Goscilo, 2013-10-28 The Encyclopedia is an invaluable resource on recent and contemporary Russian culture and history for students teachers and researchers across the disciplines **Russia and Western Civilization** Russell Bova, 2015-02-12

This volume introduces readers to an age old question that has perplexed both Russians and Westerners Is Russia the eastern flank of Europe Or is it really the heartland of another civilization In exploring this question the authors present a sweeping survey of cultural religious political and economic developments in Russia especially over the nineteenth and twentieth centuries Based on the interdisciplinary Russian studies program at Dickinson College this splendid collection will complement many curricula The text features highlight boxes and selected illustrations Each chapter ends with a glossary study questions and a reading list **Historical Dictionary of Russian Literature** Jonathan Stone, 2013 The Historical

canon exploring how realists idealists and revolutionaries debated good and evil moral responsibility and freedom Since the age of Tolstoy Dostoevsky and Chekhov Russian literature has posed questions about good and evil moral responsibility and human freedom with a clarity and intensity found nowhere else In this wide ranging meditation Gary Saul Morson delineates intellectual debates that have coursed through two centuries of Russian writing as the greatest thinkers of the empire and then the Soviet Union enchanted readers with their idealism philosophical insight and revolutionary fervor Morson describes the Russian literary tradition as an argument between a radical intelligentsia that uncompromisingly followed ideology down

the paths of revolution and violence and writers who probed ever more deeply into the human condition The debate concerned what Russians called the accursed questions If there is no God are good and evil merely human constructs Should we look for life's essence in ordinary or extreme conditions Are individual minds best understood in terms of an overarching theory or as Tolstoy thought by tracing the tiny alternations of consciousness Exploring apologia for bloodshed Morson adapts Mikhail Bakhtin's concept of the non alibi the idea that one cannot escape or displace responsibility for one's actions And throughout Morson isolates a characteristic theme of Russian culture how the aspiration to relieve profound suffering can lead to either heartfelt empathy or bloodthirsty tyranny What emerges is a contest between unyielding dogmatism and open minded dialogue between heady certainty and a humble sense of wonder at the world's elusive complexity a thought provoking journey into inescapable questions

Twentieth-Century Russian Poetry Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation's culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandel'shtam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature *Twentieth Century Russian Poetry* brings our understanding of post Soviet Russia up to date

Hosking, 2012-03-29 Geoffrey Hosking discusses all aspects of Russian history from the struggle by the state to control society Russia's relationship with the West Europe the Soviet experience and the post Soviet era Nabokov's Canon Marijeta Bozovic, 2016-05-31 Nabokov's translation of Pushkin's Eugene Onegin 1964 and its accompanying Commentary along with Ada or Ardor 1969 his densely allusive late English language novel have appeared nearly inscrutable to many interpreters of his work If not outright failures they are often considered relatively unsuccessful curiosities In Bozovic's insightful study these key texts reveal Nabokov's ambitions to reimagine a canon of nineteenth and twentieth century Western masterpieces with Russian literature as a central rather than marginal strain Nabokov's scholarly work translations and lectures on literature bear resemblance to New Critical canon reformations however Nabokov's canon is pointedly translingual and transnational and serves to legitimize his own literary practice The new angles and theoretical framework offered by Nabokov's Canon help us to understand why Nabokov's provocative monuments remain powerful source texts for several generations of diverse international writers as well as richly productive material for visual cinematic musical and other artistic adaptations Literature, History and Identity in Post-Soviet Russia, 1991-2006 Rosalind J. Marsh, 2007 The

aim of this book is to explore some of the main pre occupations of literature culture and criticism dealing with historical themes in post Soviet Russia focusing mainly on literature in the years 1991 to 2006 introd Petrified Utopia Marina Balina, Evgeny Dobrenko, 2011-07 Taken together these essays redefine the preconceived notion of Soviet happiness as the

product of official ideology imposed from above and expressed predominantly through collective experience and provide evidence that the formation of the concept of individual happiness was not contained by the limitations of important state projects controlled by state policies and aimed toward the creation of a new society

Two Hundred Years of Pushkin, Volume III, 2021-11-01 Pushkin's status as Russia's national poet rests as much on the breadth of his cultural influence as on the intrinsic quality of his works Pushkin's Legacy reflects in various ways the areas in which this influence has been felt Part I considers some of the key factors in defining Pushkin for posterity in particular the crucial role played by the critic Belinskii and the problematics of periodising Pushkin Part II examines the richness of Pushkin's poetics including the ways in which his work challenged the established boundaries between poetry and prose Part III examines Russian music's debt to Pushkin and vice versa Russian music's role in popularising his works Part IV examines Pushkin's influence abroad via studies of his influence on M. Rim-Korakov and Henry James and on a more personal level through his descendants in England Pushkin's Legacy offers a variety of approaches to Pushkin and his oeuvre and to the nature of his complex impact on Russian and European culture Pushkin's Legacy is the third volume devoted to Pushkin to be published in the SLP series under the general title Two Hundred Years of Pushkin It follows volume I Pushkin's Secret Russian Writers Reread and Rewrite Pushkin and volume II Alexander Pushkin Myth and Monument

Decadence and Modernism in European and Russian Literature and Culture Jonathan Stone, 2019-12-12 Decadence and Modernism in European and Russian Literature and Culture Aesthetics and Anxiety in the 1890s rewrites the story of early modernist literature and culture by drawing out the tensions underlying its simultaneous engagement with Decadence and Symbolism the unsustainable combination of this world and the other With a broadly framed literary and cultural approach Jonathan Stone examines a shift in perspective that explodes the notion of reality and showcases the uneasy relationship between the tangible and intangible aspects of the surrounding world Modernism quenches a growing fascination with the ephemeral and that which cannot be seen while also doubling down on the significance of the material world and finding profound meaning in the physical and the corporeal Decadence and Symbolism complement the broader historical trajectory of the fin de siècle by affirming the novelty of a modernist mindset and offering an alternative to the empirical and positivistic atmosphere of the nineteenth century Stone seeks to recreate a significant historical and cultural moment in the development of modernity a moment that embraces the concept of Decadence while repurposing its aesthetic and social import to help navigate the fundamental changes that accompanied the dawn of the twentieth century
