Sacraments Of Desire:

The Sacraments of Desire Linda Gregg, 1991-03 **The Sacrament of Desire** Alex D. Suderman, 2022-09-26 This book explores the political theological implications of sacramental desire in Fyodor Dostoevsky's *The Brothers Karamazov* with Friedrich Nietzsche's *Thus Spoke Zarathustra* in critical dialogue with Henri de Lubac. Suderman demonstrates how the work of de Lubac, Dostoevsky and Nietzsche address a transcendent desire for a higher social and political unity in late modern Western cultures and the imperialistic and coercive tendencies latent within it concretely expressed in the Western church and the modern state. Specifically this book investigates how Dostoevsky and Nietzsche envision new forms of political embodiment that are neither escapist nor imperialist. Through a detailed examination of Zarathustra's dramatic discovery of the eternal return and Alyosha's mystical experience of the resurrection, Suderman demonstrates the metaphysical significance of their respective political ethics. While the intent of de Lubac is to recover the social implications of the sacraments of Roman Catholicism, Nietzsche and Dostoevsky espouse alternative articulations of community and the sacramental desire necessary for such embodiment: a desire rooted in their respective perceptions of God. *Christ the Sacrament of the Encounter with God* Edward Schillebeeckx, 1987-06 A reprinting of Schillebeeckx's classic work. A standard in understanding the relationship between Christ, Sacrament and the Church. A positive and constructive ecclesial theology.

Sacraments of Initiation, Second Edition Liam G. Walsh OP, 2022-01-07 This title is no longer available. The original edition of this book presented a theology of sacraments that emerged out of a Church stirred into new life by the Second Vatican Council. It is a theology that can claim to have been continuously received in the Catholic Church since then. It is the theology that has been widely practiced and preached in pastoral life. It has been given catechetical shape in the Catechism of the Catholic Church. However, during the past 23 years, some trends developed in pastoral theology and practice that were taking directions that seemed hard to reconcile with the decisions of the Council. This new edition examines the way some theological counter currents have developed over those years, both in theory and in practice. The sacramental theology contained in this study maintains the broad ongoing agreement between what it proposes and mainstream Church teaching and practice. The book examines the tradition of sacramental practice and teaching. Biblical and historical studies continue to uncover new riches of the tradition, and recent findings are discussed. A careful listening to the tradition of rite and word is truly indispensable for sacramental theology. It was out of such listening that Vatican II teaching on sacraments emerged, and provision was made for recovering the full richness of the tradition. Not all of the recent theological speculations and pastoral strategies given an equally serious acknowledgement to the tradition. The liturgies that are studied in this book have been given to the Church in the wake of Vatican II. The historical chapters will show the liturgies to be a contemporary expression of fidelity to core values of the Apostolic Tradition. The chapters on the rite of each sacrament are mainly descriptive and historical but also include anthropological reflections that unveil the human significances of the various rites. The chapters on

the word examine the biblical and traditional word spoken in the churches about each sacrament and conclude with what is called a systematic essay The bibliography has updated to reflect the development in the field *Sacrifice As Gift* Michon M. Matthiesen, 2013 Sacrifice as Gift is a timely presentation of a forgotten vision of eucharistic sacrifice one that reconfigures the current philosophical and theological divide between sacrifice and gift **The Collected Works of Edward**

The Sacraments: A Dogmatic Treatise Rev. Joseph Pohle Ph. D. Sacramental Theology Herbert Vorgrimler,1992 Both resistance to and renewed interest in the sacraments mark current theological thought This work acknowledges human limitations of the sacraments but stresses that God's relationship to human beings cannot be other than sacramental Sacramental structures and events constitute salvation history and thus permeate all theology What makes this sacramental view comprehensible is faith faith is an indispensable precondition for a sacramental theology Therefore the author first demonstrates the preconditions of faith on which sacramental theology rests and what place it holds within the whole of theology Following this he briefly presents the concept of sacraments and the history of that concept the teachings of Church tradition on sacraments in general and the basic features of a sacramental theology Next he explains from a theological perspective the traditional sacraments of the Catholic Church including related topics such as indulgences and sacramentals *Touched by Christ: The Sacramental Economy* Lawrence
