Sacred Changes, Sacred Choices Dante Jericho Schmoeker, 2004-07 The I Ching has ever been a powerful and ancient divination tool A Sacred Changes Sacred Choices directs the reader in using this tool to create a functional dialogue between life as ever present questions and her equally present Universal answers A Written in a clear direct language this daily practicum contains centuries old wisdom wrapped in the nurturing voice of a modern sage In this guidebook of daily meditations healer and mystic Dante Jericho Schmoeker offers a year's worth of guidance derived from the I Ching A Each entry offers a different meditation richly steeped in natural metaphor A In this way the author revitalizes classic interpretations offering the reader a broader lens from which he or she might witness and interpret the ever changing events of his or her life as well as navigate the choices these changes present This modern adaptation wedded with compelling daily affirmations provides the reader a potent avenue to reclaim his or her individual power and to connect intimately with his or her Divine purpose and path

Five Meditations on Death François Cheng, 2016-06-16 Philosophical discussions on the ways that death makes life meaningful and sacred Reveals how being conscious of death gives our fate its full meaning inviting the reader to contemplate life in the light of their own death Examines the author's experience of ancestor worship in his native China and the beliefs that underlie it Explains how death is a transition in a longer living process not visible from the modern black and white view of life and death Translated by award winning translator Jody Gladding Born from intimate discussions with friends these five meditations on death from poet philosopher François Cheng examine the multiple ways the prospect of death significantly shapes life and is in fact what makes life meaningful and sacred Written at the age of 84 in the twilight of life these meditations each approach the human understanding of death from different yet intertwined perspectives effortlessly returning to certain themes and ideas questioning them again more deeply with each passing The author shows that death is a transition in a longer living process not visible from the modern black and white view of life and death He examines his experience of ancestor worship in his native China and the beliefs that underlies it Our ancestors are alive in another form that what is living can never die and what is dead has never lived Cheng looks at the consequences of a world that has abandoned the sacred and avoids the mention of death a world now blindly staggering through the chaos it has created yet which can return to balance if we once again embrace the essential sacredness of life as well as death Throughout these five heart baring meditations Cheng invites us to contemplate life in the light of our own death He reveals that to be conscious of death gives our fate its full meaning

Our death is an integral part of our great adventure in becoming For if birth is a seed then death is the fruit the final sacred product of a life well lived **Nature, Reality, and the Sacred** Langdon Gilkey,1993 Two partial apprehensions of nature vied for dominance in the past century religious void of any influence from science and scientific unable to admit any reality beyond the empirical Both views have led to the exploitation of nature and the scientific may prove even more devastating The fault Gilkey argues lies not in the scientific knowledge of nature but in the assumed philosophy of science that accompanies most scientific and technological practice Scientific knowing needs to be critiqued and brought into relationship with other complementary ways of knowing *Choice and Change* Vincent O'Connell, April O'Connell, 1974 **Language and the Sacred in Canadian Poet bpNichol's The Martyrology** Susan Elizabeth Billingham, 2000 This work explores the circular relationship between notation and faith in bp Nichol's life long poem The Martyrology Pun and paradox the ability to believe simultaneously in apparently contradictory things lie at the heart of Nichol's writing which this work discusses This work proposes pataphysics as a useful category for understanding Nichol's poetics **Parapsychology, New Age, and the Occult** ,1993 **The Earth Changes Survival Handbook** Page Bryant, 1983 **The Hebrew Prophets** ,2011-04-04 Fresh translation and facing page annotations bring the compelling wisdom of the Hebrew prophets to life Hundreds of commentaries and dozens of Bible translations make the Hebrew prophets available to modern day readers but most often these sources focus on history or apologetics losing the reader who is searching for spiritual insight The Hebrew Prophets Selections Annotated Explained makes the wisdom of these timeless teachers available to readers with no previous knowledge of the prophets With fresh contemporary commentary Rami Shapiro reveals the central themes covered by all the prophets moving from ignorance to wisdom injustice to justice cruelty to compassion and despair to joy This unique look at the Hebrew Prophets sharpens the personal nature of their message and highlights their critique of the spiritual errors we all face in life challenging readers to correct those errors and experience a life of awakening and joy *A Sunday Reader* Aley Fox, 2015-04-07 Simple but captivating renditions of ever popular Bible stories are accompanied by 90 memorable black and white illustrations by distinguished Victorian artists such as Leighton Burne Jones Poynter Watts Hunt and other luminaries Faces of Your Soul Elise Dirlam Ching, Kaleo Ching, 2014-01-14 In Faces of Your Soul Elise Dirlam Ching and Kaleo Ching combine art and archetypes meditation and acupressure guided imagery journaling and many different creative processes in a collage of healing knowledge and wisdom The authors start by stressing the balance of complementary opposites left brain right brain challenge comfort practicality the sacred as crucial to beginning the journey Then through guided imagery they lead readers through subconscious realms to connect with archetypal sources of inner wisdom This process frees the creative and healing spirit connecting explorers with the body's instinctive intelligence which expresses itself through the creation of art Central to this process is a detailed description of maskmaking including how to work with a partner to mold each other's gauze mask balanced with self explorations of the inner experience of this event Poetry personal stories photographs and a

Reconstructing the Confucian Dao Joseph A. Adler, 2014-03-27 Zhu Xi the twelfth century architect of the neo Confucian canon declared Zhou Dunyi to be the first true sage since Mencius This was controversial as many of Zhu Xi's contemporaries were critical of Zhou Dunyi's Daoist leanings and other figures had clearly been more significant to the Song dynasty Confucian resurgence Why was Zhou Dunyi accorded such importance Joseph A Adler finds that the earlier thinker provided an underpinning for Zhu Xi's religious practice Zhou Dunyi's theory of the interpenetration of activity and stillness allowed Zhu Xi to proclaim that his own theory of mental and spiritual cultivation mirrored the fundamental principle immanent in the natural world This book revives Zhu Xi as a religious thinker challenging longstanding characterizations of him Readers will appreciate the inclusion of complete translations of Zhou Dunyi's major texts Zhu Xi's published commentaries and other primary source material
