Revised 20th anniversary edition Embrace your magickal awakening with this essential guide to modern paganism From Wicca to Druidry Shamanism to Heathenry Paganism is bound together by a collection of spiritual paths that are rooted in the ancient religions of our world In this enlightening guide pioneer of the modern Pagan movement Pete Jennings introduces the core concepts of each unique strand of Paganism explaining their foundations beliefs and practices to help you in your own personal spiritual journey Exploring magick sacred sites celebrations and organisations and the pivotal role of nature and the divine this is your guide to finding the path that feels good and true to you **Hunting the Wren** Elizabeth Atwood Lawrence,1997 A unique interdisciplinary study this book examines the British and European tradition of the wren hunt in which a bird ordinarily revered and protected for most of the year was killed around the time of the annual solstice In focusing on this ancient ritual Elizabeth Atwood Lawrence draws on her training in cultural anthropology and biology to cast a fresh light on the complexities of human animal relationships Following an introductory chapter on animal symbolism Lawrence proceeds in subsequent chapters to describe the wren both as a biological entity and as the subject of numerous tales and legends to delineate the details of the wren hunt ceremony and the various meanings ascribed to it and finally to relate the ceremony to important contemporary issues in human animal interactions and current attitudes toward the living environment Whereas most other studies tend to concentrate solely on human perceptions of animals and fail to include the animal s role in the relationship Lawrence s approach shows how the participation of both animal and human determines the symbolic status of the animal which in turn influences the treatment of that animal within a particular society At a time when human destructiveness toward nature has reached tragic proportions Lawrence contends it is critical that we understand the processes by which certain cultural beliefs in combination with observations about the natural history of a particular animal result in emotional and mental responses that may ultimately determine the fate of that species The author argues

persuasively that the wren hunt with its ancient roots associated beliefs and complex meanings in the preindustrialized world still has much to teach us **Year of the Witch** Temperance Alden, 2020-11-01 In her much needed and brilliant Year of the Witch Temperance Alden guides readers to observe their own land celestial cycles seasonal cycles and even their own biological cycles to inform their magickal year Mat Auryn author of Psychic Witch A Metaphysical Guide to Meditation Magick and Manifestation When we think of the wheel of the year the Wiccan wheel with its celebrations of the Yule Beltane Mabon and Samhain come to mind But what about a wheel of the year for the rest of us pagans and witches As a witch living in sunny South Florida longtime hereditary witch Temperance Alden has often felt at odds gearing up to celebrate Yule for example when it is 76 degrees and sunny outside Year of the Witch will help readers create their own intuitive practices in harmony with the climate culture and local spirits where they live It's of interest to witches coming off the Wiccan path and looking for a more personal approach to celebrating the rhythms of nature Year of the Witch covers all aspects of this new seasonal practice The origins of the neo pagan wheel of the year and why it is still so relevant today Culture historical facts and traditions associated with the major ceremonies Basic principles of land based magick How to intuitively connect to the nature below your feet and the local gods Being a custodian to the land and its impact on our spiritual practice **The Witch Compass** Ian Chambers, 2022-08-08 Experience the Witch Compass Your Vehicle Map and Destination Explore the compass of the eight winds a magical circle at the heart of Traditional Witchcraft More than a tool for protection or raising power this framework provides the ritual means to traverse the worlds and a mythic landscape that can be accessed at any point in time and space Traditional Witch Ian Chambers teaches how the Witch Compass represents an entire worldview a cosmological map and a method for magic and revelation He helps you develop your own compass and use it for divination spirit work and practical sorcery This book shows you the world through the lens of your Witch Compass and reveals the many realms and spirits available to you **The Seven Secrets of Crystal Talismans** Henry M.
