unprecedented freedom allowed evangelicals to engage in missionary work Much has been written about foreign evangelical missionary work during this period but virtually nothing has been written about nationals doing ministry This book examines the remarkable surge in Ukrainian evangelical missionary work from 1989 to 1999 Both Baptists and Pentecostals engaged in a wave of missions flowing from Ukraine to the end of the earth Siberia What were these pioneering missionaries like What motivated them What enabled them to do what had been forbidden for so long What legacy did they leave for us today What can we learn from their example for future missions This book also looks at how a surge in missions takes place analyzing the factors behind the Ukrainian evangelical missionary surge by looking at different models for change Here we consider what steps

can we take to help bring about new missionary surges

**Russian Corporate Capitalism from Peter the Great to Perestroika** Thomas C. Owen, 1995 Professor Owen examines corporate capitalism under the Tsarist and late Soviet regimes Covering two hundred years from the Tsarist period through perestroika and into the present he demonstrates the historical obstacles that have confronted Russian corporate entrepreneurs and the continuity of Russian attitudes toward corporate capitalism

**Russian Nationalism Since 1856** Astrid S. Tuminez, 2000 This thoughtful book describes the range of nationalist ideas that have taken root in Russia since 1856 Drawing on a wide range of archival documents and unparalleled interview material from the post Soviet period Tuminez analyzes two cases\_Russian panslavism in 1856 1878 and great power nationalism in 1905 1914\_when aggressive nationalist ideas clearly influenced Russian foreign policy and contributed to decisions to go to war Yet not all forms of nationalism have been malevolent and the author assesses competing nationalist ideologies in the post Soviet period to clarify the conditions under which a particularly belligerent nationalism could flourish and influence Russian international behavior

Yeah, reviewing a books **Russia Today From Holy Russia To Perestr** could accumulate your near associates listings. This is just one of the solutions for you to be successful. As understood, ability does not recommend that you have extraordinary points.

Comprehending as competently as deal even more than extra will have the funds for each success. next-door to, the broadcast as competently as sharpness of this Russia Today From Holy Russia To Perestr can be taken as with ease as picked to act.
