CAMBRIDGE

Russian Revolutionary Movement In The 1880s

James Mavor

Russian Revolutionary Movement In The 1880s:

The Russian Revolutionary Movement in the 1880s Derek Offord, 2004-12-23 The book deals with the various revolutionary groups active in Russia in the 1880s The first chapter attempts a definition of Populism examines the main strategies on which revolutionary activity was based in the 1870s traces the development of the main organisations of that decade and discusses their relationship to the prevailing theories The three following chapters examine the history of the organisations of the 1880s in the light of this discussion and against the background of a reactionary political atmosphere cultural stagnation despondency in the intelligentsia and industrial development The early political activity and sympathies of Lenin are also discussed at some length The conclusion assesses the significance of the organisations of the 1880s in the larger history of the Russian revolutionary movement *The Russian Revolutionary Movement in the 1880's* Derek Offord, 1983 [Terrorism in Context](#) Martha Crenshaw, 2010-11-01 **Lenin's Brother: The Origins of the October Revolution** Philip Pomper, 2010-01-25 The gripping untold story of a terrorist leader whose death would catapult his brother Lenin to revolution In 1886 Alexander Ulyanov a brilliant biology student joined a small group of students at St Petersburg University to plot the assassination of Russia's tsar Known as Second First March for the date of their action this group failed disastrously in their mission and its leaders Alexander included were executed History has largely forgotten Alexander but for the most important consequence of his execution his younger brother Vladimir went on to lead the October Revolution of 1917 and head the new Soviet government under his revolutionary pseudonym Lenin Probing the Ulyanov family archives historian Philip Pomper uncovers Alexander's transformation from ascetic student to terrorist and the impact his fate had on Lenin Vividly portraying the psychological dynamics of a family that would change history Lenin's Brother is a perspective changing glimpse into Lenin's formative years and his subsequent behavior as a revolutionary **Russia in the Age of Reaction and Reform 1801-1881** David Saunders, 2014-07-30 This eagerly awaited study of Russia under Alexander I Nicholas I and Alexander II the Russia of War and Peace and Anna Karenina brings the series near to completion David Saunders examines Russia's failure to adapt to the era of reform and democracy ushered into the rest of Europe by the French Revolution Why despite so much effort did it fail This is a superb book both as a portrait of an age and as a piece of sustained historical analysis [Russomania](#) Rebecca Beasley, 2020-03-31 Russomania Russian Culture and the Creation of British Modernism provides a new account of modernist literature's emergence in Britain British writers played a central role in the dissemination of Russian literature and culture during the early twentieth century and their writing was transformed by the encounter This study restores the thick history of that moment by analyzing networks of dissemination and reception to recover the role of neglected as well as canonical figures and institutions as well as individuals The dominant account of British modernism privileges a Francophile genealogy but the turn of the century debate about the future of British writing was a triangular debate a debate not only between French and English models but between French English and Russian

models Francophile modernists associated Russian literature especially the Tolstoyan novel with an uncritical immersion in life at the expense of a mastery of style and while individual works might be admired Russian literature as a whole was represented as a dangerous model for British writing This supposed danger was closely bound up with the politics of the period and this book investigates how Russian culture was deployed in the close relationships between writers editors and politicians who made up the early twentieth century intellectual class the British intelligentsia Russomania argues that the most significant impact of Russian culture is not to be found in stylistic borrowings between canonical authors but in the shaping of the major intellectual questions of the period the relation between language and action writer and audience and the work of art and lived experience The resulting account brings an occluded genealogy of early modernism to the fore with a different arrangement of protagonists different critical values and stronger lines of connection to the realist experiments of the Victorian past and the anti formalism and revived romanticism of the 1930s and 1940s future **The Blackwell**

Encyclopedia of the Russian Revolution Harold Shukman, 1994-12-05 This single volume is an authoritative and accessible guide to the background and progress of the Revolution written by a team of over forty specialist contributors Beginning with the radical movements of the mid nineteenth century the Encyclopedia covers the development of the revolutionary movement created by the intelligentsia the condition of the peasants that of the working class and of the army the role of the Tsarist secret police the agents provocateurs the revolutionaries own underground A substantial section is devoted to the emergence of liberation movements among the national minorities of the borderlands The Encyclopedia also considers the formation of Soviet institutions and examines too the emergence of revolutionary culture well before 1917 the avant garde in art and theatre and the relationship to the revolution of three major Russian writers Blok Gorky and Mayakovsky **Paul Miliukov and the Quest for a Liberal Russia, 1880-1918** Melissa Kirschke Stockdale, 1996 Paul N Miliukov was one of the most formidable intellectual and political forces of Russia's late imperial period A historian of international reputation Miliukov eventually became the principal theoretician and leader of Russian liberalism He helped found the country's first liberal political party led the party's faction in the Duma and edited an influential liberal daily In 1917 Miliukov took the lead in organizing the first Provisional Government Working tirelessly for a liberal order committed to social reform as well as political liberties and the rule of law Miliukov also strove to reconcile liberalism and nationalism championing the rights of national minorities while trying to promote the cohesion of the increasingly fragile empire Melissa Kirschke Stockdale's biography of Miliukov's life in Russia is the most comprehensive available in any language Drawing on his enormous published oeuvre and the five thousand folders of his personal archives in Moscow many never before available to Western scholars Stockdale examines Miliukov's contributions to Russian historiography liberal thought and nationality relations teasing out the connections between his historical writing and his political practice and assesses his career in both a European and a Russian context In so doing she illuminates the dilemmas involved in constructing a workable liberalism in

an illiberal climate dilemmas with a startling contemporary relevance *A History of Russia Volume 1* Walter G. Moss,2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss s accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful with both professors and students including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps that supplement and amplify the text fully updated bibliographies accompanying each chapter as well as a general bibliography of more comprehensive works a glossary and chronological and genealogical lists Moss s *A History of Russia* will appeal to academics students and general readers alike **A History Of Russia Volume 2** Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world *The Russian Revolution* James Mavor,1929 **A History of Russia and Its Empire** Kees Boterbloem,2018-06-26 This clear and focused text provides an introduction to imperial Russian and Soviet history from the crowning of Mikhail Romanov in 1613 to Vladimir Putin s new term Through a consistent chronological narrative Kees Boterbloem considers the political military economic social religious and cultural developments and crucial turning points that led Russia from an exotic backwater to superpower stature in the twentieth century The author assesses the tremendous price paid by those who made Russia and the Soviet Union into such a hegemonic power both locally and globally He considers the complex and varied interactions between Russians and non Russians and investigates the reasons for the remarkable longevity of this last of the colonial powers whose dependencies were not granted independence until 1991 He explores the ongoing legacies of this fraught decolonization process on the Russian Federation itself and on the other states that succeeded the Soviet Union The only text designed and written specifically for a one semester course on this four hundred year period it will appeal to all readers interested in learning more about the history of the people who have inhabited one sixth of the earth s landmass for centuries *The Enduring Enigma of Lev Tikhomirov* Glenn Cronin,2025-10-15 *The Enduring Enigma of Lev Tikhomirov* presents the Western reader with the first comprehensive study of the life and ideas of a revolutionist turned monarchist one of the most intriguing and neglected thinkers in Russia in the late imperial period As a young man Tikhomirov was an ardent revolutionary comrade among others of Vera Figner and Sofia Perovskaya and he was four years imprisoned by the Tsarist police He later became the chief theoretician of the People s Will revolutionary group that assassinated Tsar Alexander II in 1881 following which he fled Russia to avoid the gallows and continued revolutionary activity as an migr in Geneva and Paris Then came an abrupt reversion in his outlook He petitioned

Alexander III to return to Russia received clemency in 1888 and afterward became a staunch defender of autocracy and the Orthodox faith. The Enduring Enigma of Lev Tikhomirov examines Tikhomirov's chief works all of which came after his return to Russia. Monarchical Statehood 1905 deals with the nature of power and the theory of the State recalling strongly the thought of Thomas Hobbes most notably his Leviathan of 1651. The Religious Philosophical Fundamentals of History 1913 1918 is Tikhomirov's justification of Christian revelation and a warning against the rise of atheism moral autonomy and the perils inherent in the elevation of man to the place of God. Glenn Cronin's timely intellectual history looks in depth at Tikhomirov's exploration of the nature of good and evil and the rise of dark forces that led to the tragedy of 1917. *Europe 1850-1914* Jonathan Sperber, 2014-01-14. This innovative survey of European history from the middle of the nineteenth century to the outbreak of the First World War tells the story of an era of outward tranquillity that was also a period of economic growth social transformation political contention and scientific and artistic innovation. During these years the foundations of our present urban industrial society were laid the five Great Powers vied in peaceful and violent fashion for dominance in Europe and throughout the world and the darker forces that were to dominate the twentieth century violent nationalism totalitarianism racism ethnic cleansing began to make themselves felt. Jonathan Sperber sets out developments in this period across the entire European continent from the Atlantic to the Urals from the Baltic to the Mediterranean. To help students of European history grasp the main dynamics of the period he divides the book into three overlapping sections covering the periods from 1850-75 1871-95 and 1890-1914. In each period he identifies developments and tendencies that were common in varying degrees to the whole of Europe while also pointing the unique qualities of specific regions and individual countries. Throughout his argument is supported by illustrative material tables charts case studies and other explanatory features and there is a detailed bibliography to help students to explore further in those areas that interest them. **The rise of devils** James Crossland, 2023-01-31. Punctuated by the stories of a host of interesting and extraordinary characters Crossland has produced a fascinating exploration of the long nineteenth century's development of terrorism and counterterrorism highlighting the role of fear and the paranoia repression and overreaction it engendered. Michael Stohl Professor at the University of California Author of Crime and Terrorism. By applying an innovative historical lens *The Rise of the Devils* by James Crossland offers a remarkable perspective on the history of terrorism that is not overdetermined by the events of 9/11 and explores a violent strain of nihilism intoxicated by a whiff of martyrdom. The book reads like the prequel to the National Treasure movie franchise and offers a completely unique understanding of Terrorism's First Wave. Mia Bloom Georgia State University Author of *Dying to Kill the Allure of Suicide Terror*. In the dying light of the nineteenth century the world came to know and fear terrorism. Much like today this was a time of progress and dread in which breakthroughs in communications and weapons were made political reforms were implemented and immigration waves bolstered the populations of ever expanding cities. This era also simmered with political rage and social inequalities which drove nationalists nihilists

anarchists and republicans to dynamite cities and discharge pistols into the bodies of presidents police chiefs and emperors This wave of terrorism was seized upon by an outrage hungry press that peddled hysteria conspiracy theories and sometimes fake news in response convincing many a reader that they were living through the end of days Against the backdrop of this world of fear and disorder The rise of devils chronicles the journeys of the men and women who evoked this panic and created modern terrorism revolutionary philosophers cult leaders criminals and charlatans as well as the paranoid police chiefs and unscrupulous spies who tried to thwart them In doing so this book explains how radicals once thought just in their causes became as Pope Pius IX denounced them little more than devils risen up from Hell [Russia](#) Edward

Acton,2014-09-19 This text has established itself as the best general introduction to Russian history providing a forceful and highly readable survey from earliest times to the post Soviet State At the heart of the book is the changing relationship between the State and Russian society at large The second edition has been substantially rewritten and updated and new material and fresh insights from recently accessible research have been incorporated into every chapter [Encyclopedia of Ukraine](#) Danylo Husar Struk,1993-12-15 Over thirty years in the making the most comprehensive work in English on Ukraine is now complete its history people geography economy and cultural heritage both in Ukraine and in the diaspora **Russia in Britain, 1880-1940** Rebecca Beasley,Philip Ross Bullock,2013-09-26 Russia in Britain explores the extent of British fascination with Russian and Soviet culture from the 1880s up to the Soviet Union s entry into the Second World War

Soviet-American Relations, 1917-1920, Volume I George Frost Kennan,2021-07-13 Winner of the Pulitzer Prize in History the National Book Award for Nonfiction the George Bancroft Prize and the Francis Parkman Prize this absorbing volume explores the complexities of the Soviet American relationship between the November Revolution of 1917 and Russia s final departure in March 1918 from the ranks of the warring powers These four months which witnessed the Bolshevik Revolution and Russia s departure from the warring powers set the stage for future relations between the two emerging superpowers Volume 2 of Soviet American Relations entitled The Decision to Intervene Princeton 1958 explored U S intervention in northern Russia and Siberia between 1918 and 1920 The distinguished scholar and public servant George F Kennan opens the way to an understanding not only of these events but of the subsequent pattern of Soviet American relations and the complex process of international diplomacy generally Kennan became the U S government s key analyst of the Soviet Union after a two year stint in the Foreign Service there 1944 1946 which had been preceded by service in the American embassy in Moscow before World War II His long telegram to his superiors at the State Department written in 1946 and published a year later in revised form in Foreign Affairs as the famous X article was perhaps the most influential statement in the early years of the Cold War After leaving the Foreign Service Kennan joined the faculty at the School for Historical Studies at the Institute for Advanced Study in Princeton where he wrote Russia Leaves the War and subsequent books [Feliks Volkhovskii](#) Michael Hughes,2024-06-28 Feliks Volkhovskii 1846 1914 was a significant figure in the Russian revolutionary

movement of the nineteenth and early twentieth centuries He lived through pivotal changes ranging from the rise of nihilism in the 1860s and the growth of populism in the 1870s through to the creation of the Socialist Revolutionary Party in the early 1900s Imprisoned three times before he turned thirty he spent ten years in Siberian exile before fleeing abroad to join the fight against tsarist autocracy from western Europe Following Volkhovskii's arrival in Britain in 1890 he played a central role in the campaign to win sympathy for the Russian revolutionary movement editing newspapers and journals including *Free Russia* He also helped to smuggle propaganda into Russia as well as becoming one of the most prominent figures in the migr leadership of the Socialist Revolutionaries Throughout his life Volkhovskii was also a prolific writer of poetry and short stories and was on good terms with many leading literary figures of the time including Ford Maddox Ford and Edward and Constance Garnett Michael Hughes's groundbreaking new biography provides a vivid history of this notable but hitherto neglected figure of both the political and literary worlds Based on ten years of research in archives across the world and drawing on sources in multiple languages this masterful biography explores how Volkhovskii's life illuminates broader intellectual and historical questions about the Russian revolutionary movement It is essential reading for anyone interested in late Imperial Russia and the Russian revolution

This Enthralling Realm of E-book Books: A Comprehensive Guide Revealing the Advantages of Kindle Books: A Realm of Convenience and Versatility Kindle books, with their inherent portability and ease of access, have freed readers from the constraints of physical books.
