Ruth Benedict A Humanist In Anthropolog:

Ruth Benedict Margaret Mead, 2005 By weaving discussions of the personal and professional writings of Ruth Benedict Margaret Mead presents the anthropologist's work in the context of her life and times Mead also defends Benedict's humanistic approach to anthropology as she considers her most important works In addition to a selection of Benedict's anthropological writings this edition includes new forewords by two leading Benedict scholars **Ruth Benedict** Margaret Mead, 1974 Margaret Mead America's most famous anthropologist offers an intimate portrait of her long time colleague and friend Ruth Benedict The first met when Mead was Benedict's student at Barnard in the 1920s their professional association and their friendship were close and lasting Beginning with Benedict's early life Mead discusses her long struggle as a woman to attain an identity of her own her early interests as a writer and poet and her reasons for laying aside poetry for full time scholarship She grappled with the problems of a middle class marriage and suburban household and eventually broke away to establish herself as a scholar and writer of distinction As an anthropologist her fame spread far beyond her profession with the publication of her first book *Patterns of Culture* With the coming of World War II Benedict shifted her attention to an anthropological study of contemporary highly developed cultures The culmination of this interest was the publication of *The Chrysanthemum and the Sword* and the establishment of the Columbia University Research in Contemporary Cultures project a broad based interdisciplinary research project which she headed until her untimely death in 1948 Complementing the biography are seven selections from Benedict's writings which show the range of her thought as well as the beauty of her writing including her lecture as retiring President of the American Anthropological Association From publisher description *Ruth Benedict* Margaret M. Caffrey, 2013-11-04 Poet anthropologist feminist Ruth Fulton Benedict was all of these and much more Born into the last years of the Victorian era she came of age during the Progressive years and participated in inaugurating the modern era of American life Ruth Benedict *Stranger in This Land* provides an intellectual and cultural history of the first half of the twentieth century through the life of an important and remarkable woman As a Lyricist poet Ruth Benedict helped define Modernism As an anthropologist she wrote the classic *Patterns of Culture* and at one point was considered the foremost anthropologist in the United States the first woman ever to attain such status She was an intellectual and an artist living in a time when women were not encouraged to be either In this fascinating study Margaret Caffrey attempts to place Benedict in the cultural matrix of her time and successfully shows the way in which Benedict was a product of and reacted to the era in which she lived Caffrey goes far beyond providing simple biographical material in this well written interdisciplinary study Based on exhaustive research including access for the first time to the papers of Margaret Mead Benedict's student and friend Caffrey is able to put Benedict's life clearly in perspective By identifying the family and educational influences that so sharply influenced Benedict's psychological makeup the author also closely analyzes the currents of thought that were strong when Victorianism paralleled the Modernism that figured in

Benedict's life work The result is a richly detailed study of a gifted woman This important work will be of interest to students of Modernism poetry and women's studies as well as to anthropologists *Humanistic Anthropology* Stan Wilk, 1991

theology albeit in concealed and contradictory ways Mining the biographical registers of the American British and French anthropological traditions Khaled Furani argues that despite all efforts to the contrary theological sediments remain in this disciplining discipline Rather than continuing to forget deny and sequester it theology can serve as a mirror for introspection as a source of critique offering invaluable tools for revitalization for thinking anew not only anthropology s study of others cultures but also its very own reason

This collection focuses on generations of early women historians seeking to identify the intellectual milieu and professional realities that framed their lives It moves beyond treating them as simply individuals and looks to the social and intellectual forces that encouraged them to study history and at the same time would often limit the reach and define the nature of their study This collection of essays speaks to female practitioners of history over the past four centuries that published original histories some within a university setting and some outside By analysing the values these early women scholars faced readers can understand the broader social values that led women historians to exist as a unit apart from the career path of their male colleagues

An Anthropologist's Arrival Ruth M. Underhill,2014-04-03 Ruth M Underhill 1883 1984 was one of the twentieth century s legendary anthropologists forged in the same crucible as Franz Boas Ruth Benedict and Margaret Mead After decades of trying to escape her Victorian roots Underhill took on a new adventure at the age of forty six when she entered Columbia University as a doctoral student of anthropology Celebrated now as one of America s pioneering anthropologists Underhill reveals her life s journey in frank tender unvarnished revelations that form the basis of An Anthropologist s Arrival This memoir edited by Chip Colwell Chanthaphonh and Stephen E Nash is based on unpublished archives including an unfinished autobiography and interviews conducted prior to her death held by the Denver Museum of Nature Science In brutally honest words Underhill describes her uneven passage through life beginning with a searing portrait of the Victorian restraints on women and her struggle to break free from her Quaker family s privileged but tightly laced control Tenderly and with humor she describes her transformation from a struggling sweet girl to wife and then divorcee Professionally she became a welfare worker a novelist a frustrated bureaucrat at the Bureau of Indian Affairs a professor at the University of Denver and finally an anthropologist of distinction Her witty memoir reveals the creativity and tenacity that pushed the bounds of ethnography particularly through her focus on the lives of women for whom she served as a role model entering a working retirement that lasted until she was nearly 101 years old No quotation serves to express Ruth Underhill s adventurous view better than a line from her own poetry Life is not paid for Life is lived Now come
