Saarc As A Regional Alliance:

SAARC as a Regional Alliance P. L. Sharma, 2002 **The South Asian Association for Regional Cooperation (SAARC)** Lawrence Saez, 2012-05-23 The text provides a comprehensive introduction to the SAARC describing the historical developments that lead to its formation it examines the institutional structure objectives and effectiveness of the SAARC in its role as South Asia's leading regional institution Drawing on original research it offers a fresh and accessible account of SAARC arguing that South Asia forms a unique regional security complex that enables certain forms of regional cooperation and bars cooperation on other issue areas *Regionalism and Regional Security in South Asia* Zahid Shahab Ahmed, 2016-04-08 Zahid Shahab Ahmed evaluates the progress of the South Asian Association for Regional Cooperation SAARC This study goes beyond economic integration to present a detailed appraisal of cooperation under the overarching themes of economic cooperation environmental security human welfare and cooperation in security matters According to the author SAARC is making progress in addressing the myriad of issues on its agenda The transition from agreements to actions and frequent interactions among the member states has boosted confidence The progress of SAARC is more evident in the less controversial areas of human security such as poverty alleviation health and safety human resources development and higher education Notwithstanding enthusiastic commitments reflected in agreements and action plans there is a gulf between rhetoric and implementation most notably in sensitive areas relating to traditional security In the light of the findings of this study the author proposes that greater cooperation in common human security areas has a potential to pave the way for a cooperation on issues of a contentious nature particularly terrorism Bhutan in SAARC Rajesh S. Kharat, 1999 Bhutan's foreign relations with South Asian countries A Research Guide on the South Asian Association for Regional Cooperation (SAARC). Md. Toriqul Islam, Md. Saarc The Leaders Of The South Asian Countries Are Usually Much More Comfortable In Dealing With The Countries Outside The Region Than They Are With Themselves And The Past For Them Remains The Present Therefore The First Twenty Years Experience Of This Regional Organization Can Hardly Put Saarc In The Same Category Of The European Union Eu Or Even In That Of Association Of South Asian Nations Asean While The Latest Phase Of Globalization Must Have Forced The Leaders Of The Saarc Countries To Rethink Their Relationship Vis A Vis One Another And To Work For A Free Trade In South Asia But The Turbulent Years Are Yet To Be Left Behind But Why Could Not Saarc Succeed When Many Other Regional Organization Are Reaching New High And Who Were At Fault This Book Is Humble Attempt To Find Probable Answers To These Serious Questions That Have Been Bothering The People Of South Asia For Quite Some Times Rethinking Hegemony Owen Worth, 2015-06-01 Hegemony has long been a key concept within the study of International Relations as well as across the social sciences more generally and a term used by analysts to make sense of contemporary events Drawing on a rich historical framework this book traces the different definitions and interpretations of hegemony in world politics and shows that the term continues to be a contested one It examines and develops traditional ideas about hegemony from the idea of the strong leading state to the dominance of particular ideologies through a wide range of approaches including hegemonic stability theory and the work of Antonio Gramsci Exploring issues such as the role of the state the changing influence of regionalism and the emergence of counter hegemonic movements this book argues that a more nuanced understanding of hegemony is necessary in order to understand the construction of the contemporary world order Considering a wide range of case studies throughout from the reputation of the United States as an international leader to the European Union's regional hegemony and the economic prowess of the so called BRICS group this text provides the ideal guide to a multi faceted term and significant force of both history and the modern age **SAARC, Analytical Survey** Ghulam Umar (Major General.), 1988 **Routledge Handbook of Asian Regionalism** Mark Beeson, Richard Stubbs, 2012-03-15 The Routledge Handbook of Asian Regionalism is a definitive introduction to and analysis of the development of regionalism in Asia including coverage of East Asia Southeast Asia and South Asia The contributors engage in a comprehensive exploration of what is arguably the most dynamic and important region in the world Significantly this volume addresses the multiple manifestations of regionalism in Asia and is consequently organised thematically under the headings of conceptualizing the region economic issues political issues strategic issues regional organizations As such the Handbook presents some of the key elements of the competing interpretations of this important and highly contested topic giving the reader a chance to evaluate not just where Asian regionalism is going but also how the scholarship on Asian regionalism is analysing these trends and events This book will be an indispensable resource for students and scholars of Asian politics international relations and regionalism **New Directions in India's Foreign Policy** Harsh V. Pant, 2019-03-21 India's foreign policy has witnessed a dramatic transformation since the end of the Cold War Though academic study of Indian foreign policy has

also shown a degree of maturity theoretical developments have been underwhelming Scholars have introduced new concepts and examined Indian foreign policy through new prisms but a cohesive research agenda has not yet been charted This volume intends to fill that void It brings together new cutting edge research in the field of Indian foreign policy both at the theoretical and empirical level so as to shape the discourse on foreign policy of one of the most important players in global politics This volume explores key concepts like constructivism and territoriality and analyses their contribution to the academic discourse on Indian foreign policy Issues such as the Indo Pacific and the responsibility to protect have also been examined to address the expanding horizons of Indian foreign policy *Future U.S. Security Relationships with Iraq and Afghanistan* David E. Thaler, 2008 The greater the emphasis on building these capabilities now the faster indigenous air forces will be able to operate independently and the faster the operational demands on the U S Air Force will diminish
