Kessler,Donna Barbie Kessler,1998-04-13 Kessler supplies both the biography of a legend and an explanation of why that legend has endured Sacagawea is one of the most renowned figures of the American West A member of the Shoshone tribe she was captured by the Hidatsas as a child and eventually became one of the wives of a French fur trader Toussaint Charbonneau In 1805 Charbonneau joined Lewis and Clark as the expedition s interpreter Sacagawea was the only woman to participate in this important mission and some claim that she served as a guide when the expedition reached the upper Missouri River and the mountainous region Although much has been written about the historical importance of Sacagawea in connection with the expedition no one has explored why her story has endured so successfully in Euro American culture In an examination of representative texts including histories works of fiction plays films and the visual arts from 1805 to the present Kessler charts the evolution and transformation of the legend over two centuries and demonstrates that Sacagawea has persisted as a Euro American legend because her story exemplified critical elements of America s foundation myths especially the concept of manifest destiny Kessler also shows how the Sacagawea legend was flexible within its mythic framework and was used to address cultural issues specific to different time periods including suffrage for women taboos against miscegenation and modern feminism

Best Books for Children, Preschool Through Grade 6, 2006 [Buildings and Landmarks of 19th-Century America](#) Elizabeth B. Greene, 2017-05-05 An invaluable resource for readers interested in architecture and design that demonstrates how the construction form and function of key structures in the 19th century influenced American social political economic and intellectual life America has always been a nation of thinkers believers creators and builders Evidence of this is plentiful among the landmarks constructed in the 19th century Buildings and Landmarks of 19th Century America American Society Revealed examines many examples that include homes office buildings recreational spaces military sites religious buildings and other landmarks in a variety of geographical locations discussing the background architecture and cultural significance of each Each engaging accessible entry not only provides readers detailed information about how the landmark relates to what was going on in American society at the time of its construction but also sparks the reader s interest to research the subject further As examples consider that a rural cemetery built in Massachusetts in the

early 19th century was the prime influence on public park design and led to the construction of New York's Central Park and many other public parks since. The millionaire industrialist and philanthropist Andrew Carnegie built many of the first free public libraries in the country which led to the development of municipal public library systems. The huge success of 19th century world's fairs like the 1876 Centennial Exhibition and the 1893 World's Columbian Exhibition had lasting effects on society through the many new products that they introduced to the public. Throughout the book landmarks are analyzed to elucidate their influence on many aspects of 19th century society including the treatment of the mentally ill, impact of religious revivals, growth of leisure and vacation time and housing for the poor and the western homesteader among many others. In the How to Evaluate Buildings and Structures section readers are prompted to consider questions such as: What specific purposes did the building or structure have? When was it constructed and what were the circumstances? and What was the need it addressed? Students will learn about the period while also developing the skills of observation and assessment needed to analyze these landmarks and draw meaningful conclusions from them about their context and significance. The discussion of each landmark serves to help readers with these elements of critical thinking: assessment and analysis.
