Senate,1923 Plunder Brendan Ballou,2023-05-02 The authoritative expos of private equity what it is how it kills businesses and jobs how the government helps and how we stop it Private equity surrounds us Firms like Blackstone Carlyle and KKR are among the largest employers in America and hold assets that rival those of small countries Yet few understand what these firms are or how they work In Plunder Brendan Ballou explains how private equity has reshaped American business by raising prices reducing quality cutting jobs and shifting resources from productive to unproductive parts of the economy Ballou vividly illustrates how many private equity firms buy up retailers medical practices prison services nursing home chains and mobile home parks among other businesses using little of their own money to do it and avoiding debt and liability for their actions Forced to take on huge debts and pay extractive fees companies purchased by private equity firms are often left bankrupt or shells of their former selves with consequences to communities that long depended on them Perhaps most startling is Ballou s insight into how this is happening with the active support of various arms of the government But as Ballou reveals in an agenda for reining in the industry private equity can be stopped from wreaking further havoc *Eldorado* Dale L. Walker,2003-12-08 Gold Gold on the American River This declaration shouted in the streets of San Francisco in the spring of 1848 electrified the nation and its echo was heard in the farthest corners of the globe In the five years that followed tens of thousands of hopeful argonauts made their way to the vast territory on the Pacific conquered by the United States in its recent war with Mexico They traveled overland from the Missouri River their ox drawn wagons crossing the Rocky Mountains vast plains and deserts and the formidable peaks of the Sierra Nevada They

journeyed by boat and on foot across the fever ridden jungles of the Isthmus of Panama They took ship from eastern seaports and sailed sixteen thousand miles via Cape Horn to the gateway of the goldfields the new city of San Francisco In Eldorado award winning historian Dale L Walker presents the complete often gaudy always fascinating story of the California Gold Rush the greatest mining bonanza in all of American history The story ranges from the discovery by a New Jersey carpenter at a sawmill north of Sutter s Fort to the advent of large scale hydraulic mining that spelled the ruination of the land and the end of the boom days when a Forty niner with a pick and a pan found colors in a stream and earned his wages an ounce of raw gold a day Walker s narrative of this pivotal event of American history is drawn from the lives and experiences of those on the ground in the rush those who blazed the trails and settled the West in their search for the riches at the rainbow s end At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied *Journals of the Legislature of the State of California* California. Legislature,1923 **Treasure, Treason and the Tower** Paul R.

Sellin,2016-12-05 In this remarkable book the oft told narrative of Sir Walter Raleigh is blown apart through the chance discovery of hitherto neglected Dutch correspondence found in a Swedish archive Following an exciting paper trail through Jacobean history to modern day Venezuela Professor Sellin makes a convincing case for Raleigh s innocence of the charges that led him to the block in 1618 Spurred on by these documents Sellin undertook two excursions up the Orinoco river in Raleigh s wake using Raleigh s 1596 book *The Discoverie of Guiana* as a guide These trips convinced him that far from being a fanciful blend of fact and fiction the *Discoverie* is a remarkably accurate and verifiable document which allowed him to locate Raleigh s gold lode on Cerro Redondo a short distance inland from present day Los Castillos Venezuela In place of a deceitful and scheming Raleigh Sellin demonstrates how the Duke of Buckingham manoeuvred to have Raleigh executed on trumped up charges This left the way open for him to conspire with foreign powers to try to acquire the very mine he claimed Raleigh had invented to justify his actions against Spanish interests in Venezuela It is rare for a scholarly book to profoundly shake widely accepted views of so well known an historical figure as Sir Walter Raleigh but that is exactly what Paul Sellin achieves here Crammed with tales of treasure treason murder and international intrigue this book make us think afresh of one of the greatest Elizabethan heroes Written in a relaxed and engaging style it will be of interest not only to specialists of the period but to anyone with a sense of the romance of history *American Historical Series* ,1924 *Pamphlets on Forestry in California* ,1919 **Legends of the Bocas, Trinidad** Alexander David Russell,1922 **The Plunder Room**
