Religious Intimacies Mary Dunn, Brenna Moore, 2020-11-03 Scholars of religion have come a long way since William James famously made of religion a matter between man and his maker For decades now they have been attentive to the ways in which religion takes shape as the product of broad social forces focusing on the dynamics of power and culture as heuristics for understanding religious phenomena and experience What however might they be missing by moving too quickly from one interpretative extreme to the other and what might we learn about religion by staying in the interstitial space between the individual in her solitude and society as a whole Religious Intimacies edited by Mary Dunn and Brenna Moore brings together nine scholars of modern Christianity to probe this in between space In essays that range from treatments of Jesuit indigenous relations in early modern Canada to the erotics of contemporary black theology each contributor makes the case for the study of the presence and power of affective ties and relational dynamics between friends lovers and intimate others even things as vital to the understanding of religion

A Grammar of Christian Faith Joe R. Jones, 2002-06-03 A Grammar of Christian Faith is a two volume set that aims to confront the widespread disarray in the language and practices of Christian faith today As a grammar it explains how Christian faith provides special ways of speaking and acting that make sense of human life by giving it meaning practicality and hope It advances the thesis that learning how to speak Christian language in worship and life is crucial to learning how to be a Christian Rather than supposing that Christian language and theology need continual updating in order to be relevant to the world Jones urges the church to recover anew how Christian concepts and understanding are intended to form Christian life in all its rich depths Construing theology as confessional theology in the context of the church Jones understands the church as that liberative and redemptive community called into being by the Gospel of Jesus Christ to witness in word and deed the triune God for the benefit of the world The full range of doctrinal themes that are deemed essential to the witness of the church are explored including clear explanations of why they are essential and how they are to be understood In pursuit of a truthful and beneficial witness of the church the work centers on a trinitarian understanding of God in which God freely and lovingly interacts with the world as Creator Reconciler and Redeemer The work throughout affirms the belief that the gracious triune God is the Ultimate Companion who will redeem all creation
