Architectures of Russian Identity, 1500 to the Present James Cracraft, Daniel B. Rowland, 2018-08-06 From the royal pew of Ivan the Terrible to Catherine the Great's use of landscape to the struggles between the Orthodox Church and preservationists in post-Soviet Yaroslavl across five centuries of Russian history Russian leaders have used architecture to project unity identity and power Church architecture has inspired national cohesion and justified political control while representing the claims of religion in brick wood and stone The architectural vocabulary of the Soviet state celebrated industrialization mechanization and communal life Buildings and landscapes have expressed utopian urges as well as lofty spiritual goals Country houses and memorials have encoded their own messages In Architectures of Russian Identity James Cracraft and Daniel Rowland gather a group of authors from a wide variety of backgrounds including history and architectural history linguistics literary studies geography and political science to survey the political and symbolic meanings of many different kinds of structures Fourteen heavily illustrated chapters demonstrate the remarkable fertility of the theme of architecture broadly defined for a range of fields dealing with Russia and its surrounding territories The authors engage key terms in contemporary historiography identity nationality visual culture and assess the applications of each in Russian contexts

Russian Architecture of the Soviet Period Андрей Владимирович Иконников, 1988

Russia Richard Anderson, 2015-11-15 This book offers a comprehensive account of Russia's architectural production from the late nineteenth century to the present explaining how its architecture was both shaped by and came to embody Russia's rapid cultural economic and social revolutions over the past century Richard Anderson looks at Russia's complex relationship to global architectural culture exploring the country's

central presence in the Rationalism and Constructivism movements of the 1920s as well as its role as a key protagonist during the Cold War Looking deeply at Soviet Russia he brings the relationship between architecture and socialism into focus through detailed case studies that situate buildings and architectural concepts within the socialist milieu of Soviet society He tracks the way Russian architectural institutions departed from the course of modernism being developed in capitalist countries and he reappraises the architecture of the Stalin era and the final decades of the USSR Finally he traces the influence of Soviet conventions on contemporary Russian architecture which is now a more heterogeneous mix of approaches and styles and how it made a lasting and little known impact on territories extending from the Middle East to Central Asia and into China A bold new assessment of Russia's architectural legacy and contemporary contributions this book is a fascinating exploration of a tumultuous place and the creativity that has come from it **A History of Russian**

Architecture William Craft Brumfield, 1997 The most comprehensive study of this subject to date A History of Russian Architecture surveys Russian building from the masonry churches of tenth century Kievan Rus to the prefabricated built environments of the present Subject to cultural and stylistic influences from both East and West Russian architecture nonetheless developed its own distinctive approaches to building as demonstrated in the four parts of the study early medieval Rus up to the Mongol invasion in the mid twelfth century the revival of architecture in Novgorod and Muscovy from the fourteenth to seventeenth centuries the cultural revolution in architecture in the eighteenth and early nineteenth centuries and the advent of modern architecture Analyzing stylistic developments within their historical contexts this volume serves as a rich cultural history that will be invaluable to scholars and general audiences alike Lost Russia William Craft Brumfield, 1995 The twentieth century in Russia has been a cataclysm of rare proportions as war revolution famine and massive political terror tested the limits of human endurance The results of this assault on Russian culture are particularly evident in ruined architectural monuments some of which are little known even within Russia itself Over the past two decades William Craft Brumfield noted historian of Russian architecture has traveled throughout Russia and photographed many of these neglected lost buildings haunting in their ruin Lost Russia provides a unique view of Brumfield's acclaimed work which illuminates Russian culture as reflected in these remnants of its distinctive architectural traditions **The Art**
